Britain, France Decide On Treaty of Alliance

LONDON, (CP)—Great Britain and France Wednesday decided to conclude a treaty of alliance at the earliest possible moment, the foreign office announced after a momentous conference here between Premier Leon Blum of France, Prime Minister Attlee and Foreign Secretary Bevin.

The announcement said "it was recognized that the two countries, having been twice attacked by Germany in a period of 25 years, have an equal interest in protecting themselves against a fresh German menace."

"It was therefore agreed that in these circumstances a treaty of alliance should be concluded between them at the earliest possible moment within the framework of article 52 of the charter of the United Nations and with the object of preventing any further aggression by Germany and of preserving peace and security.

"The two governments were furthermore convinced that the conclusion of such a treaty would faciliate the settlement in a spirit of mutual understanding of all questions arising between the two countries."

During the Blum visit, the statement said, it was "recognized on both sides that it was in the interest of the two countries that effective steps should be taken to prevent the economic reconstruction of Germany, though necessary from many points of view, becoming once again a menace to the peace of the world."

The British Press association said that both the United States and Russia were informed before publication of the announcement from 10 Downing st.

The agency said the new Anglo-French alliance would follow those already existing between Britain and Russia and between France and Russia, and would provide for military aid in the event of a threat of aggression by Germany or any powers associated with Germany.

(Canada had no connection with the British-French agreement, official sources in Ottawa said. As a sovereign nation not directly connected with the pact, the dominion was not consulted in the preparatory stages).

By Charles Nichols

LONDON.—A ring of overwhelming power to encircle Germany and render that nation permanently incapable of waging war is envisaged in the plans announced Thursday for the conclusion of an Anglo-French treaty.

The pact, when concluded, will complete the triangle of European alliances binding all the great powers on the continent, two sides of which already are formed by the Franco-Russian and Anglo-Russian treaties.

As the negotiations between the cross-channel neighbors are authorized by United Nations charter permitting the formation of regional pacts designed to help preserve peace, both nations hope that news of them will not upset Russia. Care was taken to advise both United States and Russia of the treaty plans. That was diplomatic courtesy; but it was done also to assure Russia that the treaty was not the beginning of any "western bloc" which Moscow might construe as directed against her.

Some quarters said prospects of a renewal of the Anglo-French alliance as a corollary to France's alliance with the Soviet Union were greeted with relief in Paris where many people secretly feared France was being isolated from the west.

To Resume Parleys With Chinese Reds

NANKING, (AP) — The national government announced officially Thursday it "is going to resume negotiations with the Communists" and selected Gen. Chang Chih-chung, governor of Sinkiang province, to present its proposals to Communist headquarters at Yenan.

United States Ambassador Stuart, who is keeping in close touch with both factions, relayed the government's decision to the Communist representative here. Success of the plan to send an emissary to Yenan will depend upon the reaction of Communist leaders there.

Talmadge Seizes Governor's Office

ATLANTA, (AP)— Herman Talmadge commandeered the office of Ellis Arnall Thursday to bolster his claims for the governorship of Georgia.

Arnall's entry to the office was blocked by Benton Odom, secretary to Talmadge. Arnall set up temporary offices in the rotunda of the state capitol building and at the downtown Candler building.

Young Talmadge, elected by the legislature after his father, Eugene Talmadge, died 23 days before inauguration, said "as governor of Georgia I have taken complete charge of the executive offices at the state capitol."

Talmadge took over Arnall's inner office after aids had ordered the locks changed during the night. Uniformed police stood at the entrance and only news photographers and close political friends were allowed to enter.

After futile demands to gain entrance, Arnall declared:

"It is quite obvious I am denied access to my office. It is quite obvious Mr. Talmadge is afraid to see me face to face.

"Last night a perfect panzer movement was executed which resulted in the removal of the locks from these doors by a military force from the Talmadge organization ... A suit has been instituted in the courts of Georgia to sustain my position ...

"I hereby place on order all department heads ... and notify them that henceforth they act at their peril unless expressly under direction from Ellis Arnall."

Arnall said the attorney-general had ruled he should remain in office until his successor is duly qualified and ready to assume the office.

Washington Watches "Military" Situation

By Peter Inglis

WASHINGTON. — The United States government so far at least, is keeping its hands off the fantastic situation in Georgia.

Washington hopes the local courts will be able to settle the issue of whether Ellis Arnall, governor for the last term and prevented from seeking re-election by the state constitution, or Herman Talmadge, son of rabble-rousing Eugene Talmadge, should run the state for the next four years.

What worries Washington chiefly in the present Georgia "crisis" is the military side of it.

Both "governors" are in effect setting up their own armed forces—Talmadge by issuing an order "dissolving" the home guard headed by Col. R. W. Collins, an Arnall appointee, and naming his own man to head the national guard in the state; Arnall through his support of Col. Collins' refusal to be ousted.

This apparently lines up the national guard behind Talmadge and the state guard behind Arnall.

Both guards are armed forces comparable to the Canadian reserve army.

Washington is taking note of rumors that both guards are "mobilizing" but the government will take no action until such mobilization is actually proved. At that point the war department can be expected to move in with a bang.

This potential conflict of rival "armies" appears somewhat comic-opera at first glance, but in the present racial and class tension which is gripping the south it could conceivably have dangerous possibilities.

FRENCH QUADS BORN

PARIS, (Reuters)— Quadruplets were born Wednesday to Mme. Jeannemot at Rantechaux near Besancon, eastern France.

Canada Aims at Stimulating Private Trade With France

OTTAWA, (CP) — Signing of an agreement aimed at stimulating Canada's private export trade with France was announced Wednesday by Trade Minister MacKinnon.

The agreement provides that a portion of the unexpended remainder of Canada's $242,500,000 credit to France — hitherto earmarked for government purchases only — now may be used for private trade purposes.

The minister did not give the amount of the unexpended portion of the French loan, but he said it was "comparatively small." Unofficially, it was reported to be between $5,000,000 and $10,000,000.

Under the new system, Canada will grant import licenses to private French purchasers for some commodities, but for certain products the French mission in Canada will remain the only authorized purchasing agency.

These restricted products include steel and lumber, fertilizers, wheat and cereals, dairy products, linseed oil and all mechanical equipment required for public service or nationalized organizations.

French representatives later announced France hoped to be able to sell between $15,000,000 and $30,000,000 worth of goods to this country annually, compared with the pre-war $6,000,000.

For next year, French spokesman said, they hoped to be able to negotiate an enlargement of the present credit that has enabled them to buy goods worth $362,000,000 in Canada under the arrangement by which they get 70 percent on credit and pay the rest in cash. They could not say what size loan they hoped to obtain.

The Weather

Forecast: Overcast today and Friday, snowflurries this afternoon turning colder with continuous snow this evening and stopping early tomorrow morning. Winds west 15 m.p.h. increasing to northwest 30 this afternoon and decreasing to light tomorrow.

Mild air from the Pacific continued to bring moderating temperatures across the prairies Thursday. It was thawing throughout central and southern Alberta and temperatures in Saskatchewan have climbed as much as 40 degrees since Wednesday night to reach 20 to 30 above Thursday morning.

However the respite from winter will be short. Cold air that has been piling up in the Mackenzie valley for the last few days now is sweeping southward accompanied by snow and strong north winds. By midnight Friday this Arctic air will cover all of Saskatchewan and Alberta with temperatures once again down below zero. Snow will be general over the district but the heaviest falls are expected to occur Friday afternoon and evening along the foothills in southern Alberta.

Estimated low tonight, 10 below.

Estimated high tomorrow, 10 above.

At Edmonton Friday, sun rises 8:42; sets 4:47.

Yesterday's maximum, 29 above.
Overnight low, 19 above.
Snowfall, .1 of an inch.

Frederick Poland Freed in Spy Trial

OTTAWA, (CP)—Frederick William Poland, 37-year-old R.C.A.F. squadron leader, Thursday was acquitted of a charge of communicating confidential information to Russia, in a judgment handed down by County Court Judge McDougall in Canada's 15th spy trial.

Judge McDougall said he found that Poland, Illinois-born son of an Anglican clergyman and a newspaperman by profession, had satisfactorily discharged the onus placed on him by the charge.

A second charge against Poland under the Official Secrets act, was adjourned until March 16.

Ford Firm in U.S. Cuts Auto Prices

DETROIT, (AP)—The Ford Motor company reduced automobile prices Wednesday and touched off immediately speculation in trade circles as to whether the action would be followed by its competitors in the low-priced field.

The competitors—General Motors for Chevrolet and Chrysler for Plymouth—withheld comment.

The cuts, ranging from $15 to $50 on the company's Ford models only, were the first to be announced by any automobile manufacturer since the war. They were made in the face of repeated statements elsewhere in the industry that prices probably would go still higher before they could be reduced. The Ford announcement said the company hoped to reduce prices further.

Youthful Henry Ford II, 29-year-old president of the Ford company, in announcing the reductions said they were designed as the "shock treatment" needed to "halt the insane spiral of mounting costs and rising prices and to restore a sound base for the hopeful period of post-war production we are now entering."

Officials of the United Automobile Workers' Union (C.I.O.), who have announced plans for a wage increase drive aimed at hourly raises of 23½ cents throughout the industry, generally deferred comment.

By Peter Inglis

WASHINGTON.—Government officials seemed jubilant Thursday over the action of the Ford Motor company in reducing prices on its current models.

Edwin G. Nourse, chairman of President Truman's council of economic advisers, called it "a crucial contribution" to the maintenance of high production and employment. Others said it was an encouraging start in the general price reductions for which Mr. Truman has appealed to industry.

But some observers thought the Ford price cut might be a symptom of a changing automobile sales situation.

Last summer automobile dealers had a long waiting list of people wanting new cars as soon as they were available. But today that demand appears to be drying up—and increased prices are largely blamed.

British Troops Unload Meat Tied Up by London Truck Strike

British troops unload meat from a truck at a London depot as food supplies were hit by the city's union-opposed truckers' strike, which was reported to have been settled Thursday, its 11th day. The Labor government used 8,000 troops and sailors to move strike-bound food to hungry Londoners in the past few days. A number of sympathy strikes in London and other parts of the country followed the use of troops in moving the supplies.

Report Truckers' Strike Settled, Men to Resume Work on Saturday

LONDON, (CP) — A meeting of delegates, representing London truck drivers whose strike involves more than 50,000 men, broke up after 40 minutes Thursday and the first strikers to emerge from the hall announced "we are going back to work Saturday morning."

Later, heads of the Transport and General Workers' union announced that the 11-day-old strike had ended and the strikers would return to work Saturday.

Unofficially, it was understood the strikers' demands for a 44-hour week, eight-hour day and payment of overtime for shifts exceeding eight hours had been granted by the Road Haulage association, representing the employers.

The vote to return to work was almost unanimous, informed sources reported.

More than 100 ships were tied up in the port of London by the strike of 20,000 dockers and stevedores who walked out in a protest against use of troops to move food supplies to markets.

All along the Thames ships lay at anchor with their cargoes half unloaded.

Ask Austrian View On Own Peace Pact

LONDON, (AP) — Deputies of the four-power foreign ministers decided Thursday to invite the Austrian government to give its views on a treaty re-establishing Austria as an independent country. The action was taken soon after Yugoslavia laid claim to 1,000 square miles of Austrian territory.

The representatives of Great Britain, the United States, Russia and France were making unexpectedly swift progress, laying groundwork for the Moscow meeting of their superiors. A draft German peace treaty also is to be prepared.

Auriol Is Elected French President

PARIS, (AP) — Vincent Auriol was elected president of France Thursday.

The veteran Socialist leader was elected president of the fourth French republic when an unofficial count gave him 452 votes with 242 going to the Mouvement Republicain Populaire candidate, Augusts Champetier de Ribes. Jules Gasser of the Radical Socialists received 122 votes and Michel Clemenceau, son of the old Tiger of France representing the party of Republican Liberty, 60.

The Communists did not advance a candidate, but supported Auriol.

It was the second honor in two days for Auriol, 62, long known as a peacemaker in French politics. He was chosen Tuesday as president of the national assembly.

Calgary C.C.F. Opposes Board

CALGARY, (CP)— In a stormy meeting at which cries of "dictatorship" were heard, the Calgary branch of the C.C.F. voted 160 to 142 Wednesday night to reject a proposed "non-partisan" slate of officers submitted by the party's provincial board.

The provincial board has been in control in Calgary since taking over from the local executive last October following a dispute over the question of entering civic politics.

J. E. Cook of Calmar, provincial president, who was chairman, said a further meeting of the board will be called immediately.

Elmer Roper, C.C.F. house leader, said:

"If I am to remain spokesman for this organization I shall insist that the board act immediately to have the Calgary situation dealt with and taken out of their hands."

Before the vote Mr. Cook said:

'Failure to approve the board's proposals will be interpreted as a request that the board withdraw from further direct participation in the affairs of the Calgary C.C.F."

Waterton Claims 618 M.P.H. Record

LONDON, (AP) — A former R.A.F. squadron leader, W. A. Waterton, claimed a world speed record of 618.4 miles an hour in a flight Thursday from Paris to London. His elapsed time was 20 minutes, 11 seconds for the 208 statute miles.

Piloting the R.A.F. Gloster Meteor which made the previous world record of 616 miles an hour last September, he flew at about 10,000 feet.

Waterton now is a test pilot for the Gloster aircraft company.

Waterton was born in Edmonton, son of Maj. and Mrs. W. A. Waterton. The family resided in Camrose, where Maj. Waterton was chief of police, for many years.

HEADS U.F.W.A.

CALGARY.— Mrs. M. E. Lowe of St Albert was unanimously re-elected president of the United Farm Women of Alberta at the convention session Thursday. It will be her second term.

City Man, Five Others Die In Yukon Airplane Crash

RAY OTHEN PORTER

Five air force men and one Edmonton civilian were killed Wednesday afternoon when an R.C.A.F. Beechcraft crashed on Marsh lake, about 25 miles south of Whitehorse. Cause of the crash was unknown Thursday when North West Air Command headquarters in Edmonton released names of the victims after next of kin had been notified.

Report received in Edmonton said a resident near Marsh lake, a man named Martell, heard the plane "flying low and it seemed to be in difficulty." The plane was returning to its base at Whitehorse from a flight 100 miles southeast to Teslin, here men aboard the aircraft had been investigating a fire.

The Edmonton victim was Ray Othen Porter, 35, son of Mr. and Mrs. T. J. W. Porter, 11039 84 Ave. Former flight engineer with the R.C.A.F., he went to Whitehorse last August to work as a civilian engineer. Before enlistment he was employed at the aircraft repair plant here and had attended University of Alberta.

Others killed were:

Sqdn. Ldr. Robert Andrew Bucham, D.F.C., formerly of Vancouver, who was commanding officer of the R.C.A.F. station at Whitehorse. His wife lives in Whitehorse.

Flt. Lt. Robert L. Curtin, pilot. Wife at Whitehorse.

F.O. Alfred Henry Hartivikson, works and buildings officer. Wife at Whitehorse.

Flt. Sgt. Joe Milner, N.C.O. in charge of fire fighting service. Wife at Whitehorse.

LAC. Charles Curtis Brooking, aero-engine mechanic. Mother, Mrs. Sidney Brooking, of Trehern, Man.

Marsh lake is almost on the flight track between Teslin and Whitehorse and it is believed the crash may have occurred when a landing was attempted on the frozen lake surface.

Wing. Cmdr. J. D. Somerville, senior air staff officer at North West Air Command, and two other officers left Edmonton early Thursday to fly to the scene of the crash. They will make the official investigation.

Sqdn. Ldr. Bucham, the Whitehorse commanding officer, was one of Canada's well-known fighter pilots in the Second Great War. He was a former commanding officer of the famous Canadian Spitfire fighter unit known as 403 Wolf Squadron. He took part in many operational flights overseas.

FRANCE WON'T GET COAL

LONDON, (AP)—A high government source said Wednesday Britain had told French Premier Leon Blum there was no coal available for France either from British mines or from output in the Ruhr.

U.F.A. Names Wood As Vice-President

By T. A. Mansell

CALGARY.—A. B. Wood, of Dewberry, was elected vice-president of the United Farmers of Alberta at the annual convention Wednesday afternoon. He defeated Paul L. Farnalls of Halkirk.

Prominent in U.F.A. work for many years, Mr. Wood has been director for the Battle River district. For the past year he also was a member of the executive.

'Free Palestine' Chief Beats Ban; Spends Night in Britain in Cell

By Frank Swanson

LONDON.— Prof. Johan Smertenko, vice-president of the American League for a Free Palestine, the man the British home office said must not enter this country, literally talked his way into England Wednesday.

He landed at Croydon airport in a small converted German warplane with the intention of defying the home office ban, and then talked and talked and talked until it was too late for his pilot to take off on the return to Paris.

The ban on the professor was imposed following anti-British statements he made in London last month, when he spoke of "a reign of terror" in Palestine and admitted his organization's support of resistance groups and financial assistance to illegal immigrants.

For nearly three hours after his arrival, the professor was on the telephone. He talked to his lawyer, his office in the west end, the American embassy, to friends, and then when he was finished he started all over again.

In the end, when darkness closed in and the professor had theoretically beaten the ban, he was taken smilingly to nearby Wallington police station where he spent the night in the comparitive comfort of the best cell, resting up for the return trip early Thursday.

After a night's sleep, the professor considered he won his point and said he would return willingly—but the British home office considered they had won theirs too. They had rid themselves, and the nation, of one of the best-hated men to set foot on British soil for many a day.

Claim Soviet Agents Were Given Sample of New Atomic Explosive

LONDON, (AP)—The Daily Express said Thursday that United States scientists were producing a new secret atomic explosive—Uranium 233—from thorium and asserted that samples of the new substance had been turned over to Russia by Dr. Alan Nunn May.

Dr. May, a British scientist, was sentenced last May 1 to 10 years in prison for giving atom secrets to unidentified persons.

The story by Chapman Pincher, scientific writer of the Express, said Uranium 233 was bringing the cost of the atomic bomb "far below" that of the bombs used on Japan and in the Bikini tests.

Pincher's story said:

"It can now be revealed that Dr. Alan Nunn May, the atomic scientist convicted of official secrets offences last year, gave a sample of this top secret material to Russian agents in Canada.

"It was probably, therefore, to Uranium 233 that Sir Hartley Shawcross, the attorney general, referred at the Old Bailey when he said that Dr. May's statement contained symbols so highly secret that they could not be read in (the British) court.

"According to official Canadian documents, Dr. May got his sample of the explosive from the Canadian research station near Montreal where he worked during the war.

The Russian agents considered it so important that they flew the sample to Moscow at once.

Pincher said no bombs yet have been made from Uranium 233 but that "full manufacturing details have been worked out in America as a defence measure."

Blazes Sweep Ten Premises

Damage estimated at between $120,000 and $140,000 was caused Wednesday when fires destroyed or damaged eight business places, a house and a Roman Catholic church in two Alberta towns: Legal, about 30 miles north of Edmonton, and Rocky Mountain House, about 115 miles southwest.

DESTROYED

At Legal

A. Boisvert's general store and house.
W. Boisvert's implement shop.
Roman Catholic church.

At Rocky Mountain House

I.O.O.F. hall.
F. Strause's plumbing shop.
J. Yeatman's barber shop and poolroom.
M. Wolkov's office and fur warehouse.

The Legal blaze, which started in the implement shop, first was noticed about 11:00 p.m., Wednesday while the Rocky Mountain House fire, which started in the chimney of the I.O.O.F. hall, broke out at midnight Tuesday and raged during the early hours of Wednesday. The damage at Legal was estimated at between $80,000 and $100,000. At Rocky Mountain House the loss was estimated at about $40,000.

One man, Frank Schiebnig, of Rocky Mountain House, suffered cuts, bruises and minor burns as he attempted to save the I.O.O.F. lodge records. He fell through the upper floor of the lodge about 12 feet to the plumbing shop. His hands were burned as he grabbed a hot iron railing in an attempt to prevent his fall.

The Legal fire was one of the worst in the history of the town. It lasted about three hours. The alarm was turned in when some of the residents saw flames and smoke pouring from W. Boisvert's farm implement shop. A general alarm was sounded and firefighters under the direction of Fire Chief L. Bergevin responded. The flames soon spread to the general store and the home of A. Boisvert, a brother of the farm implement shop owner. The general store and house were located east of the implement shop.

The flames reached their peak before midnight and sparks flew across the street, setting fire to the roof of the church. Despite efforts of the firefighters to douse the sparks the church soon was ablaze.

Canada Cutting Armed Forces To 75% of Planned Strength

By Richard Sanburn

OTTAWA. — Strength of Canada's armed forces is going to be cut to 75 percent of the comparatively modest size set for them last year, it was announced Thursday by Defence Minister Brooke Claxton.

The army, instead of numbering 25,000 will be held to about 18,750; the navy instead of 10,000 will be allowed only 7,500; and the air force, which was allotted 16,100 last year, will be cut to 12,075. Over-all strength in the three services will be cut from 51,000 to about 38,000.

Futher, it was revealed by Mr. Claxton, the services will take on no "character" in 1947. There will be no definite decision as to what kind of a defence force the dominion will have.

The reason given was that it would be "undesirable" to settle the character of the defence forces now because there was so much uncertainty about the kinds of weapons that would be used in any future war; the United Nations had not decided on what it wanted from Canada; disarmament was being talked; and the international situation was unsettled.

Essence of the current "plan" reverts to the old "framework" idea for all forces, organizing what amounts to skeleton administrative and field units "capable of being

(Continued on Page 2, Col. 4)

City Man Aboard Stricken Freighter

VANCOUVER, (CP)—Aboard the Canadian freighter Tecumseh Park, now battling a North Atlantic storm 800 miles east of Halifax, are seamen from eastern and western ports and from prairie cities.

The crew of 41 includes Messman Steve Takaruk, Edmonton.

"The ship is not breaking up," Said A. L. Palmer, transport company manager. "We feel no anxiety for the crew."

Oppose Opening Of Grain Exchange

By T. A. Mansell

CALGARY.—Strong opposition to reopening the Winnipeg grain exchange was voiced in a resolution adopted unanimously by the U.F.A. convention here Thursday.

The delegates passed a resolution asking that the federal government increase the domestic price of wheat from $1.25 to $1.55 per bushel. It said wheat growers had suffered an unjust loss of income through the dominion government's present policy.

The resolution also asked for "a compensating adjustment in the price of all wheat entering domestic consumption since the price control policy was instituted." The resolution was submitted by the U.F.A. board.

Another resolution adopted expressed favor for a bonus of $5 per acre for barley "instead of the present 15-cent differential per bushel."

Delegates approved a resolution asking that the Canadian Wheat board collect the export price for wheat sold to Canadian millers.

Delegates adopted a resolution from the North Peace River District association which asked that grain being used in the manufacture of liquor and beer be sent to the hungry people of Europe.

Premier of N.S. Joins Tax Talks

By John Bird

OTTAWA. — Big news of Thursday's dominion-provincial tax talks was that Premier Macdonald of Nova Scotia had flown to Ottawa from Nassau, Bahamas, and would take part in discussions with the dominion.

"I'll be seeing some of the officials and see what the dominion has got to offer now", Mr. Macdonald said.

OTTAWA, (CP) — Current dominion-provincial taxation discussions are aimed not only at satisfying New Brunswick, Saskatchewan and Manitoba, but also any other province which later may enter into tax negotiations with federal authorities, it was learned Thursday.

A source in close touch with the discussions said the objective of agreements with all nine provinces now was being kept in mind in efforts to equalize the $15 per capita subsidies offered New Brunswick, Saskatchewan and Manitoba with the $21 per capita subsidies offered British Columbia and Prince Edward Island.

Mrs. Evelyn Dick Awaiting Decision

HAMILTON, (CP) — Pale, growing fat and no longer a glamor-girl, Mrs. Evelyn Dick waited Thursday in her solitary-confinement cell for a decision in her appeal against conviction as the torso-killer of her husband. It was expected the decision might be announced during the day.

OFFICE FOR RENT, CHECK WANT ADS

Office space seems to be at a premium these days. Listed for rent under Want Ad heading number 79 is a private office with stenographic services available. Office is in a central location.

Looking for something modern in used furniture? See heading 30-A under which is listed for sale a 5-piece sectional living room set in excellent condition.

If you have old gold in any form, you can sell it to an advertiser listed under heading 31. He will purchase gold, teeth, rings, coins, watch cases, etc.

Read over today's Classified Section? The very opportunity you have been waiting for may be listed there tonight. For prompt service please order your want ad for insertion in the joint newspaper at the temporary joint rate of five cents per word per day. Deadline: 11:00 a.m. at either newspaper office for insertion the following day.

U.F.A. Postpones Decision On Strike Action Question

CALGARY.—The thorny issue of direct or strike action showed sharply conflicting views when this was debated for more than two hours at the annual convention of the United Farmers of Alberta here Wednesday afternoon.

Finally, a decision on the contentious question was postponed owing to other business on the agenda. Action on a redrafted resolution is expected Thursday.

Before grappling with the strike policy, the convention adopted a resolution asking that the contact committee be continued. This committee has been working with similar committees from the Alberta Federation of Agriculture and the Alberta Farmers' Union on the possibility of merging all three bodies under the name of the A.F.A. and had submitted a draft constitution. The A.F.U. convention at Emonton last week rejected this plan.

Discussion on strike action began when the convention took up the following resolution from Haultain local: "Resolved that we favor direct action but that no direct strike action be taken unless a vote of the entire membership of the bona fide farmers of the A.F.A. is favorable to such strike action, thus ensuring unity among Alberta's organized farm bodies.

Redrafted Resolution

Another resolution from Poplar Ridge local asked that "complete amalgamation with the A.F.U. encompassing direct action be taken by the U.F.A. convention."

After taking up a substitute resolution and making various amendments, the convention had before it the following derafted resolution:

"Be it resolved that we recognize the right of Canadian farmers to withhold their product from the market if and when circumstances warrant such action. Be it "resolved that no direct strike action be taken unless a vote of the entire membership of the bonafide organized farmers of Alberta is favorable by three-fourths majority (of those voting) to such strike action, and be it further resolved that no strike action be taken until after full consultation with the Canadian Federation of Agriculture and until every effort to secure desired results by negotiation has failed."

This is the resolution which will be discussed when the convention again debates the question.

Ask Executive Power

During the debate, speakers stressed the need of giving the U.F.A. board or executive power to act if faced with another emergency and a possible farm strike such as that called by the A.F.U. last fall.

Several delegates emphasized that a strike should be only a last resort, others challenged the value of strike action, claiming that much more could be accomplished through negotiation.

One delegate warned that if the redrafted resolution is adopted, there will be a farm strike sooner than many expected, in view of the attitude of the A.F.U.

A. Baker, Burton Lake, said: "We are not in favor of strikes but at times it seems there is no alternative. It is strike or capitulate."

I. V. Macklin, Grande Prairie, said: "I believe in co-operation, negotiation and farm unity. In the last resort, let us show our teeth and have some teeth to show."

Urges Negotiations

Delegate J. Cameron said he did not believe the U.F.A. favored farm strikes as a general policy but if negotiations fell down it could fall back on the war method. "Let us continue to negotiate our difficulties with our fellow men," he said.

Another speaker said members of the U.F.A. local in his district were in sympathy with the A.F.U. strike but they had no authority from the U.F.A. board to act. Nevertheless, practically no cream or grain had been delivered during the strike.

Donald Macleod, Lake Isle, felt it would be disastrous if farmers became involved in another strike and there was no machinery to ascertain the views of members of the U.F.A.

After the redrafted resolution had been submitted, a delegate said the farmers should be in a position to strike if necessary.

Sees No Benefit

"Show me how any farmer can benefit from a strike," said another speaker. "It is a weapon of the wage-earner who may bring close the employer's plant. The farmer cannot stop production. If he does, he destroys his enterprise."

"We should make our requests in a civil way to the dominion government and not threaten strikes," said another.

George N. Johnston, of Coronation, former Speaker of the legislature for the U.F.A. government, said adoption of the redrafted resolution would mean a radical change in U.F.A. policy. It would be an endorsement of direct action, which was something the U.F.A. had hitherto opposed. He was opposed to such a change on principle.

"I don't believe a strike of farm producers ever was justified," he said. "One effect is to lose the markets for every product withheld. It undoes work in foreign countries to introduce our products. Let us not exchange law and order for force and intimidation."

Woman Urges Fight

Another delegate said 30,000 farmers in the A.F.U. believed differently. "If we fail to pass this mild resolution, there is no hope of getting these two farm organizations together," he said.

A woman delegate said pleas and negotiations had failed to stop many things including higher prices forced on the people in the last 25 years. "I don't believe in strike action but let us be prepared and fight fire with fire," she said.

"Unless the whole province is with us, we won't get anywhere by strike action," said another speaker.

R. Hennig, Clover Bar, said he was not in favor of strike action but it was a legal weapon which might have to be used. He would like to see all farmers consulted.

J. E. Cook, Calmar, who also is provincial president of the C.C.F., said there was a type of strike which could be used on election day. People needed to examine governments and go on strike with ballots when they had the chance.

LEARN
Commercial
Radio Operating

This certificate in Commercial Radio Operating is a desirable qualification for men wishing to become employed in AVIATION-RADIO, COMMERCIAL RADIO OPERATING, and some other important positions in Radio Communications.

Applications for homestudy training in Commercial Radio Operating will be accepted from a limited number of men. Full particulars will be given upon request. Please write to

FAMILY FINDS BEST WAY TO GET VEGETABLES!

"My daughter Denise learned in her Home Economics Course that everyone needs lots of vegetables for health", says Mrs. E. C. Pears. "We eat them fresh from the garden in Summer. And all during the cold months I serve *Aylmer* Vegetable Soup nearly every day—for the 9 *garden-fresh* vegetables in *Aylmer* add good nutrition to meals."

Yes, mothers everywhere find families thrive on the nourishing vegetable goodness of *Aylmer* Vegetable Soup. So serve it often—and your family will say: "*Aylmer* is the delicious way to get needed vegetables every day."

Why AYLMER Means Better Eating

Vegetables grown from tested *Aylmer* seeds in farming areas across Canada where the soil is most fertile have higher nutritive values—*taste better*, too. And *Aylmer* supervision, from seedtime to harvest, brings you the "garden-fresh" flavor of vegetables picked at their peak of perfection—in *Aylmer* Vegetable Soup.

Try this recipe for AYLMER Supper Pot

- 2 cups short-length macaroni
- 1 can Aylmer Vegetable Soup
- 1 can of water
- 1 cup grated, nippy cheese

Cook macaroni in boiling salted water until tender (allow 1 tsp. of salt to each quart of water); drain, rinse and drain. Add Aylmer Vegetable Soup and can of water. Heat thoroughly in double boiler, then stir in cheese.

Recommend Liquor Remain 'Weakened'

MONTREAL, (CP) — Weakend wartime liquor will continue to be the fare of Canada's drinking public if a recommendation adopted Wednesday by the Canadian Association of Provincial Liquor Commissioners is approved by the eight "wet" provinces.

At the conclusion session of a conference of chairmen of provincial liquor control boards and commissions, it was recommended that the strength of spirits be maintained at the 30 underproof, or 40 percent alcoholic content, which has been in effect since the federal government passed the wartime alcoholic beverages order in 1942.

Speaking for the seven other members, J. A. King, chairman of the Alberta liquor control board, emphasized that the association is not a policy-setting body.

"We can only go back with recommendations to our respective governments and then it is up to them whether they will put them into effect," ht explained. "But, speaking for all of us I can definitely say that we were unanimous in resolving not to change the present strength of liquor."

The strength of most liquor befort the 1942 federal order was 24.75 underproof, equivalent to 42.8 percent alcoholic content. The wartime alcoholic beverages order came into effect Nov. 1, 1942.

Canada Reduces Forces' Strength

(Continued from Page 1)

expanded or developed to meet all possible changing circumstances."

Recruiting Stopped

In line with the new policy of cutting down the size of the peacetime forces, both the navy and air force have stopped recruiting, except for specialists, and the army will carry on "for the time-being."

Basis of the whole new policy was summed up in these words: "changing circumstances in the world make this a difficult year to plan what should be done. The whole situation is under continuous review so as to secure the greatest possible security for the Canadian people at the lowest possible cost."

Except for a few jet aircraft for training purposes, there will be no new and modern equipment provided.

There is doubt Canada will take delivery on its second aircraft carrier.

Cut Reserve Training

Training for reserve forces in all three services will be considerably less than anticipated.

There are no plans for strengthening Canada in submarines, regarded as one of the major weapons of any foreseeable war. Canada has only one submarine, borrowed from the Royal Navy.

There is no change in the "paper plan" for training Canada's army brigade group as an air landing force, but the intimation is that activity in this line will be strictly of a token nature.

The decision to hold the permanent active forces to 75 percent does not apply to the reserve forces. Targets for reserve forces for 1947, roughly, are 50,000 army, 6,000 navy and 10,000 air force.

Mr. Claxton gave navy strength as 8,481 as compared with an objective of 10,000; army strength as 21,475 compared with 25,000 and R.C.A.F. strength as 12,949 compared with 16,100, the Canadian Press reported.

Mr. Claxton also said:

1. Repatriation and demobilization "were completed much more rapidly than had been anticipated."

Reduce Estimates

2. There will be a "substantial reduction" in defence estimates this year.
3. There are less than 9,000 yet to be released from the forces. The majority will be out by March 31, and all by Sept. 30.
4. It is intended to amalgamate civil service personnel for the three services into one staff at defence headquarters.
5. Consolidation of several directorates of the three services is under consideration.
6. There is practically no Canadian war material left in Europe.
7. The forces are postponing all new construction "not absolutely essential."

Details Reductions

He disclosed the navy's peak strength of 92,880 had been slimmed by 84,399; the army's peak of 481,500 by 460,027; and the R.C.A.F.'s top of 206,350 by 193,401.

Similarly, expenditures had declined. The navy had spent $241,000,000 in the fiscal year 1945-46, $67,000,000 for 1946-47, a reduction of $174,000,000. The army had dropped from $848,000,000 to $283,000,000, a cut of $565,000,000. The R.C.A.F had gone down from $524,000,000 to $90,000,000, a drop of $434,000,000 Totals were $1,613,000,000 for 1945-46 and $440,000,000 for the current fiscal year, a cut of $1,173,000,000.

Acid Stomach
Helped in 15 Minutes

Don't suffer from gas, bloating, belching, bad breath, heartburn, sour stomach, disturbed sleep and indigestion, caused by excess stomach acids. Take Diotex which contains no soda, but is 4 times stronger than soda in neutralizing excess acids. Contains helpful ingredients in tablet form that act 4 ways to combat indigestion: 1. Neutralise excess acids; 2. Dispel gas; 3. Help digest meat, starch, sugar and vegetables; and 4. Stimulate healthy bowel action. Get Diotex from your druggist under satisfaction or money back agreement. See how easy it is to eat all you like and enjoy stomach comfort.

Diotex

Princess, Philip 'Quite Friendly'

LONDON, (AP)—One of Britain's best-informed officials admitted without qualification Thursday that Princess Elizabeth and Prince Philip of Greece are "quite friendly."

It was the first official admission that Philip and the Princess have much more than a nodding acquaintance.

The official imparted his information with a sly smile and a faint emphasis on "quite."

He had been asked if the government had given any consideration to the Sunday Pictorial's public opinion poll on the desirability of the marriage. Forty percent of those writing to the newspaper opposed the union, chiefly because of Philip's connection with Greece. Another five percent said the princess should give up her right to the throne if she married him.

The official said the poll had not been mentioned officially because, officially, there is no engagement. When and if things reach the right stage, he said, the cabinet could be expected to take its own soundings of public opinion by setting up a full-dress debate on the subject in the commons.

Loss Is $120,000 In District Fires

(Continued from Page 1)

Many of the residents attempted to save the pews from the church which had a seating capacity of about 900 persons. Most of the pews were broken as they were dumped outside the structure.

A. Boisvert was in his home with his wife and four children when the fire started. They collected a few personal belongings and escaped unharmed before the flames reached the dwelling.

Loss Tabulated

A. Boisvert's loss was estimated at about $40,000 W. Boisvert's loss, including about $10,000 worth of farm machinery was said to be about $15,000, and the church loss was about $35,000.

Residents of the district attempted to curb the flames with water taken from nearby wells and also with fire extinguishers but heat from the flames kept them quite a distance away. They managed to save the home of C. Boisvert, a nephew of A. Boisvert, which was located east of the burned buildings.

The alarm in the Rocky Mountain House fire was given by J. Newsham. He was in the Melton hotel across from the I.O.O.F. hall when he first saw the flames.

Newspaper Plant Damaged

In addition to the places destroyed at Rocky Mountain House, two other places, the Mountaineer newspaper plant and Rusnak's cleaning plant, were damaged.

Books and some tools were salvaged from the plumbing shop. Mr. Strause estimated his loss at more than $7,500, part of this being $1,500 worth of new stock unloaded Tuesday and included three new bath tubs.

A building south of the I.O.O.F. hall, owned by J. Yeatman, also was a total loss. This building housed the barber shop and poolroom and the offices and storehouse of M. Wolkove, fur buyer. Only one chair in the barber shop was saved. Two pool tables were lost.

Only the strenuous efforts of volunteer firefighters saved the newspaper building to the north of the hall. There was considerable loss of paper stock, type, tools and machines in the newspaper office.

Building housing the cleaning shop and Mr. Rusnak's living quarters south of the Yeatman's was further away and was not seriously damaged. Rusnak suffered considerable loss in equipment, stock and furniture.

The I.O.O.F. building was one of the oldest in town. It was formerly a C.N.R. warehouse in the construcion days of the railway and was moved half a mile into town 32 years ago. The Yeatman building was also a landmark, having been built 25 years ago.

Firemen worked in 30 below zero weather for two hours.

Fire is believed to have started in the chimney of the I.O.O.F. hall.

All places are reported partly covered by insurance.

TONIGHT
HEAR
Rev. Otto Samuel
A JEWISH REFUGEE FROM GERMANY
THURSDAY, 8:00 p.m.

He will speak in the Lecture Hall of the FIRST PRESBYTERIAN CHURCH, 105 Street. His topic will be:

"My Experiences in the Concentration Camp in Lachsenhausen, Berlin"

Mr. Samuel also brings beautiful violin selections.

This meeting is open to all races and creeds. You are welcome.

Pravda Says Bevin Repudiates Treaty

By Eddy Gilmore

MOSCOW, (AP)—A commentator in Pravda, Communist party organ, in one of the most outspoken declarations on British-Soviet relations since the war, flatly accused foreign Secretary Bevin Wednesday of repudiating the Anglo-Soviet treaty of alliance of 1942.

The commentator, signing merely the initials "N.M.," reminded Pravda's readers that Bevin in a speech Dec. 22 had declared Britain "does not tie herself to anybody," asked if he had forgotten the treaty of alliance and asserted that his proposal to extend the 20-year treaty to 50 years was not meant seriously.

(A foreign office spokesman in London said the commentator had taken out of its context the statement that Britain "does not tie herself to anybody.")

While the Pravda article was an assault on Bevin and the foreign policy of the Labor government, it appeared in truth to be a definite bid for strengthening the mutual aid pact.

Soviet writers from time to time have accused the Labor government of following the foreign policy of Winston Churchill but never before of repudiating a treaty.

N[illegible] Winnipeg Man To Post [illegible] London

OTTAWA, (CP)—The civil service commission announced Thursday John Peter Sigvaldason, 43, of Winnipeg has been declared the successful candidate in a dominion-wide competitive examination for the post of assistant secretary in the office of the Canadian high commissioner in London.

He was chief administrative officer with the Manitoba department of education.

FIRST PLANE FLOWN IN CANADA

BEGINNING OF WORLD WAR ONE

SIR OLIVER MOWAT,
Prime Minister and Attorney General of Ontario, 1872 to 1896. First President of The Imperial Life.

"Yes ... Sir Oliver! THERE WAS ROOM"

"The projectors of The Imperial Life thought, in view of the great amount of life insurance business done and to be done in the future, that there was room for another Canadian Life Insurance Company."

Sir Oliver Mowat, at the First Annual Meeting of The Imperial Life, 1898.

IMPERIAL LIFE policyholders will smile at Sir Oliver's understatement. "Room for another Life Insurance Company" there certainly proved to be, as evidenced by The Imperial Life's position today. There is in force in the Company at the present time 1⅓ times as much insurance as there was in the whole of Canada with all companies at the time he spoke!

This year The Imperial Life Assurance Company will complete fifty years of business operations. The fiftieth Annual Report now being presented to policyholders and shareholders reveals a new peak in service and growth. Investments in Imperial Life policies by the public reached an all-time high, both in *numbers* of policies, and total amount purchased. The development of the Company over the past half-century is shown by the following comparison:

	End of Year 1906	End of Year 1926	End of Year 1946
Benefits Disbursed	$ 103,000	$ 3,236,000	$ 7,396,000
Assets to meet obligations to policyholders	3,332,000	40,124,000	137,567,000
Premiums and Interest in year	855,000	10,041,000	19,502,000
Insurance Purchased in year	2,930,000	37,110,000	60,786,000
Total Insurance In Force	19,254,000	218,230,000	437,339,000

Apologize to Churchill; Allegations Withdrawn

LONDON, (AP)—A published allegation that Winston Chuchill's policies in Greece were influenced by his having been "bailed out of bankruptcy by British bankers with Greek interests" was with drawn in open court Wednesday when it was announced that Churchill's libel suit against the author and publisher of the book, "Dinner at the White House," has been settled.

Counsel G. O. Slade said in the King's bench division that the author, Louis Adamic, and the publisher, Harper and Brothers, agreed to pay "substantial damages" to the wartime prime minister, and both admitted without qualification that the statement was unfounded. Both publisher and author apologized for the statement, counsel said.

Churchill's suit was based on a single footnote in the book, quoted in court as follows:

"As Drew Pearson revealed in one of his columns early in 1945, the motives for the British policy in Greece were at least partly linked to the fact that Hambros bank, of London, the chief British creditors of Greece (getting up to 17 percent on their loans which the leftist or E.A.M. Greeks wished to scale down to five percent) had bailed Winston Churchill out of bankruptcy in 1912."

Slade told the court:

"A grosser libel upon a public man holding the high position which Mr. Churchill held is difficult to conceive and there is not one word of truth behind it.

"Mr. Churchill was never on the verge of bankruptcy. He never had any financial assistance from or any financial dealings with Hambros or the Hambros bank.

"But the reflections made upon his solvency are as nothing to the suggestion that, in his capacity of prime minister, he had allowed his private feelings and his private interests to sway and influence the policy and conduct of public affairs by the government of which he was the head, and especially in regard to operations of war, in which so much blood was shed."

Slade said copies of the book were sent by an undisclosed agency to persons prominent in British life, with the apparent intention of injuring the reputations of Churchill and the British government. He said the footnote appeared to have been inserted by the author without the knowledge of Harper and Brothers after the firm had approved the book's proofs.

Supply of Salmon Best Since 1939

OTTAWA, (CP)—Even if connoisseurs of canned salmon can't always get enough of it, more of that British Columbia specialty is going to Canadians now than at any time in the last six years.

Twenty-four million pounds has been flowing eastward from west coast canneries in the last few months, and, though it may seem scarce on the grocery shelves, it actually is appearing in its greatest abundance since 1939.

So when word got around last week that a can of salmon couldn't be found for the Canadian exhibit for the Australian Royal Easter show, government officials were understandably puzzled.

The fact is, they say, that the Canadian market this year is receiving what amounts to almost a normal supply of the tinned product for the first time since prewar days.

From the 1946 pack, 500,000 cases of 48 pounds each have been allocated to the Canadian domestic trade, and already at least one-third of this amount has moved eastward. This is 200,000 cases more than the Canadian quota from the 1945 pack and compares, for instance, with such a lean year as 1942 when Britain took the whole Canadian output.

Ottawa to Boost Tourist Campaign

MONTREAL, (CP)—Trade Minister MacKinnon said Wednesday the federal government hopes to increase its financial assistance to the Canadian tourist industry and to give "all-out co-operation" to tourist agencies of the provincial governments.

Speaking before the Hotel and Restaurant Suppliers' association, Mr. MacKinnon said last year's federal contribution—$650,000—was the largest in history and compared with $150,000 voted in 1934.

The minister said the government-operated Canadian Tourist bureau was being organized and a comprehensive advertising campaign being launched for 1947. New travel films were being produced.

Canada derived "tremendous" advantages from a thriving tourist industry, with all citizens benefiting directly or indirectly from the spending in the dominion of tourist dollars.

Government tabulations of tourist spending showed by last year the total had grown to $210,000,000. One witness before the senate tourist committee estimated the sum actually was close to $600,000,000.

"If this estimate is correct, or nearly so," said Mr. MacKinnon, "it is evident the tourist industry will eventually bring a financial return to Canada greater than any branch of our export trade."

Sylvan Lake Youth Gets 6-Year Term

NELSON, B.C., (CP)—Howard David Cook, 19, of Woodstock, Ont., and Donald Ross Garnet, 18, Sylvan Lake, Alta., were each sentenced to six years in penitentiary and 10 strokes with a paddle in county court here Tuesday. They were convicted on three separate charges in connection with the holdup of taxi driver Willis Irwin Noble of Trail, near here Jan. 6, and possession of illegal weapons—a revolver and two sheath knives.

The sentences were ordered to run concurrently with a three-year jail term imposed on the youths at Trail, last week in connection with the armed robbery of a second-hand dealer there Jan. 6.

Oppose Increase In Freight Rates

SASKATOON, (CP)—Nationalization of all Canadian railways if they cannot operate at "a minimum service rate" is suggested in a brief on freight rates submitted to the board of transport commissioners by the Saskatchewan section of the United Farmers of Canada.

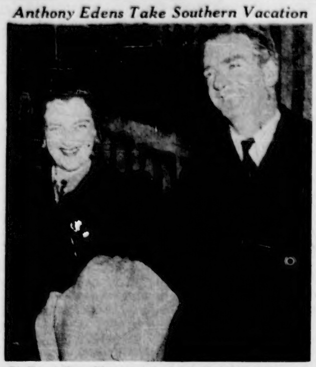
Protesting against the railways' application for an "unwarranted" 30 percent increase in freight rates, the brief says: "We believe the freight charges for essential goods should be held to a minimum. Should there occur periods when operating expenses exceed operating revenue, the nation should be responsible for the deficit."

A Russian geological expedition found another deposit of brown coal in the Bashkir region, bringing total estimated supply there to 250,000,000 tons.

Help Kidneys If Back Aches

Do you suffer from Getting Up Nights, Backache, Nervousness, Leg Pains, Dizziness, Swollen Ankles, Rheumatic Pains, Bladder Weakness, Painful Passages, or feel old and run-down, due to Kidney and Bladder trouble? If so, here is good news: The very first dose of Cystex usually goes right to work helping the Kidneys flush out excess acids and wastes which may have caused your trouble. **Trial Offer:** To prove what **Cystex** may do to bring you joyous help from the pains and distress of Kidney and Bladder troubles, get **Cystex** from your druggist and give it a fair trial with the positive understanding that if you are not satisfied for any reason, you get your money back on return of empty package. So don't suffer another day without trying **Cystex**.

Anthony Edens Take Southern Vacation



Rt. Hon. Anthony Eden, secretary of state for foreign affairs in the former Churchill government of England, and Mrs. Eden are photographed in New York, en route south to a warmer climate on a winter vacation. The Edens were among the distinguished passengers aboard the Queen Elizabeth on her first New York arrival of 1947.

Lumber Output At All-Time High

OTTAWA, (CP)—Canadian lumbermen are doing trojan work, felling and manufacturing the largest amount of lumber and lumber products in history, but still the demand outruns the supply.

Final figures for 1946 are expected to show their efforts have produced more than 5,000,000,000 board feet—500,000,000 more than in 1944. Similar quantities of wood fuel and pulpwood have been cut.

Despite these record figures and a predicted further increase this year, a survey indicated there was little prospect of retail lumber yards meeting 1947 orders.

Most of Canada's lumber output stays in the country. About 40 percent is exported, 13 percent to the United Kingdom and 18 percent to the United States.

Under federal control, producers are required to meet Canadian lumber quotas before they export to other countries. Most corporations do better than meet these quotas. They have found the Canadian market the natural and traditional major source of demand.

Quotas on pulpwood products are set largely by producers, who ration their output to Canadian, United States and British consumers.

About 40 percent of the Canadian production comes from British Columbia, which supplies the prairie provinces and northwestern Ontario.

21 Soldiers Die In Mexico Crash

MEXICO CITY, (AP)—The war department said that 21 soldiers and crew members were killed Tuesday when an army transport crashed and burned while taking off from the Puebla airport, 50 miles southeast of here.

Observers said the plane which crashed appeared to be overloaded. As soon as it left the ground, they said, it turned over, crashed and burst into flames.

DAYTON, O., (AP)—An army bomber from Ft. Benning, Ga., crashed and burned in a creek bed four miles north of Patterson field Tuesday night, killing three crew members and injuring a fourth.

SAN DIEGO, Calif., (AP)—Two navy fighter planes from the naval air station here collided off the coast Tuesday and plunged into the sea, the coast guard reported.

One pilot, Lt. Cmdr. J. A. Holmes, was rescued by a coast guard plane. Search continued for the missing pilot.

Charges Refusal Sell Surplus Goods

SASKATOON, (CP)—Saskatchewan bought more surplus war equipment than any other province but the War Assets corporation has put a stop to it, Reconstruction Minister Sturdy said here. The corporation had hundreds of kinds of useful articles but it was selling them to manufacturers for repairs and resale at a profit, Mr. Sturdy said.

The province had bought "hundreds" of pieces of fire fighting equipment and made it available to municipalities but the reconstruction department was unable to get any more of it. The minister said he deplored the fact that great quantities of hospital equipment, badly needed by Saskatchewan hospitals, "were not released by War Assets corporation."

High Prices Are Delaying Improvements for Cars

DETROIT, (AP)—Increasing production costs may keep a lot of engineering advances out of the automobile industry's 1947 models but many improvements aimed at greater driving comfort are in the making for future use.

High prices already are reported discouraging many buyers and it is unlikely any of the major engineering advances will appear before 1948 or even later.

Here are a few of the things to come:

An improved heating and air conditioning system, coupled with a device which will keep the engine always warm, even when the car is parked out-of-doors for hours.

A longer-life battery which will be kept constantly at full charge.

More automatic transmissions.

Greater use of plastics for interior trim and other non-stressed parts.

Wider front seats.

Better all-around visibility through more window area.

These items are not part of a future "dream car," but things which are virtually ready now for installation in the present-day automobile, but are held back chiefly by production costs.

With the pre-war low-price cars selling in what formerly was the middle-price bracket and all other models correspondingly higher, industry heads are trying to avoid anything that will advance retail prices further. This is particularly true in the erstwhile low-price field which normally represents about three-quarters of the automobile industry's production and distribution.

Has Nap in Boxcar, Locked in Nine Days

PHOENIX, Ariz., (AP)—Edgar Grimsley, 39, Tulare, Calif., farm worker, was rescued Tuesday night from a railroad boxcar in which he said he had spent nine days without food or water.

"I'm right glad to see you," he whispered to Carl Lehman, railroad boxcar checker who heard feeble kicks coming from the sealed car and investigated.

Grimsley had crawled into the car for a nap.

Doubt Income Tax Hits Hog Raising

By T. A. Mansell

CALGARY.—Of 99,000 farmers in Alberta, fewer than 4,000 who made income tax returns for 1944-45 are assessable, and only 1,316 have been assessed so far, Agriculture Minister Gardiner said at a public meeting under U.F.A. auspices Tuesday night.

Mr. Gardiner was dealing with the suggestion farmers would not increase hog production because it would raise their income tax payments.

"If every farmer who paid income tax in Alberta in the highest income tax year we ever had, 1944-45, or even every one who may be assessable, produces no hogs in 1947 or 1948, it will not make much difference to the production of hogs in Alberta," he said.

He added if the 95,000 who were not making sufficient income to be taxable produce hogs, many may so improve their position as to get a $1,500 net income, which is exempt from taxation.

"They apparently did not have a net income of $1,200 in 1944-45, the best year we ever had," he said.

Stars indicating the degree of courtesy to be expected from owners and staffs, will be placed outside cafes if a suggestion of the Caterers' Association of Great Britain is adopted.

To start the day Fresh and Smiling

TRY THIS TONIGHT!

● Life is much brighter if you can start the day with a smile. If you waken tired and listless why not do as thousands today are doing—just drink a cup of Ovaltine at bedtime each night.

For Ovaltine acts in three ways, to help make you alert and glad to be alive.

First, taken warm at bedtime, it fosters sound, refreshing sleep, *without drugs*.

Second, it supplies essential food elements to rebuild vitality while you sleep!

Third, it also furnishes important vitamins and minerals in a delicious, more natural way for all-round health and vigour.

So why not try Ovaltine beginning *tonight* and get off to a good start in the morning.

Ovaltine

13

SIMPLY DELICIOUS *and* SIMPLE TO MAKE RENNET-CUSTARDS

When your family tires of plain milk try them with a delightfully appetizing rennet-custard made in a jiffy with "JUNKET" RENNET POWDER. Sweetened, and in six different flavours. Preserves *all* the high food value of milk and adds an appetizing, easy-to-make digestibility that's good for the whole family.

"THE 'JUNKET' FOLKS"

Public Safety Bureau

For the purpose of reducing the number of farm accidents in this province, the provincial Government is to be asked by the Alberta Farmers' Union to provide financial assistance to the Alberta Safety Council in its educational campaign against accidents.

The Government could profitably go much further than this. What could very well be done is to set up a provincial bureau of public safety to provide the advice of competent safety engineers to every industry and trade and profession in Alberta.

The insurance of safety in hazardous callings has become a science. Capable men are trained specifically to cope with occupational hazards and, in many industries, have chalked up remarkable successes. For instance, the associated lumbering industries of British Columbia employed a trained safety engineer over a period of years, who in one year set the amazing record of not one single fatal accident in all the lumber camps and mills of that province.

Occupational accidents are not so much industrial disasters as public disasters. The loss of one man through avoidable accident is a measurable financial loss to the community.

It falls, then, within the proper functions and duties of the provincial Government to establish adequate machinery to thus protect human life and health.

The setting up of a bureau of public safety, whose efforts could be applied to every line of work, would be a nucleus for a general safety campaign throughout the entire province.

A Key Industry

Federal Labor Minister Mitchell predicts good times in Canada during the next five years.

He didn't say that the good times will end then, and there is no foreordained reason why they should. But five years is rather a favored term in economic forecasts. If we can't find out in five years how to keep times good, it will be mainly our own fault if they turn bad in the following half-decade.

This preview was given at a meeting of the Canadian Construction Association at Niagara Falls. That was an appropriate place to make the prediction, for no group in Canada can do more to help make the promise come true than those who are engaged in the construction industry.

That industry has many branches, and there is a national demand and a country-wide need that all of them be kept busy. There are scores of thousands of houses to be built before our people will be satisfactorily sheltered. There are thousands of miles of highways to be constructed before they will have the facilities they need to carry on production and trade. There are irrigation systems to be extended and new ones brought into being before stability can replace crop uncertainty in large sections of the west.

These items are indicators only of the vast field of constructive enterprise where opportunity awaits for profitable development. It is the construction men who will have to engineer and direct this development. Their ability, as much as that of any other class, will set the pace and direction of the national economic trend.

In that respect construction ranks as a key industry. The country has never known bad times when its building trades were busy. It has never prospered when they were not. Because Canada must produce more, and trade more actively than it ever has done before, more money must be spent and more hands employed in constructing the means necessary to this broader scale of national operations.

Remedy For Taxi Abuses

Complaints have been made before the city ouncil of certain "abuses" of the law perpetrat- by the taxicab operators.

For instance, Alderman Sidney Bowcott ted he had heard reports of serious over- vding of taxicabs—with a consequent in- se in accident risk. Mayor H. D. Ainlay rted that taxis were still practising the e the ride" system, although that system— ved by the Wartime Prices and Trade as a war measure—was supposed to be ded last May.

e Mayor also stated that taxicab operators, of following the proper practice of charg- trons the meter reading fee for the portion r multiple journey, are making a cumulat- arge on passengers from the starting point end of the trip.

e Mayor and council appeared to be in ment that these abuses should be ended, that the council should take steps towards ng them.

Yet, with all this unanimity of good inten- , the council again turned resolutely from only possible remedy that could end these uses—the elimination of restrictions on licens- s.

It is all very well to make bylaws and regulations governing the operating of taxicabs and to make illegal such practices as sharing rides and multiple charges and overcrowding. Such rules are necessary. But the one sure cure for these impositions on the public is to give the public the benefits of open competition.

So long as the taxicab business in Edmonton is in the nature of a protected monopoly, all the bylaws in the world will not end abuses. If there were enough taxicabs and enough competing companies, the public would soon learn how to rebuke those who abused their privileges.

All the city council is required to do is to see that a proper taxicab service is available to Edmonton people. That can only be done by removing restrictions on licenses and by exposing the business to the purifying and disciplining effect of free and open competition.

No Consumer Outcry

The price of pork is to go up two or three cents a pound, to bring it into parity with the price Britain is to pay under the new agreement.

Any strong reaction on the part of the consumer will affect his mind rather than his pocket. He isn't eating much pork, and hasn't eaten much for a long time. What the butcher may ask for chops does not greatly concern the average customer, for he is practically out of the market already.

For two reasons. First, because British consumers need the pork. Second, because there are other meats available in Canada which appeal to the home consumer more strongly than pork at present prices. If we are running behind our bacon commitments to Britain that is not because Canadians are eating more than they should, or as much as they would under other circumstances.

Lard is the one pork product that will gain wide and wistful attention through the price increase. That and all other brands of shortening are scarce. But, even if we have to do without pies and doughnuts, consolation may be found in knowing that fats are going where they are worse needed. Besides, if farmers raise more hogs because of the new bacon agreement, perhaps lard will grow more plentiful in the home markets.

A Sweeter Outlook

A "more sugar now" movement has got under way among Congressmen at Washington. It is said to have drawn only a handful of recruits as yet, but it has the prime requisite for growth—a powerful appeal to the sweets-hungry public.

Secretary Anderson of the department of agriculture says there will be supplies enough to allow a five-pound increase in the 1947 rations about April 1st. That will only whet the appetites of the "now" champions. They will want to know if the delay cannot be shortened.

Canadians should be interested in this. The three-way sugar-sharing agreement between the United States, Britain and Canada is still in effect so far as the public are aware. If so, allowances in Canada should go up when they are enlarged in the United States and in the agreed proportion.

Maybe nothing will come of this demand for immediate increase. But if anything does come of it, Canadians should get their share, and will be duly thankful to the instigators. Anyway, we have the statement of Secretary Anderson that a substantial mark-up of the coupon value can be looked for when spring comes.

Strengthening the Police

British troops are being moved into Palestine, in numbers which can only mean that the anarchy there is to be curbed.

How it can be curbed will depend on the terrorists, Jew or Arab, or both. If civil war should result, these will be to blame. For they have brought about a situation which cannot be allowed to continue and which can only be ended by force unless they cease to carry on strife.

If British troops and mandatory authority were withdrawn from Palestine, that would not bring peace, much less solve the problem of reconciling Jewish demands and Arab opposition. The removal of the troops would only leave the field clear for the faction fighters. Renouncing the responsibility assumed in accepting the mandate would leave no outside authority on the ground to act as peace-maker or shock-absorber.

There is room to hope that strengthening the garrison of the mandatory power will itself cause the terrorists to cease from violence. The initiative rests with them.

Looking Backward

From The Bulletin Files

1887: 60 Years Ago

The Canada Gazette contains notice of application for charter by letters patent of "The Edmonton, Red Deer, Calgary Telegraph Company" to construct and maintain a telegraph line between Edmonton and Calgary. Applicants are J. A. McDougall, D. T. Tulloch, Charles Stewart, H. Bannerman and Donald McLeod.

The Saskatchewan Herald remarks that the contract for carrying the mail from Swift Current is now in its last year, and suggests that when it is renewed the time at present allowed should be decreased. The same suggestion would be fitting regarding the route from Edmonton to Calgary. While the service has been regular as clockwork and in every way according to contract, the time allowed—five days for less than 200 miles—is too much. Parties driving light with their own rigs require four days in which to come through and there is no doubt the present stage outfit could do the distance in the same time without difficulty or material increase in expense. The distance could be covered in three days without great difficulty while the roads are good.

1897: 50 Years Ago

The license and police committee has recommended to the town council that P. D. Campbell be reappointed town constable at a salary of $50 a month, he to fulfill the duties of health inspector, fire inspector and looking after the town property in general. The fire, water and light committee recommended that A. Turgeon be reappointed engineer at $50 a month. The finance committee recommended that G. R. F. Kirkpatrick be reappointed town treasurer at a salary of $150 a month.

1907: 40 Years Ago

The city council and the CPR are still wrangling over the agreement for the entrance of the railway into the city. The question of damages to property may be referred to the railway commission.

Mayor Griesbach has issued instructions to the chief of police that at future fires the lookers-on are to be kept on the opposite side of the street.

1917: 30 Years Ago

Ottawa: John Stanfield, member for Colchester, has resigned as chief Conservative whip due to the refusal of Hon. Frank Cochrane to allow him to dictate appointments on the Intercolonial railway.

1927: 20 Years Ago

Bishop Rae told the staff of Alberta college that 54 languages are spoken in Edmonton.

Ottawa: The Canadian wool crop of 1926 is estimated at eleven million pounds.

Ottawa: Official congratulations were wired to George Young, of Toronto, winner of the swimming contest from Catalina Island to the California mainland.

1937: 10 Years Ago

Mr. and Mrs. C. P. Hutchison and their 13 boarders scurried into the wintry morning when fire destroyed the dwelling at 9918 106 street. Besides Mr. and Mrs. Hutchison, those in the house were Carol, Janet, Katherine and Harold Hutchison, Mr. and Mrs. Charles Vaughan, Charles Chenier and the Baker family.

J. S. Park was re-elected president of the Army and Navy Veterans' association. P. E. Dennison and F. Thompson were elected vice-presidents and the following executive: Alderman J. H. Ogilvie, R. Ascroft, F. Green, T. Holland, E. N. Sturrock, J. Tyldesley and W. Cullen.

W. J. Dick was re-elected president of the Alberta council, Boy Scouts association.

Robert Burns In 1947

BY ELMORE PHILPOTT

A Scottish reader has a long memory and comments on what I have written in previous years about Scotland's immortal poet, Robert Burns.

"Another year has passed since you put in a nutshell a piece about our beloved poet. I did not agree with one part in which you said 'saint he was not.' Robert Burns actually attained 'sainthood' the hard way. He obtained God's blessing and forgiveness before he passed. Burns, in turn, conferred the blessing via the Scots' handshake, crossways. One has actually to feel and experience such truly to comprehend it, as I did."

PHILPOTT

* * *

I DON'T KNOW what heaven thinks of Scotland's bard—or whether he moves among the saints. I have a feeling that Robert Burns would find the company of saints only somewhat boring.

But if sainthood is won by making this war-torn, hate-ridden, narrow-minded, class-and-color-cursed world a better place to live in—then Robert Burns is a saint indeed. For the friendly songs of Robert Burns still warm the hearts of human beings in every nook and corner of this earth. It is no mere accident that on the annual Burns night—January 25—the memory of Burns will be honored not only by people of Scottish blood, not just by British, or Americans—but by people of almost every nation, color and tongue.

* * *

ROBERT BURNS was born in 1759 and died in 1796. That is, his life covered the period when the English had just finally beaten the French for control of Canada, India and so on—when the American Revolution took place — and when the French Revolution shook Europe to its social foundations.

We might have expected that a man with Burns' gift for stirring poetry might have plunged into the great ideological battles of his time. There is hardly a trace in Burns' work of reaction to these great world shaking events. When the British had won a great naval battle somewhere or other—by surprise attack which gave the defenders little chance — Burns scratched on a window pane, with the stone in his ring, four lines which scoffed at the "great victory" and ended up "I call it murder."

Yet when the rumor spread that the French might try to land in Scotland he turned out a rallying ballad, in spots as stirring as the famous "Scots wha hae wi' Wallace bled."

* * *

BURNS COULD POUR blasts of scorn against the great aristocrats and proud rich of the earth in such writings as "A man's a man for a' that." He could set all Scotland laughing at his ridicule of the "unco guid"—the hypocrites, what we might now call the stuffed shirts. He could write descriptive poems like "The Cotter's Saturday Night" which enable you to see and feel inside one humble home.

But it was as a lover that Burns has left the deepest footprints of his genius.

Burns fell in love so often that nobody knows for sure the total list. But it is only the shallow, the foolish, that see this part of his life in false light. What they do not realize is that Burns did actually love them all.

He did not leave a trail of broken hearts behind him—he carried the heartbreaks with him in the anguish of the parting.

Burns loved the lassies—but he also loved all mankind—for that matter, all creation.

Who hasn't felt some of the Burns thrill of which the Scottish reader writes when a friendly gathering is about to break up, crosses hands, and sings "Auld Lang Syne"?

And who can read Burns' poem to the mouse his plow has turned up—and not feel his greatness?

The life of Burns would make a marvellous movie. Why Hollywood and the British movie-makers have been so asleep at the switch I wouldn't know.

They want love interest — Burns surely had it.

They want songs — Burns wrote them with music all ready.

They want human sentiment —who ever left more of it?

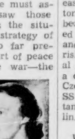
Signed articles and columns on this page are the opinions of the writers and are not necessarily endorsed by the Edmonton Bulletin.

Politics and Strategy

BY DOROTHY THOMPSON

The advantage that Gen. George C. Marshall brings to his new office of Secretary of State is that he planned the strategy of the war and in so doing set the major conditions that determine the peace.

Since General Marshall's is a first rate intellect, we must assume that he foresaw those conditions. Yet it is the situation created by the strategy of the war that has so far prejudiced making the sort of peace projected before the war—the Atlantic Charter of peace.



THOMPSON

Where armies stand, power stands. Winston Churchill, who is an excellent military scientist, also understands power politics—which in the world as it is, is the only kind of international politics that exists.

* * *

CHURCHILL NEVER lost sight of the political object of Britain's war, which was to strengthen, not weaken, the freedom of action of Great Britain and her Empire, and of the Western world in general. That is why he advocated the invasion of the Balkans. He did not want Russia in Europe; he was willing to have Russia advance to the so-called Curzon line in Poland; he was apparently willing to abandon the Baltic states, and to grant to the Soviet Union the concessions Stalin had previously won from Hitler in Rumania as the price of the Russo-German pact. But he did not want Soviet power in Jugoslavia, Albania, and Greece, because of their importance to the Adriatic, Suez, and the Mediterranean; nor did he want to see the Soviet supreme in any part of the immediate hinterland of Central Europe.

It was, I believe, General Marshall who vetoed the Churchillian strategy. The political result of the way in which the war was conducted is what is now called "the iron curtain" and the partition of Europe.

This partition could occur because of the disposition of the allied armies at the close of the war. The Western armies halted, by prearrangement, and not by necessity, outside all the capitals of Central and Southeastern Europe. General Patton's armies could easily have been in Prague, but they halted 30 miles distant in Peron, and stayed halted despite the rising in the Czechoslovak capital and frantic SOS calls for aid, a delay which cost hundreds of Czechs lives battling with the SS troops, until a Red army tank corps could race from Berlin.

* * *

WE COULD HAVE entered Vienna, and Berlin, considerably in advance of the Russians, but we halted at the Elbe. When we did enter both capitals it was to divide Austria and Germany into zones, and to accept, at Potsdam, a fait accompli regarding Germay's Eastern frontiers.

And in China, by prearrangement, the Soviets occupied Manchuria in the last week of the Far-Eastern war.

This strategy radically changed the pre-war power constellation of the globe. It not only brought about the exit from world power of Germany and Japan—the objective for which the war was fought—but in the Far East it immensely strengthened Russian power and influence in China, and the power and influence of the Chinese Communist party; it made not only Germany, but all Europe, a power vacuum; it radically weakened the British Empire; and it left, de facto, only two great powers on earth; the United States and the Soviet Union.

* * *

EVER SINCE, our foreign policy has been trying to achieve a permanent equilibrium or balance of power between the two major victors. The fact that there are only two does not make things easier; but harder. For, as this column has steadily maintained the exit from history of strong states, or states with independence of action, always constitutes a temptation to expansion which few great powers have been able to resist, especially when continguous on land.

Furthermore it makes a genuine system of collective security practically out of the question. However many words may be uttered about the "Sovereign equality of all states," this equality is a fiction in a world divided between two Titans. Each relatively weak state looks, de facto, not to the United Nations for protection, but to the USA or the USSR. And in this, geography, more than natural affinities, plays a role.

As a result of the war, Europe has become Eurasia east of the Elbe and the Russian armies, representing a land power directly contiguous to the rest of Europe, are in Europe; they are there even if they theoretically withdraw, for, with Europe weakened as it is, any part of it is a few days motor-march from Soviet-controlled territory.

* * *

THE INFERENCE of general Marshall's military strategy is that the United States and the Soviet Union can reach an greement over Europe and China which will not menace either of the two and result in permanent equilibrium. This means, not one world, but two, with mutual agreement on nonintervention in each other's areas. This column has always doubted that possibility; on the grounds of historic experience, because of the nature and ideology of the Soviet regime, and because of the demonstrated collapse, in the twentieth century, of the concept of neutrality.

But if anyone can make this concept work, it ought to be general Marshall, for he must have foreseen the power picture which would issue from the war as it was fought.

Edmonton Bulletin
Edmonton Journal

Canadian People

BY HARPER PROWSE, MLA

Now that we are "Canadians" it might be well to make it illegal for anybody, including the census taker, to ask any citizen of Canada what his racial origin is. That is, if in answer to any questioner, you reply that you are a Canadian that ought to end the prying. It should be nobody's business what you used to be or what your father or mother or your great-great-grandfather was.

I'm not suggesting that we should be ashamed of what we are or our parents are. But I am interested in stopping all this nonsense, which has become a plague in this country, of reminding people that originally some of their relatives lived in some other land. Obviously, unless we are full-blooded Indians, our progenitors must have lived somewhere else.

Personally I can't see what possible difference it should make to anybody what stock we spring from. Now that we are Canadians that ought to be the end of the business. I suppose that working out the statistics based on racial origin provides cushy jobs for somebody in the statistics branch, but what good are the statistics?

* * *

I KNOW PEOPLE who take a most unhealthy interest in the racial origin statistics. They know just how many Spanish-Canadians there are in Canada, how many French-Canadians, English-Canadians, Irish-Canadians and Scotch-Canadians. They also have the figures on the Ukrainian, Russian, German, Polish, and other Canadians. And they are always trying to prove something with those figures and it is usually that one group of hyphenated-Canadians is better than another group or vice versa.

I have yet to run into anybody who has gone to the trouble to figure out the racial origin statistics for the purpose of proving that all Canadians are desirable people, or that all are equally good Canadians. No, sir. The only people who take the trouble to play around with these figures do it for the purpose of finding arguments to bolster up their own particular brand of race hatred and prejudice. And while figures can't lie, liars can still figure

In the days of the Roman Empire to be able to claim Roman citizenship was considered a privilege. Nobody played around with a Roman citizen. If a person wasn't a desirable sort of individual he hadn't a hope in the world of getting Roman citizenship papers. But once he had them, then he was a Roman and that was the end of it.

Now that we can claim Canadian citizenship we should take steps immediately to stop these fanatics who would try to prove that there are various degrees of citizenship.

The Oil Hunt Goes On

Reprinted from Newsweek.

Oil companies are now engaged in the greatest search for oil in Canadian history. The reasons are clear. Canada, second only to the United States in per capita consumption of petroleum products, produces a mere 15 per cent — about 9,000,000 barrels in 1945—of its needs. The cost of importing oil from the United States and South America keeps the price to consumers

Moreover, Canadian supplies are dwindling. The Turner Valley oil field, a narrow strip 20 miles long and averaging 1½ miles wide in the Alberta foothills southwest of Calgary, still produces about 90 per cent of Canda's total output. But increased production during the war shortened the life of the field and its yield has been declining.

A major search for oil in Alberta started in 1937. Oil companies believed there must be other fields, similar to Turner Valley in geological age and structure, between the United States border and the Peace River district of Northern Alberta. In 1945, seven subsidiaries of American companies and several independent Canadian cmpanies spent more than $1,000,000 a month on the oil hunt.

* * *

OTHER HUNTS are under way in Ontario, the Maritimes, and in the Northwest territories. Ontario, which reached its peak production of almost 1,000,000 barrels in 1894, now produces only 200,000 barrels a year, although Imperial Oil, Ltd., reports some success in current drilling there. About 125 wildcat tests have been put down in the Maritimes, but the failure of the Hillsboro well drilled off the shore of Prince Edward Island has been discouraging. This well, the deepest in Canada, was drilled to 14,686 feet, at a reputed cost of $1,000,000.

* * *

THIS FALL, five companies —Imperial, Shell, McColl-Frontenac, Socony-Vacuum Exploration and Gulf Research and Development—jointly financed an ambitious project called "Operation Muskeg." The projected oil site comprises 207,000 acres of the Smoky River Provincial Reserve on the Muskeg River, about 200 miles west and slightly north of Edmonton. It is in an isolated wildenress inhabited only by a few Indians and by moose, caribou, grizzly and cinnamon bears, mountain goats, and sheep.

Over the broken ridges and boggy valleys of the Rocky Mountain foothills, John Christopherson, an Imperial Oil engineer, is directing construction of a $250,000, all-weather road from Entrance, on the Canadian National Railway's Jasper branch line, to the reserve. In the first few weeks after work started in late summer, Christopherson and his crew were plagued by equipment shortages and by oozing mud and muskeg (swamp moss) which slowed tractors to a crawl. Then sub-zero temperatures froze the ground.

* * *

ONE MAJOR HANDICAP to deep-test exploration has been its enormous cost. A single hole, all costs totaled, may use up a million-dollar appropriation. Imperial Oil drilled a well to 12,955 feet at Coalspur, Alta, and, with Shell Oil, one at Stolberg, Alta., to 13,747 feet, each with negative results. However, the government has granted tax concessions to encourage deep-test exploration.

In the Northwest Territories, exploration was first financed at Great Slave Lake and along the Mackenzie River by Calgary businessmen in 1914. During the second world war, the Canadian and United States Governments and Imperial Oil conducted the costly Canol project at Fort Norman, now known as Norman Wells. Of 62 wells drilled, 56 were productive, four were dry, and two were gas wells. An area of 4325 acres has been proved productive, but about half lies under the waters of the Mackenzie River and about 1,000 acres are inaccessible for drilling because of ice conditions. While the field has an estimated minimum reserve of 30,000,000 barrels, its future is uncertain. Imperial Oil, which presumably will buy the project if anyone does, has recently drilled seventeen additional wells nearby, but without success.

* * *

PERHAPS THE greatest surface manifestation of petroleum anywhere is in the Athabaska Tar Sands, an area of 10,000 square miles in Northeastern Alberta. Optimists claim they hold sufficient oil to meet the world's needs for 100 years.

But the Tar Sands are a challenge to the scientist rather than the oil explorer. The oil is there and can be extracted, but the cost of extraction has proved prohibitive.

Eruption of Krakatoa in the Malay Achipeligo in 1883 hurled a cubic mile of rock more than 17 miles in the air.

The Royal Bank of Canada Annual Meeting

Sydney G. Dobson, President, declares increased industrial output, co-operation between management and labour and substantial tax reductions would provide bedrock of future prosperity—"If business, labour and government keep their heads, there is no reason why we should not complete our delayed reconversion plans this year and prepare to step forward in future."

James Muir, General Manager, reports assets at record level for sixth consecutive year—notes increased financial assistance rendered business and individuals—deposits at $1,963,103,951 reach new high point—foreign branches valuable aid to traders.

Warning that lavish government expenditures provide no assurance of good times, and that living standards cannot be raised through less production and higher wages, was voiced by Sydney G. Dobson, President of The Royal Bank of Canada at the bank's Annual Meeting.

On the other hand he declared that increased production and whole-hearted co-operation between management and labour would provide a solid basis for prosperity. He also noted that the present level of taxation was a drag on business and that substantial tax reductions would give an incentive to individuals and to industry, encourage expansion and new ventures, encourage greater production and lower prices and, therefore, prove an aid to a higher standard of living.

CANADA PLAYS FULL PART

Stressing the increasingly important role of Canada in world affairs, Mr. Dobson said: "Canada is playing her full part in the peace organizations and served on nine international bodies. She was the second largest contributor of food and the third largest contributor of money to UNRRA. She has the largest store in the world of the basic essential of atomic energy—uranium. I believe that though in numbers the Canadian people carry small weight in the world, when the account of world well-being comes to be added up it will be found that the weight of Canada's influence was a big factor in whatever success is attained."

"I think that experiences of the past few years have brought home to all of us the fact that business and industry exist to satisfy the needs of people.

"There are many wants, such as political and economic security, facilities for improvement and relaxation, competent health services, and wider education, but I shall speak particularly of the business aspects. I believe that prosperous business conditions will be the bedrock upon which people will satisfy most of their other wants.

SUCCESS NOT MADE OF DREAMS

"There have been all sorts of plans laid out by advocates of improvement in our economic affairs, but it is becoming clear that many of the old principles of sound economics will survive, and some that had been abandoned must be returned to. On the whole our Canadian people are sensible and sound. They are entertained by pictures and stories of Utopia, but they know that success is not made of dreams. The story of Canada's advancement is one of people and resources, and the ingenuity of the people in using the resources.

"Roughly 68 per cent of our population are under 40 years of age. That means that the numerical bulk of the people is not yet 'set' in its ways, but is of an age to demand the latest, or better than the latest, in devices, comforts and services of all kinds. It is a thought to keep every business executive on the alert, because people's wants rule the market and decide the profit or otherwise of production.

"Given an intelligent approach by business executives who are trying in a sincere way to develop a better knowledge of what the consumers want, there is no reason why Canada cannot look forward to a period of great expansion, profitable business, and higher standards of living.

"I regret very much the irresponsible outlook many persons have regarding work and wages. I am one who believes that the time will come again when possession of a job will be considered an asset, when having a little money as a standby will loom larger in people's minds than leisure hours. True satisfaction can be found only when the worker values mainly the work he does, and not how much he is able to compel his employer to pay. I believe in a high standard of living for everyone, and in leisure, but I am sorry to say that too many of our people to-day make high wages and plentiful leisure the greatest aims of their lives. They pay too little attention to the fact that every producer is also a consumer, so that what they gain as producers they lose as consumers. It is wholly false to say that less production and more pay per worker can assure us of prosperity; just as false as to think that raw material and labour costs can be increased without at least a corresponding increase in the cost of living."

FOREST WEALTH

Reviewing Canada's fortunate competitive position, Mr. Dobson pointed particularly to Canada's 813,000 square miles of productive forest wealth and urged that active steps be taken to assure its conservation. "Canadians are generally surprised," he said, "when they learn that their pulp and paper mills take only about 23 per cent. of the annual forest crop, while fuel wood takes 31 per cent., lumber and miscellaneous products take 41 per cent., and pulpwood exports use over 5 per cent.

"Though pulp and paper creates more employment than any other manufacturer and is the largest single item in Canada's export trade, yet fire, insects and disease consume 60 per cent. more wood annually than do the pulp and paper mills. Other countries have succeeded in practically eliminating wastage due to nature. In Sweden, with less than 8 per cent. of Canada's forest area, there are more than twice as many forest engineers as in Canada.

VALUE MULTIPLIED

"I wish to draw one fact particularly to your attention. In 1945 the pulp and paper industry took pulpwood valued at $122 million, and converted it into products which had a gross value of $400 million. In other words, the industry multiplied more than threefold the value to Canada of its pulp wood cut. In course of that process, its mills gave employment to 40,000 persons and paid them $80½ million in salaries and wages. In addition, it supplied workers in the woods with employment and their wages amounted to $75 million. When you add the purchase of materials and supplies, $184 million, you realize how important the industry is to the whole economic life of the nation.

"That this industry could be further expanded is evident when we consider that the pulpwood shipped out of Canada in a raw state in a year would supply a large paper-making industry.

"The lumber industry which includes production of sawn lumber, shingles and boards, has been increasing steadily. As in the case of the pulp and paper industry the value of the forest cut has been much increased by processing, in this case almost doubled.

NEW PRODUCTS FROM WOOD

"In addition, new horizons are opening up for the use of our forest products, such as in the manufacture of plastics and textiles. This field so far has only just been tapped, and holds tremendous possibilities. We cannot, therefore, afford to waste or to see carelessly destroyed any portion of our great forest resources.

"Throughout the responsible financial press during late months, we have seen articles to the effect that today more than ever increased industrial output is a necessity. We need the best cooperation possible between management and labor. The high rate of productivity which would result would be the only effective influence I know of against inflation."

Dealing with the question of taxation, Mr. Dobson noted that war expenditure was down to 35 per cent. of what it was in the peak year. "Yet the government is collecting in this taxation year an amount equal to 24 per cent. of the approximate 1946 national income compared with 11.05 per cent. in 1938. The Finance Minister set his requirements at $2,769,000,000 in his last budget, compared with $534,400,000 in 1938.

DRAG ON BUSINESS

"Now it doesn't matter where that revenue is accumulated by the government, or how it is taken, the withdrawal of this money constitutes a drag upon business. Substantial reduction in taxes would give an incentive to individuals and to industry, encourage expansion and new ventures, encourage greater production and lower prices, and therefore prove an aid toward a higher standard of living.

"Some will say the government needs the money for social welfare and subsidies and so on, but I would point out that lavish government expenditure has been unsuccessful in creating prosperity. "A 'let the government do it' attitude will not get us anywhere, and necessity alone should be the decisive factor in judging whether to retain some of the wartime controls and practices. In some cases the manufacturers' profit has been squeezed between rising costs and the price ceilings. I approve the policy of removing controls gradually, but as quickly as goods and services become available, and I am hopeful that world and domestic conditions will soon permit us to return to a free economy.

"This country reached maturity through its war effort, politically and industrially. If business, labour and government keep their heads there is no reason why we should not complete our delayed reconversion plans this year, and prepare to step forward in future."

GENERAL MANAGER'S ADDRESS

In presenting the bank's 77th Annual Report, Mr. Muir, General Manager stated that for the sixth consecutive year the total assets of the bank, which now stood at $2,131,974,316, had reached new record levels. New records had been established in many departments of the bank's business. Liquid assets totalled $1,609,742,166 representing 81.69 per cent. of the total liabilities to the public.

"The volume of commercial loans in Canada is up by $25,789,321," said Mr. Muir, "but this does not give a true picture for the reason that at November 30, 1945, a Victory Loan campaign was in full swing; nor is the loan total a complete index of the financial assistance which is being supplied by the bank to our clients in their post-war business activities. Included under the heading 'Other Bonds, Debentures and Stocks' are many millions of dollars representing the purchase by the bank of short- to mid-term bonds and debentures issued by clients to enable them to carry out expansions and improvements of a capital nature

"In addition, the smaller class of customer continues to take substantial advantage of our facilities. This is demonstrated, for example, by the fact that during the past year we have made a total of nearly 150,000 loans of $500 and under for personal purposes.

"Our loaning business abroad has also continued to expand as is illustrated by a well diversified increase of $16,623,715 in commercial loans."

RECORD DEPOSITS

The General Manager noted that total deposits had increased by more than $74,000,000 to the new all time high point of $1,963,103,951. The number of deposit accounts in operation continues to grow and as a matter of fact has increased in Canada alone by 116,000 during the year bringing the total in operation up to 1,670,000.

"The profits for the year were $903,244 greater than for the preceding twelve months' operations.

"As you will have observed from the Directors' Report, it has been decided to transfer to the Reserve Fund of the bank $5,000,000 from the amount at credit of Profit & Loss Account.

"There will still be left the substantial sum of $1,467,414 to be carried forward.

"You will also note that the Reserve Fund has been further increased by the addition to it of the sum of $15,000,000, bringing the Reserve Fund of the bank up to $40,000,000.

"It may be recalled that in the depression period of the middle 30's it was decided to transfer $15,000,000 from the Reserve Fund to inner reserves. Time, however, has shown this to have been an overly conservative precaution. Consequently the entry has simply been reversed."

AID TO FOREIGN TRADERS

Discussing the wide network of branches operated by the bank, Mr. Muir referred particularly to the useful role played by the bank's foreign branches in facilitating foreign trade. "The unique position which we occupy," he said, "as the Canadian bank with the most extensive chain of foreign branches, enables us to render exporting and importing clients a banking service which cannot be paralleled."

Mr. Muir spoke in highest praise of the loyalty, ability and interest of all members of the staff. "Your bank is not the handiwork of any one man," he said, "nor even of any small group of men. On the contrary, it is a monument to the co-operative effort of many, each one serving with enterprise and enthusiasm in his or her particular sphere of duty.

"I cannot commend these men and women too highly to you, nor, as I see it, can the Management of the bank render a greater service to you then that they should at all times try to ensure that a staff such as I have described is fostered, encouraged and maintained."

Central and North Alberta News

District Personals

WAINWRIGHT. — Dr. D. Wallace was elected recently president of the Wainwright Board of Trade. — Wainwright Curling club reports 25 men's rinks and 12 ladies' rinks are curling this season. — Bonspiel date has been set for Jan. 27. — Theodore Smith, old-time resident farmer of this district died here recently. W. E. Washburn who has operated a hardware store here for the past 30 years, has left to take up residence at Victoria. Mr. Washburn will be greatly missed having been an ardent worker for many charitable organizations and a strong supporter of the baseball, hockey and curling clubs.

VIKING. — Community hall here was packed with an enthusiastic audience despite drifted roads and low temperatures when the Viking Board of Trade gave away numerous gifts to celebrate their first anniversary. H. Rollins and K. Hilliker awarded the gifts to lucky winners.

VETERAN. — J. W. Morton, Clive, is relieving at the pool elevator during the absence of J. H. Snyder. — Mrs. George Lang is a patient in the Calgary hospital. — Mrs. A. Pennington, accompanied by her daughter, Mrs. A. Barros, visited Edmonton. — Mrs. C. Castle, Stella district, is a patient in the Coronation hospital. — Mrs. William Price and Mrs. S. Snyder entertained the bridge club recently at the home of Mrs. Price. — Mrs. R. Lewis of the Nose Hill district is ill in the Coronation hospital. — The U.F.W.A. held their meeting in the Doyle building recently and hostess was Mrs. W. Armstrong.

NEW NORWAY. — Friends and neighbors met at the home of Mr. and Mrs. Oscar Olstad recently to bid farewell to Mr. and Mrs. J. H. Johnson who have sold their store and are leaving. A cup and saucer from the Community club and a purse of silver from friends were presented the guests. — Dennis Gutherie has returned to Fernwood, Idaho and Mrs. Gutherie and Sue Ellen are remaining at the home of S. Westvick for a further visit. — William Stewart has been visiting relatives at Hanna. Mr. and Mrs. Glen Mutchler have returned from a honeymoon to McLennan where they visited Mr. and Mrs. Ross McIlveen. — Olive Cozicar is at her home here after having been employed at Hamden for several months. — Mrs. L. E. Nelson has been a patient in the Camrose hospital. — J. Carmichael, Edmonton, is employed as bookkeeper in the John Henry store. — George Resvick has returned to his home at Bateman, Sask., after spending several weeks here at the home of his brother, Ralph. — Mrs. Swerrie Malmo entertained for her birthday recently. — Mr. and Mrs. J. E. Borseth have been visiting in the Wetaskiwin and New Sweden district. — Mrs. D. McQillan, Breton, is at the home of her daughter, Mrs. M. Tweter. — Mrs. Lawrence Schultz and children of Bashaw spent several days with Mrs. Cora Schultz. — Mr. and Mrs. Lawrence Awonson, Rosalind, were at the home of Arvid Johnston. — Emil Dittberner, Jr., spent the week-end at Armena. —Lois Malmo, Camrose, week-ended at her home here.

FERINTOSH. — A bingo birthday party was held at the home of Mr. and Mrs. William Gould in celebration of Mrs. Gould's birthday which was on Jan. 9. Her daughter, Mrs. Harry Easton, Edmonton, came here for the party. Miss Olga Porayko and Miss Olga Melnyk, our school teachers were the winners at bingo. — Miss Marjorie Smith, Sedgewick, who came to spend the Christmas holidays at her grandparents' home, and to be at her Aunt Phyllis Bottorff's wedding on Dec. 31, was taken with measels and has been very ill at the home of her grandparents, Mr. and Mrs. Frank Bottorff. Mrs. Linnie Howie is living with Mrs. Frank Bottorff and acting as nurse for Mrs. Bottorff, who has been confined to her chair with arthritis for years. — Mrs. Svend Nielson and daughter Joyce, are ill with measels.

VERMILION.—Mr. and Mrs. J. H. Yonkers of Leduc are visitors at the home of their daughter, Mrs. Henry Meyers. They are quite impressed with Vermilion and think that it must be a very good place in which to reside. — Father Patrick Rooney, rector of St. Andrews Parish, north of Vermilion, for the past several years, has been transferred to the town of Lacombe and has taken up his duties in that centre. — E. W. Hart, well known Vermilion farmer, has left for California on a combined pleasure and business trip. He will be away a month. — Mr. and Mrs. Bert Taylor and young son, Lorne, of Edmonton are visitors in Vermilion, guests at the home of their daughter and son-in-law, Mrs. and Mr. Lloyd Donnelly. — Mr. and Mrs. Charles Brumfit, well-known pioneer residents of Gibbons were recent visitors at the home of their daughter and son-in-law and family, Mrs. and Mr. J. L. Kerns on the Vermilion school of agriculture campus. — Mr. and Mrs. Peter Konzuk and three-year-old son of White Court, spent Saturday and Sunday renewing old acquaintances in Vermilion. They were on their return trip to their home in the northern town after spending the Christmas season with Mr. Konzuk's parents at Prince Albert, Sask. The family are former residents of Vermilion, leaving here in 1944.

WILDWOOD.—Mrs. T. Forberg, of Lougheed, is here on a visit to her brother, Peter Johnson, Sr., whom she has not seen for the past 14 years. — Funeral of Frank Smith, who died in an Edmonton hospital recently, was held Sunday. — Morris Neilsen has been appointed municipal constable for the hamlet, principally to cope with growing juvenile delinquency and to enforce the curfew law for children. — Mrs. Elmer Watt was feted at a shower held in her honor at the home of Mr. and Mrs. L. Sexauer. Mrs. Watt is the daughter of Mr. and Mrs. P. Johnson, Sr., and was recently married to a popular young veteran of this town. — Mrs. J. Botner assisted Mrs. Sexauer in receiving the guests, while a group of ladies including Mesdames Ladouceur, H. Rehn and others, helped with serving refreshments and in opening the many attractive presents brought for the charming young bride.

THORSBY. — Annual meeting of the Thorsby Community league, held at the home of Mrs. Fernaway, elected the following officers: president, Mrs. V. Pailer; vice-president, Mrs. G. Bentley; secretary, Mrs. C. Pyrch; treasurer, Mrs. Ponich. Reports showed a successful and interesting year. — A farewell party was given at the curling rink in honor of O. Lukianchuk who, with his family, are leaving to make their new home at Grimshaw where Mr. Lukianchuk is going into the hotel business. He was an active member of the community being vice-president of the Thorsby Board of Trade and a member of the curling club. A useful gift was presented to him along with best wishes in his new endeavor. The Thorsby Curling club is planning an open bonspiel next week. Invitations have been sent to Calmar, Leduc, Millet and Edmonton to compete. Six local rinks are invited to enter.

RED PASS, B.C.—Constable W. Roberts and Mrs. Roberts were hosts to members and friends of the Red Pass Community Bridge club at a New Year's eve party. Mr. Roberts extended a warm welcome to all guests and Mr. Leggat also spoke a few words. Bridge club was formed last fall and has been meeting every Wednesday in the Red Pass hotel.

ABEE.—A meeting of the Happy Sewing Circle was held in the Abee school under the direction of the club leader, Miss E. Jardy, teacher of the Abee junior room. Lunch and entertainment were provided by club members, Darleen Priebe and Lorna Nuttycombe. — A whist drive, sponsored by the Abee Students' Union was held in the school recently. Prizes were won by Mrs. Kuzik and L. Stenberg with consolations to Miss J. Grinnell and L. Kirk. — A meeting of the Women's Institute was held at the home of Mrs. Holst.

INNISFREE.—Clifford Leslie, having finished a course in hotel management in the east, is visiting at the home of his sister, Mrs. O. Myhre and Mr. Myhre. — Pete Pshyk held a dance recently to observe the completion of Pete's service station. —Miss Lanonde Fowler has gone to St. Paul to act as supervisor at one of that district's schools.

BELLIS.—Miss Mary Gregorovich has returned from Edmonton and was married to Mr. W. Popovich. A shower was held in her honor. — Miss E. Kovaliuk, daughter of Mike Kovaliuk, has returned to Edmonton following a visit with her parents who live three miles from town.

HAIGHT.—Mike Hrabec, Joe Kubin, M. Powley and M. Pozernick were delegates from this district to the A.F.U. convention in Edmonton. —Pte. Harry Hrabec, son of Mr. and Mrs. John Hrabec, Haight, and who has been in military hospital at Vancouver, has been moved to the Colonel Mewburn hospital in Edmonton. His parents, brothers and sisters and other relatives who had not seen him for six years visited him in hospital in Edmonton.

CLIVE. — Clive Board of Trade held its first meeting of the new year and officers were elected as follows: president, F. R. May; first vice-president, J. F. Cole and secretary-treasurer, J. H. Harrow. — Mr. and Mrs. Friddell, Edmonton, visited their daughter and son-in-law, Mrs. and Mr. J. Tworek. — Rev. F. Forstee, Coronation and Mrs. Forstee were in Clive for the funeral of J. Thomas and L. Harris. — Clive Ladies' Aid of the United Church met and held the first meeting of 1947 at the home of Mrs. Northcott. Plans for a St. Valentine tea and other future events were discussed.— Mr. and Mrs. F. Cripps have left for a trip to British Columbia and also to the United States. — Gayle Allen, daughter of Mr. and Mrs. E. E. Allen, is leaving to attend school at Gull Lake, Sask. — F. Manton, in Belcher hospital for some weeks, has gone to Red Deer to attend vocational training school. — Mr. and Mrs. E. Hindemood, Oregon, are spending a few weeks vacation visiting Mr. and Mrs. S. Hindemood. — Several couples of Clive paid a surprise visit to Mr. and Mrs. J. A. Martin of Lacombe. They were former residents here. — Mr. and Mrs. R. May, Mr. and Mrs. H. Cox, Mr. and Mrs. D. Will, Mr. and Mrs. A. Billinghurst, Mr. and Mrs. A. Strandberg, Mr. and Mrs. M. Steadman and Mr. and Mrs. H. Jeglum were the visitors to the Martin home. — Mr. and Mrs. L. O. Williams are leaving for the United States here they will visit relatives for a month. Mrs. Williams came to Canada from England early in 1946 and is expecting an interesting trip.

Aid at Stettler Elects Officers

STETTLER. — New officers for the Ladies' Aid of the United church were elected at the first meeting of the new year. The new executive is: president, Mrs. H. Allen; vice-presidents, first, Mrs. R. Price, second, Mrs. Chas. Willis, third, Mrs. W. Little; secretary, Mrs. C. Pinder; treasurer, Mrs. F. T. Colley; manse committee, Mrs. Morrison, Mrs. McKenzie, and Mrs. Gardiner. Mrs. R. McCurlie is the past-president.

Retiring treasurer gave her report and stated the financial position of the organization was in a good state and reported a bazaar held recently was a real success.

SOCIETY NAMES OFFICERS

OLDS.—The following have been elected to office for the Mountain View lodge A.F. and A.M.: worshipful master, Hugh McPhail; senior warden, H. S. Ramsay; junior warden, W. D. Craig; senior deacon, M. W. Malyon; junior deacon, G. H. Kaiser; senior steward, C. Sturgeon; junior steward, R. Newsom; tyler, George Hammer; organist, Rev. F. C. Musson; chaplain, Wes. Hawthorne; treasurer, J. S. Strath and secretary C. H. Smith.

Helen Margaret Smyth, daughter of Mr. and Mrs. John Gerlitz, Cadomin, who has been awarded the governor-general's medal for highest marks in the grade nine examinations in the Edson-Jasper school division. Helen is 14 years and was born here. She received all of her education here and is now taking grade 10. As well as being an outstanding student she also is a musician and plays the piano and saxaphone in the school band. She also is an athlete of considerable ability.

Stettler Pioneer, W. B. Gray Dies

STETTLER.—Stettler lost one of its oldest and most colorful citizens recently in the death of W. B. (Judge) Gray, at the age of 93 years.

A resident of Stettler for over 40 years, Mr. Gray first came to the town as land agent for the dominion government. He acted as police magistrate and justice of the peace and looked after the vital statistics of the town until he retired two years ago.

Always active and enjoying the best of health throughout his long life, he was a man of many interests and hobbies. "Judge Gray's museum" has been for years one of the feature attractions of the town, and received hundreds of visitors every year.

This remarkable collection consisted of souvenirs brought back from overseas by soldiers of the First Great War, firearms of all types, and hundreds of other objects too numerous to mention.

Mr. Gray sold his museum to the provincial government this fall for $1,000 but his friends would agree that the delightful and colorful stories he had about almost every piece in his museum were worth many times this amount.

He had other hobbies too, among which were the raising of mink and fox, and at one time he even raised quail. He had a friendly manner and a pleasing personality which made him a valued friend to hosts of people.

3 Are Injured At Peace River

PEACE RIVER.—Friday last was a bad day for accidents here.

At noon Douglas Gullion, five, son of Mr. and Mrs. S. E. Gullion, Peace River, collided with a truck while sliding down a hill. The boy was rushed to the hospital suffering a fractured skull.

About 4:00 p.m. the same day a pan of fat in the oven in the stove at the A. Perlot home across the river from town, exploded and started a fire. Mrs. Perlot battled the blaze and extinguished the burning grease. In the fire Mrs. Perlot and daughter, Brenda, suffered burns. The interior of the house was damaged by smoke and fire and the explosion blew one end of the house out of line one inch but did not break a window.

Lougheed Legion Elects Officers

LOUGHEED.—Clayton Lawrence is the president of the Lougheed branch of the Canadian Legion, election to office taking place at the branch's recent annual meeting.

Other officers: vice-president, Dave Walmesley; second vice-president, Orvil Probst; secretary, A. S. Gunderson; treasurer, Fred Rogers and the executive, Lute Reed, Alex McCoy, Henry Metz and D. Johnstone. The sergeant-at-arms is Sydney Denham and the finance committee is Einar Stokke, Bert Whitehead. The auditors are Magnus Holman and Mr. Cookson, Sr. The chaplain is Rev. R. McMillan.

To Cancel Accounts Seed Grain Advances

REGINA, (CP) — Legislation providing for cancellation of outstanding accounts amounting to $17,000,000 owing to the Saskatchewan government on seed grain advances made in the period 1935 to 1937, will be introduced at the legislature session opening Jan. 30, Municipal Affairs Minister Brockelbank said Wednesday.

More than $3,000,000 has been paid by municipalities on the 1938 seed grain accounts on the basis of 50 percent of the original amount without interest, Mr. Brocklebank said. About $3,750,000 remains to be collected.

Refunds to farmers who paid more than 50 percent of the original amounts now amount to almost $1,000,000, he said.

Talk Dynamiting Of Ice in River

NEW WESTMINSTER, (CP) — Plans to dynamite an inch-thick layer of ice in the Fraser river, which threatens to close the sawmill industry employing 5,000 workers, were being considered Wednesday by lumbermen.

The ice field extends for miles and all log towing from the upper Fraser river has virtually ceased.

Some mills have already closed and others are operating with difficulties.

The cold wave, the worst here in years, may force other industries to close, including a starch factory where the glucose products stiffen prematurely in an icy factory.

Wildwood Legion Has New Members

WILDWOOD.—Three new members were installed with the customary ritual when the Wildwood branch of the Canadian Legion held its regular monthly meeting at the home of P. Johnson, Sr. The new president, Peter Johnson, Jr., was in the chair.

Welcomed with applause and hearty handclasps from the executive and sergeant-at-arms, the three new members are as follows: Marinus (Morris) Nielsen, originally from Denmark, served with the British Mercantile Marine in the First Great War, joining up as a boy of 16 and was torpedoed twice in the North sea. A brother, Martin, of East Coulee, Alta., was overseas with the Calgary Highlanders for more than five years.

Glenn Court Gates joined up as soon as he was 18 years of age but failed to get overseas due to Germany's surrender. His father, Court Gates, an employe of the hotel here, served in the Canadian Army in the First Great War.

Likewise, Fred A. White, a native son of Woodbend, joined up at the age of 18 but was discharged before he could get overseas on account of the termination of hostilities. He now lives here with his mother, Mrs W. R. White.

Executive was empowered to consider holding a monthly dance to raise funds for a clubroom.

Mrs. E. McDermid reported that the names of two youths—Kenneth Dash and Mervin Sagmoen—who fell in action overseas, were missing from the Cross of Remembrance in the Soldiers' Plot in the local cemetery. Their names are to be added as soon as possible.

Following routine business, members of the auxiliary, Mrs. P. Johnson, Sr., Mrs. H. Carlson and Mrs McDermid, served lunch to the gathering.

Accompanied by Len Cody, past president, the executive then motored to Evansburgh to visit the new clubrooms of the branch there, and received a cordial welcome from Dr. Chisholm, W. Barwise, Charles Taylor, Mr. Bjornstad and a number of other Evansburgh veterans of the two last wars.

Early Resident Of Kelsey Dies

KELSEY. — Member of one of the earliest pioneer families of this district, Oscar Bryan Miner, 49, died suddenly here recently.

Born at Republican City, Neb., in 1897, Mr. Miner came to this district when just a young boy. He was the fifth son of 12 children of the late James and Mina Miner.

He is survived by seven brothers, William and Stewart, Dauphin, Man.; Albert, Rosalind; Clarence, Milner, B.C.; Fred, Dauphin, Man.; Charles, Ladysmith, B.C., and Ralph, Progress, B.C., and one sister, Mrs. E. W. Graham, Cloverdale, B.C.

Funeral was held at the United church here with Rev. E. B. Brundage officiating. Masons of the Bawlf lodge attended and assisted in a graveside service. Pallbearers were Lodge brothers, H. Anderson, Mr. McFadden, Nels Kvittem, Harlow Shannon, George Bowie and Lars Olson.

A duet was sung by Mrs. E. McDonald and Mrs. A. Friend of Rosalind. Burial was in the Melville cemetery.

Report Progress District Library

MILLET. — Regular meeting of the Weisenthal community library was held in the school on Thursday Jan. 9, with Miss Jacqueline Marechal, the president in the chair. Meeting was called to order by the singing of "O Canada."

Mrs. E. Mortensen reported $74 had been spent on the purchase of new books, and drew the attention of all present to the donation of books from Mrs. McDonald of Edmonton.

Bernice Littman reported $2 in overdue fines collected and $3 received for new library cards. A box of 60 books will be kept at the home of Mrs. E. Mortensen. These will serve the members living in the Michagan Centre district, Leduc and the Northern part of the Weisenthal district. The amount spent for books during the past year was $138.

Waskatenau Wins In Curling Match

WASKATENAU. — Defeating Smoky Lake in a hard fought game, the Waskatenau curlers took the first frame of the season for the Bank of Commerce trophy. F. Boulter skipped the rink for Waskatenau while C. Proctor played third, and J. Petryk second, and F. Prysmeny was lead. M. Polamarek skipped for Smoky Lake. A seven ender gave the Boulter rink a substantial lead in the third end, but Smoky Lake retaliated with a five ender at the halfway mark.

C. Horn President Wainwright Legion

WAINWRIGHT. — Charles Horn has been elected president of the Wainwright branch of the Canadian Legion. He had served as secretary of the branch for 20 years. Ronald Morrison was named vice-president and Charles Thurber as secretary.

A memorial plaque, on which the names of all of those who gave their lives in the Second Great War, will be placed in the memorial clock tower.

DRESSING ROOM SHOTS: Calgary Stampeders tried to make a pair of goals stand up in the arena here last night, but the Edmonton Flyers proved to the crowd of more than 6,500 fans that two just weren't enough. Afterward, Flyers weren't backward in admitting they liked the deal. **Manager-coach Riley Mullen** (above, extreme left) may have been thinking of the next Calgary game when the camera caught up with him, but there was no doubt how **Trainer Doug Hardy** felt. **Harvey (Pug) Young** (lower front, in the group) seems to think being four points ahead of the Stampeders is quite okay. **Goalie Ken McAuley** (back row, left) wasn't showing any signs of breaking speed records in getting off his hockey togs. That's **Gordie Watt** next to Ken, still with one good eye, Bud Emery having operated reasonably successfully on the other. Then come **Captain Elmer Kreller** and **Stan Devicq**. **Bob Solinger** and **Bing Merluk** weren't exactly singing in the shower when the camera man found them — but almost. "Solly" evidently had taken a couple of extra hitches in his eyebrows for the occasion. Bing, who fired one winning goal from Kreller's relay, had just made a couple of passes with the soap.

REGINA UPSETS LETHBRIDGE 4-3

REGINA, Jan. 16 —(CP)— The tail-end Capitals spoiled Lethbridge Leafs drive for second-place in the Western Canada Senior Hockey League with a 4-3 victory over the Leafs before 1,500 fans here last night.

Paul Rheault was the hero of the Caps sixth victory in 26 starts, banging in two goals and Toby Brown and Lou Hauck got the others. Ralph Luke, George Harrison and Grant Hall were the Lethbridge snipers.

All the scoring came in the last two periods, Regina getting two goals in each of the second and third frames and the Leafs two in the second and one in the final.

THE GAME'S FIRST excitement came at the five-minute mark when mammoth Tank Kummerfield socked Joe Fisher with a terrific body-check that was felt all over the rink. They both took rests soon afterward. Harrison, for Leafs, and Taylor, for Regina, both missed the net on clean-cut passes before Juckes took a second penalty and Caps really went to work.

Leafs recovered after Juckes returned and Fisher had two pokes at Francis' citadel before the period ended.

Caps set out to force the pace in the second but it wasn't until Juckes took third penalty of the night that they clicked. Rheault tapped in Ritchies blue-line shot as he stood at the crease and 28 seconds later Brown converted Snider's pass-out from behind the net, to make it a disastrous penalty for the Leafs.

FOUR MINUTES LATER, Leafs scored a hotly-disputed goal which the Caps claimed was never in the net. Luke was credited with it. After Latoski had broken fast but missed the net, officials said, Luke took Harrison's relay from the corner.

A penalty to Menzies for charging gave Caps another chance, but it back-fired on them. Halfway through the power-play, Hall broke away and was covered by two defenders but slipped a rink-wide pass to Harrison who scored before crashing into the back-boards.

Caps could do nothing when Gray took a slashing penalty later in the period.

RHEAULT SHOT Regina into the lead again after six minutes, taking a perfect drop pass from Snider to beat Young with a low drive. Francis was great in the Regina net to turn back Leafs' Latoski line and then Dick Gray on a spectacular rush, but Hauck broke away minutes later and blasted a shot high into the net to increase Regina's lead.

Leaf's turned on the power for the balance of the night, but even penalties didn't turn the tide of the game and after Hall had taken Latoski's rink-wide pass at the 14-minute mark, the Caps held off easily to score their victory.

LETHBRIDGE— Young; Luke, Van Daele; Latoski; Negrello, Hall. Sub—Juckes, Love, Fisher, Rimstad, Gray, Menzies, Harrison.

REGINA— Francis; Kummerfield, Ritchie; Snider; Staseson, Van Deelan. Subs—Hauck, Taylor, McCullough, Mosienko, Rheault, Brown, Grinke.

Officials—Stan Fuller, Chick Little, Gordon Porter, all of Regina.

FIRST PERIOD: Scoring-none. Penalties—Van Deelan, Jackes (2).

SECOND PERIOD: 1-Regina, Rheault (Ritchie) 6:20; 2-Regina, Brown (Snider-Grinke) 6:48; 3-Lethbridge, Luke (Harrison-Latoski) 10:25; 4-Lethbridge, Harrison (Hall) 14:46. Penalties-Juckes, Menzies, Gray.

THIRD PERIOD: 5-Regina, Rheault (Snider-Brown) 6:25; 6-Regina, Hauck 14:07. Penalties-Mosienko, Latoski, Grinke, Rimstad (minor and 10 mins. misconduct).

Freddy Smitten Out for Season

Freddy Smitten, whom the Edmonton Flyer swere expecting to be back on the line-up this week is out of hockey for this season. Following the removal of the cast from his arm yesterday ,the club physician refused to okay Smitten's participation in games. Alex Pringle, due to possible flu after-effects, may also be out permanently.

Game in Detail

CALGARY: Dertell; Michaluk, Shoquist; Cairns; Desmarais, Dame; Subs: Hunter, Brownridge, Grant, Emery, Wilder.

EDMONTON: McAulay; Barker, Watt; Kreller; Merluk; Stanley. Subs: Young, Newsome, Devicq, Solinger, Black, Thomas, Maher.

FIRST PERIOD: 1-Calgary, Shoquist (Hunter, Grant) 17:26. Penalties—Maher, Wilder, Thomas, Emery.

SECOND PERIOD: 2-Calgary, Hunter (Shoquist) 13:09; 3-Edmonton, Stanley (Watt) 18:44. Penalties — Desmarais, Michaluk, Emery, Black.

THIRD PERIOD: 4-Edmonton, Devicq (Maher) 2:21; 5-Edmonton, Merluk (Kreller) 10:05. Penalty—Dame.

TONIGHT'S DRAW:

McClure vs Walkinshaw; Nisbet vs Murphy; McLennan vs Johnston; Christman vs Smith, Greenough vs Seymour; Bones vs Latta.

Flyers Come Back To Beat Calgary 3-2

Wipe Out Deficit During 11 Minutes By Scoring Three

It took Edmonton Flyers almost two periods to fathom Russ Dertell's net-minding methods, but three goals in just over 11 minutes gave them a 3-2 lead, which they carefully nursed through for another victory over Calgary Stampeders at the arena here Wednesday night. Official figure for the crowd was 6,501 paid.

The win was Flyers' 11th in a row and their 13th out of 14 home starts this season. Today the Edmonton seniors hold a four-point margin over Calgary in the Western Canada Hockey League standings and they have defeated Stampeders four times while losing one and tying another.

LAST NIGHT'S was another tense struggle between two good clubs. Calgary had taken the lead on Art Shoquist's tally late in the first period and when Ken Hunter added a second at 13:06 in the next, the 2-0 advantage looked very formidable, even though Flyers were actually outplaying their opponents.

Don Stanley's goal at 18:44 in the period completely altered the outlook. Then with Bunny Dame off for tripping early in the third, Stan Devicq got the equalizer following a faceoff in the Calgary end. Bing Merluk pushed the winner between Dertell's feet to finish off a picture play started by Elmer Kreller behind his own blue line.

FLYERS HAD MORE scoring chances than the Calgarians in all three periods, but in addition to completely missing the net on several occasions, they scrambled up numerous others, had tough luck on a few and Dertell took care of all but three of the 39 direct shots. Ken McAuley had 15 to deal with.

Kreller started at centre with Merluk on right wing and Stanley on left, against the Cairns-Desmarais-Dame trio and both clubs played cagy hockey for several minutes.

STANLEY got through a few seconds after the starting whistle, but shot high up into the crowd and just after Maher and Wilder had served penalties, Stanley got in again, this time missing a post by inches when he tried to pick the far corner. There actually was one shot on goal during the first seven minutes and that was a slider by Cairns from outside the Flyer blue line.

As the period progressed, Flyers were increasing the pressure, but neither team was able to capitalize on penalties to Thomas or Emery.

CALGARY'S GOAL resulted from a nice passing attack in which Hunter, Grant and Shoquist took part, Hunter putting Shoquist in the clear. That goal was only the third shot, and it was the final one Calgary had in the period, Flyers having eight at Dertell.

Flyers really went to work in the second and they dominated play almost the entire 20 minutes, outshooting Stampeders this time 16 to 5, but again Calgarians were first to score. Shoquist fired from just inside the blue line and the puck hit Hunter, who retrieved and fired it into the net.

There was a delay late in the period while glass from a broken bottle was scraped off the ice.

STANLEY WAS right on top of Dertell to pop in Flyers' initial counter, following a shot from the left boards, Gordie Watt drawing the assist. From the press box it looked as if Bob Solinger had organized the play, but he got no assist.

Flyers again held a wide margin during the final period, outshooting Stamps more than two to one —15 to 7 to be exact. Merluk shot over the top of the net just as the period opened.

BILLY MAHER set up the play from which Devicq deadocked the game. Calgary had the best of the argument for a couple of minutes immediately before Merluk fired the winning tally, but got only one shot at McAuley in the last 10 minutes, Flyer defence holding tight.

SPORTS BULLETIN

Wood Ousts Manahan From Nipawin 'Spiel

NIPAWIN, Sask., Jan. 16 —(CP)— Howard Wood, Winnipeg Granite skip, defeated Cliff Manahan, Edmonton Royal, 7-5 last night in a group B battle between two former Canadian curling champions and made sure of a berth in in the final of Nipawin's round-robin series for four 1947 automobiles.

He will meet eiher Dalt Henderson of Saskatoon Nutana or Norm Fawcett of Wartime, Sask., who deadlocked for first place in group A with four victories and one loss each. The two Saskatchewan skips will playoff today.

In other matches played last night Henderson defeated Don Sinclair of Nipawin 11-2, Bill Dunbar of Kinley, Sask., overcame George Simmers of Vancouver 11-4 and Fawcett vanquished Walter Polski of Virginia, Minn., 11-8, all group A games.

AB MARLATT of Swan River, Man., turned back George Edworthy of Arborfield, Sask., 7-2 and W. A. Cochran of Shaunavon, Sask., won over George Furminger of Prince Albert, Sask., 10-4 in the remaining group B matches.

The Wood-Manahan contest was one of the lowest-scoring games of the 'spiel. Neither rink scored more than one point on any end and the match was really decided on the 12th when Manahan, with second rock in the house, was narrow with his last and left the Winnipeg skip counting the one point he needed for victory.

The score by ends:

Wood .... 101 101 010 011—7
Manahan .... 010 010 101 100—5

Wood was supported by Al Derrett, third, Howie Wood, second, and Bobby McFarlane, lead, while Billy Rose, Bart Swellin and Lloyd McIntyre played in front of Manahan.

Fawcett appeared to be coasting to an easy win against Polski until the sixth end when Syers' last rock, on a draw to cut out four Polski counters, picked up a straw on its way down the ice and stopped just over the hog line to leave the Minnesotans counting four—enough to tie the score. After that set-back Fawcett picked up five points on the next two ends to take over the lead.

AFTER YIELDING one point to Don Sinclair on the first end Dalt Henderson's curlers scored single points on the next five and a three on the next for a lead that was too much for the local curlers to overcome.

The other games in the draw, with no effect on the final group standing, were of the one-sided variety.

Earlier, Wood had defeated Marlatt 13-9 for his fourth victory while Manahan's all-star rink dropped an 11-8 decision to Aub Cochran. Furminger had beaten Edworthy 10-9 in another group B afternoon game.

Horsemen Concerned Over Schilling's Book

CALGARY, Jan. 16 —(CP)— In connection with the report of deliberations of the P.T.B.R.A. at Winnipeg, directors of the Horsemen's Association issued the following statement here Wednesday:

"The Prairie Thoroughbred Breeding and Racing Association is drawing the proverbial red herring across the trail. The question of Mr. Schilling's personal integrity had never at any time been raised by the Horsemen's Association.

THE MAIN POINT of issue concerns Mr. Schilling's racing condition book. The owners, breeders and trainers of thoroughbreds on the prairie circuit have felt for some time that Canadian breds, which represent the majority of the horses on the prairie circuit, were not, and never have been, properly provided for in the number of races offered.

"The association also was concerned over some of the practices which were creeping into racing, such as horses being interfered with, etc. It was felt that disciplinary acion taken in these cases has not been severe enough, and if there was not a general tightening up of racing regulations and administration, the sport would suffer.

"WE FELT IT OUR duty to bring these matters before the attention of the racing associations and we did so, the responsibility from now on rests with the racing associations. Mr. R. J. Speers, while the discussions were on, asked for a detailed explanation of the recomendation regarding the replacing of Mr. Schilling as racing secretary. This information was promptly provided by the horsemen's association. it set the case out in detail.

"The horsemen's association plans to continue to protect the interests of the horsemen and the public to the best of its ability."

SPEERS HAS NOTHING FURTHER TO ADD

WINNIPEG, Jan. 16 —(CP)— A resolution expressing confidence in the personal integrity, efficiency and ability as secretary of George W. Schilling, presiding steward at western race meets, was the "final" decision of the Prairie Thoroughbred Breeders and Racing Association. R. James Speers of Winnipeg, honorary secretary of the PTBRA., said Wednesday there was nothing further to add to the resolution passed by the delegates Tuesday.

Braves' Hurler Trophy Winner

BOSTON, Jan. 16 -(AP)- Johnny Sain, right-handed Boston Braves' pitcher, will be presented the Paul Shannon Trophy for "meritorious achievement" at the annual Boston baseball writers dinner Feb. 4.

Sain won 20 games and lost 14 last season and was second only to the Cardinals' Howie Pollet in yielding runs. His earned run average was 2.21, compared to Pollet's 2.10.

The Shannon Trophy, named for the late Boston Post baseball writer and national president of the Baseball Writers' Association, is awarded annually to the baseball figure who performs in out-standing fashion in the opinion of the scribes.

Helps you get normal pep, vim, vitality. Introductory size Ostrex Tonic Tablets only 35c. For sale at all good drug stores everywhere.

Campbell Willing to Listen

National Hockey League Players Seeking to Start Pension Plan

MONTREAL, Jan. 16 (CP) — President Clarence Campbell of the National Hockey League said Wednesday he would be glad to meet any reasonably accredited representatives in connection with a pension plan for players although he has not been approached yet.

Campbell told The Canadian Press this in connection with a Boston dispatch saying Bobby Bauer and Milt Schmidt, Bruin veterans, had been named by their teammates to represent them at a conference on the plan with the NHL head:

"I KNOW OF NO SUCH CONFERENCE but I heard some time ago that some players on individual clubs were discussing the possibility of a pension plan," said Campbell. "I belive it was suggested to them by managers or coaches that they get together first to sort out their ideas and then make an approach.

In Toronto coach Dick Irvin of Montreal Canadiens, who met Toronto Maple Leafs in a game last night, said "that seems to be a start on the plan I recommended to Bauer several years ago."

"I suggested a pension plan into which all players would contribute a part of their salaries. This would be matched, perhaps dollar for dollar, by the club or the league, and all-star games could be staged each spring. The proceeds would be devoted to the fund which, in essence, would benefit players after 10 years' service."

IN BOSTON LAST NIGHT, BAUER said the pension plan was inspired by a Detroit insurance specialist.

"We have heard only a bare outline of the plan," Bauer explained. "And I don't expect to learn much more about it until the spokesmen representing all the clubs confer with president Campbell. No date has been set for such a conference."

Owner Weston Adams and General Manager Art Ross of the Bruins, said they had heard only vague reports about the players' pension but indicated keen interest in it.

Canadians Take Over Lead in Junior Loop

Bob Gillies Canadians took over sole possesion of first place in the City Junior Hockev League Wednesdav night when they soundly trounced the last-place Maple Leafs 10-1 at the Varsity Rink.

Gordon Pearce with two goals and two assists and Don Ringrose with three counters paced the winners blitz on goalie John Testo while the other Canadian markers were fired by Ken Bradshaw with two, Walter Lupul, Moe Lupul and Glen Bjarnasen.

Albert Horricks fired the lone Maple Leaf tally, which came in the first period.

THE CANADIANS picked up a 3-0 lead in the first six and a half minutes on goals by Pearce, Bjarnasen and Bradshaw and then Ringrose matched Horricks' counter before the period ended to make it 4-1 for the Canucks.

From then on the scoring was all Canadians. Walter Lupul converted a pass from brother Moe for the only second-period counter, making it 5-1 and then the winners drove in five straight in the last, Ringrose netting two in a row in less than two minutes.

CANADIANS: McDougall; Palmer, M. Lupul; Pearce, Bradshaw, W. Lupul. Subs — McClocklin, Ringrose, Dimers, Fleming, Bjarnasen, McCaffery, Romaniuk, Runka.

MAPLE LEAFS: Testo; Beauchamp, Mann; Forrest, Horricks, Jones. Subs—Ross, Cawley, Aubrey, Gilfillan, Cunningham, Allan, Baselwick, Quinlan.

Officials: J. Pyper and S. Olander.

FIRST PERIOD: 1-Canadians, Pearce (M. Lupul) 1:58; 2-Canadians, Bjarnsen (CcCaffery) 3:25; 3-Canadians, Bradshaw (Pearce-W. Lupul) 6:30; 4-Maple Leafs, Horricks, 8:00; 5-Canadians, Ringrose (McCaffery) 15:55. Penalties—W. Lupul, Forrest.

SECOND PERIOD: 6-Canadians, W. Lupul (M. Lupul) 17:25 Penalties—Quinlan, W. Lupul, Fleming.

THIRD PERIOD: 7-Canadians, M. Lupul, 5:30; 8-Canadians, Pearce (W Lupul) 9:40; 9-Canadans, Ringrose (Fleming) 16:05; 10-Canadians, Ringrose (Bjarnasen-Pearce) 19:55. Penalties—M. Lupul, Cawley, Pearce, Fleming, Gilfillan.

Toronto Again Stops Canadiens

TORONTO, Jan. 16 (CP) — Toronto's swash-buckling young Maple Leafs, playing with only 14 men, increased their National Hockey League lead to nine points when they defeated their arch rivals, Montreal Canadiens, 2-1 before 14,550 fans last night.

The win left the two clubs even on the season's play with two wins apiece and a draw in five meetings.

At full strength with 16 players, Canadiens fought all the way and outshot the leaders 34-26 but Turk Broda was at his best and kept his net clear for 53½ minutes before Murph Chamberlain finally fired a puck past him on a play with Jimmy Peters.

Feelings ran high throughout the contest although there were no major penalties and a spirited contest is anticipated when the clubs clash in a return battle in Montreal tonight.

The Leafs struck hard from the initial faceoff and before the three minute mark, Syl Apps grabbed the puck from defenceman Roger Leger and breezed in to beat Bill Durnan cleanly. Eleven minutes later Gaye Stewart made it 2-0 on a play started at the Montreal blue line.

TORONTO—Broda; Thomson, Mortson; Kennedy; Meeker, Klukay Subs —Apps, Ezinicki, N. Metz, Stanowski, Poile, Stewart, D. Metz, Bodnar.

MONTREAL — Durnan; Bouchard, Reardon; Lach; Richard, Blake. Subs —Lamoureux, Harmon, Ledger, Chamberlain, Peters, Mosdell, Reay, Allen, Gravelle, O'Connor.

Referee—George Hayes. Linesmen—Jim Primeau and Eddie Mepham.

FIRST PERIOD: 1—Toronto, Apps, 2:47; 2—Toronto, Stewart (Poile, Thomson) 13:20. Penalties — Mortson, Reardon.

SECOND PERIOD: Scoring—none. Penalties—Thomson (2), Harmon, N. Metz, Richard.

THIRD PERIOD: 3—Montreal, Chamberlain (Peters) 7:30. Penalties—none.

Card Completed For Fight Show

Complete card for next Tuesday's boxing show to be held at the Silver Glade pavilion was announced last night by promotor Andy Aldi. Other arrangements have also been taken care of.

The card is as follows:

Main event- 10 rounds: Benny Geary, Edmonton vs. Ray Colling, Vancouver.

Semi-final- 8 rounds: Jack Berry, Edmonton vs. Johnny Kos, Calgary.

Special- 6 rounds: Jerry McTigue Edmonton vs. Louie Demers, Morinville.

Preliminary, 4 rounds: Wayne McCullough, Edmonton vs Gordon Gray, Viking.

Preliminary- 4 rounds: Dave Anderson, Edmonton vs Ralph Goddard, Edmonton.

Brandon Again Beats Oshawa 3-1

BRANDON, Man., Jan. 16 -(CP) Brandon Elks currently atop the Manitoba Junior A Hockey Association, turned back Oshawa Generals, second place squad in the Ontario Hockey Association's Junior A circuit, 3-1 here last night to make a clear sweep of their two game exhibition series.

The score in the first game Monday was also 3-1 and last night, as then, Oshawa counted first.

Bauer got it at the 13-minute mark, but Gord Watters tied it up before the period ended and Bud Evans and Ray Manson added second period goals.. Eighteen penalties were handed out to bring the series total to 31.

Raymond Jacks Here This Week

Arrangements have been completed under which seating accommodation can be provided for over 1,500 fans for the basketball games in the drill hall this week-end between Raymond Union Jacks and University of Alberta.

Good parking accommodation also will be available, the former RCAF parade ground immediately behind the drill hall which is on the Varsity campus, being utilized for this purpose.

A PUBLIC ADDRESS has been installed and two good preliminary games have been arranged. Central-Teens and Toilers, the two top junior teams in the province will play Friday night and the Varsity girls will play Red Deer on Saturday.

Montana Normal College cagers will be here to play the Golden Bears next month and Prof. Maury Van Vliet advises plans are underway to have at least one good outside club, including American college teams, visit Edmonton each month next season.

Preliminary games on Friday and Saturday will commence at 7:30 p.m. and the Raymond-Varsity fixtures will get underway at 8:30.

Ken Hunter Gains In Scoring Race

Red Hunter gained a couple of jumps on Joe Fisher Wednesday night, for the Stampeder centre scored a goal and assisted in another as the Lethbridge right winger was going pointless. Hunter now has 48 points and Fisher 45

Steve Latoski picked up two assists and Elmer Kreller had one and Bing Merluk a goal. Kreller now has 40 points, two more than Merluk, whose goal ties Latoski for leadership, both having 23.

Billy Maher now has 30 points and Stan Devicq, next high for Flyers has 24.

	G	A	P	Pm

Canadians, Caps Clash Tonight

Canadians and Capitols, strong rivals in the City Hockey League, will clash again tonight in a regular league game at the Arena starting at 8:30 o'clock.

The two clubs have met twice since the re-organization of the loop three weeks ago, the Canadians taking both tilts, but both have produced thrilling hockey and tonight's game will likely follow that pattern.

Rangers Cop Fourth Of Five Last Starts

NEW YORK, Jan. 16 (CP) — With veteran Phil Watson scoring twice, New York Rangers defeated Detroit Red Wings 4-3 here last night before a crowd of 14,873 at Madison Square Garden.

The victory was the Rangers fourth in their last five starts and lengthened their lead over the fifth place Wings to three points.

The Rangers came from behind a 3-2 deficit with a pair of third period goals to win. Grant Warwick tied the score at 8:02 of the final heat and then Watson fired in his second goal to clinch matters at 13:14.

The first New York goal was unearned, coming at 43 seconds of the first when Detroit defenceman Bill Quackenbush deflected Tony Leswick's shot into the nets.

DETROIT—Lumley; Reise, Quackenbush; Abel; Lindsay, Howe. Subs — Stewart, Taylor, Lundy, R. Conacher, Gauthier, Horeck, Bruneteau, Doran, J. Conacher, McCaig.

NEW YORK—Rayner; Juzda, Colville; Laprade; Warwick, Leswick. Subs—Laycoe, Trudell, Watson, Cooper, Hextall, Levandoski, Demarco, Gardner, Bell, Moe.

Referee—Clancy; Linesmen — Getliffe and Sherr.

FIRST PERIOD: 1—New York, Leswick, :43; 2—Detroit, J. Conacher (Quackenbush) 5:16; 3—New York, Watson (Gardner) 13:27; 4—Detroit, Horeck (R. Conacher, Abel) 18:56; 5—Detroit, Taylor (Horeck, Abey) 19:43 Penalties—Cooper, Horeck, Stewart, McCaig, Trudell.

SECOND PERIOD: Scoring — none. Penalties—R. Conacher, Cooper, Quackenbush, Reise.

THIRD PERIOD: 6—New York, Warwick (Moe), 8:02; 7—New York, Watson (Hextall) 13:14. Penalties—none.

BRUINS STAGE RALLY TO DOWN CHICAGO 6-3

BOSTON, Jan. 16 -(AP)- Sparked by four new players, Boston Bruins hung on to the National Hockey League's third rung by storming from behind for a 6-3 victory over Chicago Black Hawks last night before a packed 13,900 crowd at the Boston garden.

The last-place Black Hawks, winners of their three previous games got off to a flying start by scoring three times during the first 12 minutes of play.

CHICAGO—Bibeault; Wares, Mariucci; Brown; Hamill, Kaleta. Subs — M. Bentley, D. Bentley, Mosienko, Nattrass, Gadsby, C. Smith, Gee, Fowler, Jackson.

BOSTON—Brimsek; Egan, Henderson; Schmidt; Bauer, Dumart. Subs — Gallinger, Guidolin, Carveth, Crawford, Flamon, Barry, Marquess, McGill, Reardon, K. Smith.

Officials—Chadwick, Babcock and Pratt.

FIRST PERIOD: 1—Chicago, Hamill (Kaleta, Brown) 0:37; 2—Chicago, Gee 10:15; 4—Boston, Bauer (Henderson) 16:26. Penalties — Guidolin, Gadsby, Mariucci, McGill.

SECOND PERIOD: 5—Boston, Egan (Gallinger) 11:04. Penalties—Gadsby, Henderson, Flamon.

THIRD PERIOD: 6—Boston, Schmidt (Henderson) 0:34; 7—Boston, Marquess (McGill, Barry) 5:12; 8—Boston, Marquess (Egan) 10:56; 9—Boston, Schmidt Bauer, Crawford) 13:21. Penalties—Flamon, Fowler, Guidolin.

League Three (Southern Section)

Bournemouth and Boscombe Athletic 2, Walsall 3.

Brighton and Hove Albion 2, South End United 1.

League Three (Norhern Section)

Gateshead 1, Stockport County 2.

'Peg May Have Second Grid Team

WINNIPEG, Jan. 16 (CP)- The Winnipeg Free Press said today "rumors are rampant" that a second football team is to be formed in Winnipeg in opposition to Blue Bombers.

"It seems there is a group interested in taking over the old race track, Whittier Park, and turning it into a football stadium When Bombers went east, Joe Ryan manager of Montreal Alouettes, said he thought Whittier Park would make a fine football stadium."

Tigers No Longer Hockey Raggedy Anns

By William H. Dumsday

HAMILTON, Jan. 16—(CP)—Famous as hockey's "dirty old men" as they reached the Allan Cup finals last winter, Hamilton Tigers are older and even smarter, but no longer can they be classed as "Raggedy Anns."

DISCARDING a superstition started during the playoffs last season, the aging Tigers not only are fashion plates of the ice lanes with new black and yellow jerseys, but even Goalie Art Childs washes his underwear.

Shutout king of amateur hockey, Childs started the Tigers on their dirty - uniform campaign last season which made them unpopular with Hamilton laundries. The Junglemen saw their charm work until they clashed with Calgary Stampeders in the west.

When the Tigers reached the finals, Childs was able to stand his underwear in the dressing room corner, but in the colder western climate its presence lost the paralyzing effect it seemed to have over eastern opponents and the Stampeders won the cup.

JUST TO prove their dirty uniforms actually played no part in their success last winter, the Tigers are riding higher than ever in their new fancy suits. They've won 16 straight games in the Ontario Hockey Association Senior "A" series and have yet to meet defeat in league competition. Their nearest rivals, Toronto Staffords, have 18 less points in the same number of contests.

Coach George Redding figures his current Cats are stronger than his eastern champions of last spring and besides additions he still has 11 of the oldsters who brought the title to Hamilton. They have high hopes of winning the Allan Cup this time and if they do they'd like to represent Canada at the Olympics — providing the expenses are "right.'

Seattle Cracks Losing Streak

SEATTLE, Jan. 16 -(AP)-Seattle Ironmen broke their slump last night by defeating New Westminster 5-4 in Pacific Coast Hockey League clash, coming from behind with three goals in the final period.

Stan Werecki, a wingman, pushed in the winning goal in 18:01 minutes of the third period on assists by Gordy Kerr and Bob Drainville. Warecki had tallied the first goal of the period on an assist by Kerr.

Pep Moon Back In Referee Role

Re-appointed through league president D. P. McDonald's office, Reg (Pep) Moon acted as one of the officials in the FlyerStampeder game at the arena here Wednesday night.

"Undoubtedly one of the better officials in western amateur hockey, "Pep" had resigned from the Western Canada Hockey League referees' roster some weeks ago.

Under a new league ruling, both officials were calling penalties last night and the scheme appeared to work out well. Cam Smith was operating with Moon. Heretofore a referee and two linesmen had been in charge of games.

Bear Cats Swamp RCAF Cagers 59-8

University Bear Cats completely everpowered the RCAF cagers last night when they handed the latter a 59-3 drubbing in the only Edmonton Senior Men's Basketball League tilt at the NWAC drill hall. The scheduled Police-Latter Day Saints game was postponed.

The Bear Cats out-scored the Airmen in every quarter, clicking for 19 points in the first frame, 18 in the second, 10 in the third and 12 in the fourth.

Sam Sheckter led the Varsity hoopsters in their one-sided victory with 20 points

RCAF: Stewart, Davidson (2), Crouch Whitfield, Bell, Currans (6). Total-8.

BEAR CATS: Rettallack (3), Larson (12), Nishio (2), Allen (10), Sheckter (20), Sherwood (8). Total—59.

Drumheller 8-4

CALGARY, Jan. 16 -(CP)- Unleashing a five-goal scoring attack in the third period, Drumheller Miners moved into sole possession of second place in the Southern Alberta Junior Hockey League by outclassing Calgary Buffaloes 8-4 here last night.

Athletics Sign 3 Key Players

PHILADELPHIA, Jan 15 (AP)—Owner-Manager Connie Mack of the Philadelphia Athletics has signed the three players around which he hopes to build a winning team this year.

The trio— outfielder Sam Chapman, catcher Buddy Rosar and pitcher Phil Marchildon of Penetanguishene, Ont.—are considered the backbone of the club.

Winnipeg Monarchs Tie With Vancouver

VANCOUVER, Jan. 16 (CP) — Winnipeg Monarchs, 1946 Canadian junior champions, overcame a two-goal first period deficit to gain a 2-2 tie with Vancouver White Spots in an exhibition junior game before 4,500 fans here last night.

Early in the first period Ed Varga and Hugh Berry whipped angle shots by Roy McMeekin, Monarch netminder, but the goalie put up an impregnable defence from there on. Cam Millar got a second-period goal for the Monarchs and another by Gordie Scott in the third period tied up the game.

No overtime was played because of the Monarchs long trip and heavy schedule. Tonight they will tangle with Nanaimo Clippers.

Last years junior hockey champions were somewhat nettled by close refereeing in the first period when they got three of the five penalties awarded in the game, but they kept out of the sin-bin in the last two periods to score the tying goals.

WINNIPEG—McMeekin; T. Johnson, Millar; Tougher; Buchanan; W. Johnson. Subs—Hodgert, Simpson, Gerry Scott, Kusnack, McKay, Robertson, Douglas, Shepherd, Gordie Scott.

VANCOUVER — Worrall; Gilmour, Reeves; Mirtle; Dougherty, Langton. Subs — Huddleston, Wright, Hilderbrand, Rabchuk, Varga, S. Johnson, Hugh Berry, Andrew.

Officials—Don Gillis, Norm Pridham

FIRST PERIOD: 1—Vancouver, Varga (Wright) 4:56; 2—Vancouver, Berry (Andrew) 6:45. Penalties — Buchan, Simpson, T. Johnston.

SECOND PERIOD: 3—Winnipeg, Millar 1:50. Penalty—Mirtle.

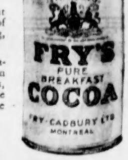
THIRD PERIOD: 4—Winnipeg, Gordie Scott 9:33. Penalty—Reeves.

Sheckard Dies

LANCASTER, PA., Jan. 16 -(AP) Struck by an automobile James Tilden (Jimmy) Sheckard of the famous Chicago Cub "S" outfield died Wednesday at the age of 68.

Jimmy who spent 14 years in the big leagues after the turn of the century, suffered head injuries Sunday night when hit while walking along a highway to his job as attendant at a gasoline service station.

Tantalum, an inert, heavy metal, is unaffected by most acids, melts only at 2900 C., and is as hard as steel.



Men court girls
who serve cocoa;
Men marry girls
who serve FRY'S!

Fry's richer *chocolate* flavor makes all the difference between *just* a cup of cocoa and the *best* cup of cocoa you've ever tasted!

After chores, at breakfast, at bedtime — big chocolaty cups of Fry's are nourishing, satisfying, delicious!

Remember, too — your reputation for cooking will soar when you use Fry's for flavor! Cakes, cookies, desserts, and sauces have a richer *chocolate* taste when they're made with Fry's!

Record of Safety For T.C.A. Shown

WINNIPEG, (CP) — Trans-Canada Airlines flew 63,188,200 passenger miles for each passenger killed in the period from 1939-1946, it was learned Wednesday.

During the same period, 189,564,602 miles were flown for every crew member killed.

The Airline recorded one fatal accident in the seven-year period. A crash at Armstrong, Ont., in 1941 took the lives of three crew members and nine passengers.

There was one passenger fatality in 7,234,964 plane miles and 21,704,839 plane miles were flown for every crew member killed.

(A plane mile is the flight of an aircraft one mile and a passenger mile is the movement of one passenger one mile. If a plane carrying 50 passengers flies 100 miles, it registers 100 plane miles and 5,000 passenger miles.)

A report released in Washington by the Civil Aeronautics Board safety bureau said scheduled airplanes in the United States flew 3,466,755 miles for every passenger killed and 13,452,280 miles for every crew member killed during the 1939-46 period.

Innisfail Doctor Cleared of Blame

CALGARY, (CP)—Action against Dr. W. F. Carscallen of Innisfail for $10,000 damages charging negligence in the treatment of an injury was dismissed in supreme court here Tuesday when a civil jury returned a verdict finding no negligence by the doctor. The action was brought by Audrey Jane Bolton of New Westminster, formerly of Bowden, Alta., who suffered leg and hip injuries in an accident Feb. 12, 1944.

She claimed that after the accident Dr. Carscallen failed to diagnose a dislocated hip which was said to have resulted in her permanent disability.

Scream Saves Boy When Fire Breaks

VANCOUVER, (CP) — Four-year-old Douglas McNab became so frightened when fire broke out in his home here Wednesday that he hid under the bed. But his panic-stricken scream probably saved his life and his home.

His mother, Mrs. Leslie McNab, ran into the room in answer to his scream and found a fire in the clothes closet.

Mrs. McNab had difficulty in finding her son, but finally located him under the bed, practically surrounded by fire.

TIME LIMIT

"Edith," he whispered, "will you marry me?" "I don't know, Tom," she replied coyly. "Well, when you find out," he said, rising, "send me word, will you? I shall be at Eva Gordon's until 10:00 o'clock. If I don't hear from you by then, I'm going to ask her."

Ultra-Modern Headquarters Opened by Edmonton Motors

Edmonton Motors official opening of its main downtown headquarters was marked Wednesday afternoon, together with the 22nd anniversary of the firm when Frank J. Wolfe, president and managing director, cut a double four-tiered birthday cake.

Mayor Ainlay attended the ceremony which launched Edmonton Motors on its post-war career in a new, modern setting just one-half block south of Jasper ave. on 102 st.

The building has been completely refaced and generous use made of glass brick and modern lighting. It contains all the main offices, spacious showroom space for new and used cars, General Motors parts and accessories wholesale and retail distribution centre for northern Alberta. The firm is agent for Chevrolet and Oldsmobile cars and Chevrolet trucks.

Three Branches Operated

In addition to the downtown headquarters, the three community branches operated during the war will be continued, the west-end branch at 115 st. and Jasper ave. being converted to an exclusive truck branch for both sales and service.

The downtown centre boasts the most modern mechanical equipment and offers a completely modern set-up for the servicing of passenger cars. The garage section of the building is featured by a "drive through," with entrances and exit on 102 st. and on the alley between 101 and 102 st.

According to Mr. Wolf the "dirty work" on cars will be done in the basement with the first floor equipped for lubrication, brake and other jobs. The service manager is installed in a comfortable office in the garage the floor of which has been marked off to allow the most accommodation for cars.

Daylight Atmosphere

Unlike the ordinary garage, the Edmonton Motors garage is well-lit making it possible for the skilled mechanics to work in daylight atmosphere. Fluorescent lighting has been installed and electricity also is being used in a new feature to open the huge sliding garage doors by pushing a button. The walls and ceilings are painted white to give added light.

The whole interior is one of the utmost cleanliness. All except the office staff are dressed in white coveralls. There are 100 staff members. Thirty-seven of the staff with Edmonton Motors when war broke out enlisted in the three armed services and practically all have returned under the firm's generous rehabilitation scheme. Of those who have joined the staff since the end of hostilities, the majority are ex-servicemen.—Advt.

Tax Prepayments at All-Time High For Amount Paid in Single Day

An all-time record for any one day of tax prepayments was set Wednesday, when $352,569.29 was paid into the city assessor's office to bring the total of prepayments for 1947 to $1,516,455.25, compared with $1,380,354.82 for the same period last year, an increase of $137,100.45, according to figures released by Thomas Walker, city assessor.

Officials of the assessor's department are confident that the final figures this year will exceed the record payments made in 1945. They said that hundreds of letters mailed on Wednesday have still to be dealt with, and many of them are known to be for substantial amounts.

Large payments made Wednesday include: Credit Foncier, F.C., $31,362; Safeway Stores Ltd., $12,195.53; Famous Players Canadian Corporation, $19,300; H. M. E. Evans and Co., $12,615; Northern Alberta Railways, $6,650; Dower Bros. Ltd., $6,500; Edmonton Journal, $5,840.

Cockshutt Plow Co. Ltd., $5,625; Crescent Building, $4,428; Weber Brothers, $4,079; Louis Lucas, $4,000; Horne and Pitfield Ltd., $4,000; Western Radio Distributors, $3,600; Provincial News Co. Ltd., $3,400; Thomas Building Ltd., $3,000; LaFleche Brothers, $2,489.

Northwestern Utilities Ltd., $55,000; Canadian Pacific Railway Co., $33,500; Northern Hardware Co. Ltd., $10,553; Northern Alberta Dairy Pool, $6,190; Edmonton Stockyards, $4,500; Kitchen Building Ltd., $4,820; National Trust Co., $8,870; Dominion Motors Ltd., $2,300; Wolfe Co. Ltd., $3,361; Waterloo Motors Ltd., $3,318, and Gorman's Ltd., $2,800.

Await Agreement With City

Soon to Assemble Refining Plant Here

Assembly of the first unit of the tantalite refining plant, to be set up in temporary premises at 142 street, will start as soon as agreement is reached with the city concerning water supply and construction of a water tank, Dr. Daniel Gardner, consulting engineer for Tantalum Refining Company of America, Ltd., said in an interview here Thursday.

DR. GARDNER said that machinery for the first unit of the plant, worth $80,000 has arrived in Edmonton from Garfield, New Jersey, and it is hoped to have this unit operating by the end of the summer.

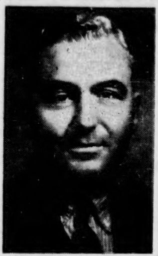
Donald Parkin, technical constructing engineer, and expert in electronic processes, is here to supervise installation of the machinery.

THE COMPANY has purchased property at 125 avenue and 97 street from the city and the CNR, which is to become the site of a permanent refining plant, where it is planned to refine all tantalite mined in the North West Territories, where the second largest deposits of this highly strategic mineral have been discovered.

When the complete plant is in operation it will have a capacity of one ton for every 24 hours of operation.

APPOINTMENT of E. S. Clarry, former Edmontonian and trade commissioner at Ottawa and Toronto for several years, as president of the refining company, was announced by Dr. Gardner.

Mr. Clarry will come here soon to take over his new post.



CMA HEAD: Fred W. Kemp, who was elected chairman of the Edmonton branch, Canadian Manufacturers Association at the annual meeting held in the Macdonald hotel Wednesday night.

Motor Firm Opens New Repair Shop

A modern service in all phases automobile repair work, in fact everything a motorist desires from a quick car wash to a new car, can be had at the new branch of Edmonton Motors Ltd., which was opened Wednesday on 102 street, one block south of Jasper.

EVERYTHING IN latest equipment is installed in the newly remodelled and redecorated two-storey building. Added to this is a number of accessories which will add to the comfort of the 100 workmen in the establishment, including showers, recreation room and lunch counter.

On the main floor new Chevrolet and Oldsmobile cars are on display.

Just off from the showroom, is the large garage where minor repairs, such as brake testing, changing oil and car washing is carried out. In the basement there is another large floor space where heavy repair work, such as complete overhauling is done. Also in the basement is a room where used cars are displayed for sale.

ALL GARAGE DOORS in the building open and close with the push button system.

Dies Suddenly

Norman Bruce Anderson, 56-year-old resident of Alliance died suddenly about 10:15 p.m. Thursday, while seated in a theatre in Alliance. Dr. S. N. Palmer, coroner for the district, said the man died from heart seizure, and no inquest would be necessary.

For the last 23 years Mr. Anderson was the station agent for the CNR at Alliance. He is survived by his wife.

Accused Will Stand Trial

William Cowie, who was apprehended Tuesday night by city police and charged with being in possession of explosives, was committed for trial in supreme court by Magistrate A. I. Millar, KC, on Thursday morning. The accused was originally put over until Jan. 21 but Thursday morning the crown asked that the case be dealt with then.

Counsel for Cowie told the magistrate that the accused would waive preliminary hearing and admit that there was enough evidence for trial in supreme court.

Fred Tierney and Paul Johnson, arrested on a vagrancy charge after it was reported that they had been in company with Cowie earlier Tuesday, were sentenced to two days imprisonment from date of arrest and were warned by the magistrate to leave town. They said they had just been passing through the city on their way to Saskatoon.

Officials Talk Seed Cleaning

O. S. Longman, deputy minister of agriculture, announced Thursday that he and other officials of the provincial agriculture department held a conference in Calgary recently with representatives of Northwest Line Elevators Association to make plans for improvement of seed cleaning facilities in the province.

Nothing definite in the way of a plan was agreed upon but negotiations between the department and the association are continuing.

Mr. Longman said that farmers have been urging that elevators do the seed cleaning and improve facilities for so doing.

The association represents all the grain elevator companies in the province.

AT CMA ANNUAL MEETING: Pictured above are officials of the Edmonton branch, Canadian Manufacturers Association, and guests at the head table at the annual dinner meeting held in the Macdonald hotel Wednesday night. Left to right they are: **G. E. Carpenter**, Winnipeg, manager, prairie division, CMA; **J. M. MacArthur**, general manager, Northern Alberta Railways; **Hon. C. E. Gerhart**, minister of trade and industry; **E. G. Ellerton**, retiring chairman, Edmonton branch CMA; **Thomas Ashenhurst**, manager, Alberta branch, CMA; **Russell J. Bradley**, vice-chairman, Food Brokers Association of Canada; **C. D. Jacox**, vice-chairman, Alberta branch CMA and **A. J. Maure**, chairman, provincial legislation committee, CMA. Fred W. Kemp, newly-elected chairman of the Edmonton branch, was out of the city and unable to be at the meeting. E. G. Ellerton presided.

Edmonton Branch Holds Annual Meeting

Fred W. Kemp Heads Manufacturers; Minister Points to Industrial Growth

Fred W. Kemp, manager, British American Paint Co., was named chairman of the Edmonton branch, Canadian Manufacturers Association at the annual meeting of the branch held in the Jasper room, Macdonald hotel, Wednesday evening.

HE SUCCEEDS E. G. Ellerton as chairman, who presided at the dinner. About 100 members of the branch were present and Hon. C. E. Gerhart, provincial minister of trade and industry was guest speaker.

Others named to the executive include vice-chairman A. E. Rocque; and the executive committee is comprised of the following: G. M. Cormie; J. G. Buchanan; W. Herb Tait; Swan Swanson; Maurice Gravel; W. F. Empey; J. L. Johnston; E. F. Glover; C. V. Bohannan and W. H. Stauffer.

Guests of honor and others at the head table included: Hon. C. E. Gerhart; J. M. MacArthur, general manager, Northern Alberta Railways; G. E. Carpenter Winnipeg, manager, prairie division, CMA; Russell J. Bradley, vice-president CMA; A. J. Maure, chairman, provincial legislation committee, CMA; and Thomas Ashenhurst, manager, Alberta branch, AMA, and Mr. Ellerton.

DURING THE DINNER, special entertainment was provided in the form of a skit, presented by Dalton Elton, on "The Life of Stephen Foster," featuring as soloist, Miss Berneice McBeth, and with a supporting cast.

The address of Mr. Gerhart was the main feature of the evening. It was titled "Industry—a Blessing."

J. M. MacArthur, spoke briefly

(Continued on Page 13)

The speed of industrial development in Alberta, and the movement of industries to Alberta is confirmed when, in one year, it is seen that 50 new industries are definitely and positively making their plans and commitments to become established in this province.

THIS WAS A statement made by Hon. C. E. Gerhart, minister of trade and industry, when he addressed members of the Edmonton branch, Canadian Manufacturers' Association at their annual meeting in the Macdonald hotel Wednesday night.

The meeting took the form of a dinner meeting, with an entertainment hour anr business session following. E. G. Ellerton., branch chairman presided.

Mr. Gerhart's address was titled: "Industry—A Blessing."

"THAT SPEED of industrial development is also well illustrated," said Mr. Gerhart, "by the figures recently published by the Dominion government on industrial loans for small and medium-sized industries. Of a total of $2,000,000 loaned, with an average of $46,000 for 205 loans, having an average term of five years, Alberta received $742,000 — $300,000 more than her nearest western competitor, British Columbia, received."

This is "another confirmation of a statement made often during the

(Continued on Page 13.)

Cash for Business Needs

Veterans' Loan Act in Force

The Veterans' Business and Professional Loans Act, which provides that a veteran may apply to a bank for a loan up to two-thirds of his total requirements, but not exceeding $3,000, became effective Wednesday, it was announced by J. W. Proctor, district administrator, department of veterans affairs, Edmonton.

"The purpose of the new act," he said, "is to encourage banks to provide additional funds at a comparatively low rate of interest, to assist veterans seeking to establish themselves in business or professions.

"Through the act, the government is not loaning money to veterans. The loans will be made by chartered banks, and the banks themselves will decide on the credit status of those applying. Veterans are advised to make direct application to their banks for loans."

The minister outlined the provisions of the act. Loans may be applied for, in the following cases: One, for the purchase of a business or partnership; two, purchase or repair of machinery and tools, for his business; three, construction, repair or alteration, of or making of additions to any building used in carrying on of business and four, for any purpose which may be deemed to benefit the business.

Maximum term of the loan is five years, and the rate of interest is five percent.

Rites on Saturday For S. Lamoreux

A funeral service will be held at 10 a.m. Saturday at St. Joachim's Church, for Stanislaus Lamoureux, Legal, who died Thursday morning. Mr. Lamoureux was 70 years old.

He is survived by four daughters, Mrs. W. Brulotte, New Westminster, B.C.; Mrs. Arthur Ruelle, Roslyn, B.C.; Mrs. Adrien Charrois, Edmonton; Mrs. W. Hebbel, Edmonton; two sons, Leandre and Leonard, both of Legal and 21 grandchildren.

A PRAYER service will be held in the Connelly-McKinley funeral home at 8 p.m. Friday, and another service at the funeral home at 9:45 a.m. Saturday. The Rev Father E. Forrestier will officiate at the service at St. Joachim's Church.

Burial will take place in the family plot in Edmonton Roman Catholic cemetery.

MAKES GOOD HAUL

A prowler made a good haul when he entered St. Stephens College on Monday afternoon. Ralph Nixon who has living quarters in the basement stated that two electric razors were stolen from his room while he attended classes between 2 and 3 p.m. During the same hour, W. A. Falk told police, a camera was stolen from his room.

Weather Here To Turn Cold

Colder weather, with continuous snow Thursday evening, was forecast today by the Dominion weather office. Overcast skies, with snow flurries will prevail Thursday afternoon, with colder weather in the evening with continuous snow that will stop Friday morning.

WIND FROM the west at 15 miles an hour will shift to the northwest at 30 miles an hour Thursday afternoon, decreasing Friday morning, is forecast.

Maximum temperature for Friday is expected to be 10 degrees above, while the low temperature Thursday evening will be 10 below.

High temperature Wednesday was 29 degrees above at 11:30 p.m.; low was 14 degrees below at midnight Tuesday.

Sappers' Meeting

Former members of the 9th Army Troops Company Royal Canadian Engineers are requested to attend a meeting to be held at the Memorial Hall at 8 p.m. Friday. The newly formed Sappers Club is still in the organization stage and plenty of work remains to be done. Arrangements will be made for a reunion banquet to be held as soon as possible.

Plan to Select Carnival Queen

Applications for the title of carnival queen of the Scona Centre community league annual carnival, to be held Friday, Feb. 14, at the rink, must be handed in before Saturday, Jan. 18, it was announced today. The applications, which must be signed by three community residents, may be turned in to John McGregor or William Hopkins, at the rink, 86 avenue and 101 street.

REGIMENTAL PARADE

The Loyal Edmonton Regiment will parade at the Prince of Wales Armory at 8 p.m. Thursday for training.

Federal Minister Conferring Here

Provincial government officials were conferring Thursday afternoon with Rt. Hon. James G. Gardiner, Dominion minister of agriculture, Premier Ernest Manning announced.

Matters that were to be taken up with Mr. Gardiner were not named.

Mr. Gardiner was to address a public meeting in the Masonic Temple Thursday evening.

Report Is Received on Success Of Civic Improvements Campaign

Reporting on the success of the recently-conducted local improvements campaign, E. T. Love, chairman of the civic betterment committee, Chamber of Commerce, said that up to Nov. 15, 1946, petitions involving $1,193,011 expenditure had been received by the city. He gave his report at a council meeting of the Chamber of Commerce Wednesday.

The campaign was carried on by the civic betterment committee, to interest citizens in having their streets improved.

He stressed the importance of continuing this work and of pressing for a road program in the coming years and urged the committee co-operate with other groups working for the betterment in paving, lighting city streets and other improvements.

He asked that the following be inriuded on the dommittee for the year: R. J. Bradsey, J. A. Christiansen, V. A. Porter, R. V. MacCosham, J. M. McKenzie and J. A. Weber.

Shot Fired At Girl, 18

A teen-age high school student admitted Wednesday to city police that he was responsible for discharging an air rifle recently and causing injury to 18-year-old Netta Tough, 11830 77 street. The pellet struck the girl in the left thigh, and although it did not break the skin, an injury to the nerve in the leg was suffered which will keep the girl from her employment for about a week or ten days.

The youth told police that, while in company with a 17-year-old friend, he fired the shot from a window in his home in order to make the snow jump around the girl and give her a scare. He said he did not intend to hit the girl, and was surprised when he saw her limp away. The incident occured near 77 street and 118 avenue.

New Buses Delivered

Three trolley buses, constructed by the Canada Car and Foundry Co. Ltd., Fort William, have been delivered to the city, and nine others will be delivered within the next 10 days according to Thomas Ferrier superintendent of the Edmonton Transportation System.

The shipment will increase the city's total of trolley buses to 42, Mr. Ferrier stated.

Two service engineers from Fort William are assisting Edmonton mechanics to ready the buses for operation. They are equipping them with frost shields, and are inserting spec flooring material which prevents passengers from slipping.

Mr. Ferrier said the new vehicles will be put into service on existing routes to relieve the present crowding.

Ten more buses on order with the company will be shipped in the spring, Mr. Ferrier stated.

Rycroft Resident Dies in Edmonton

William Alexander Anderson, of Rycroft, died in a city hospital Monday of this week. He was 78 years old.

MR. ANDERSON was an old-timer in the Fort Saskatchewan area, having taken a homestead at Lamont in 1895. Two years later he moved to Fort Saskatchewan, and then to Lavoy in 1924. He lived there, and at Rycroft, until 1942 when he retired.

He was predeceased by his wife in 1916. He is survived by one brother, Samuel, of Lamont; four sons, Howard, Rycroft; Maurice and Fred of Watino, and Lloyd of Northumberland; three daughters, Mrs. John Miles, Clairmont; Jean Anderson of Edmonton and Mrs. F. Wells, Wanham.

A FUNERAL SERVICE will be held Friday at 2:30 p.m. from Hainstock's funeral chapel, with Maj. G. W. Luxton, Salvation Army, officiating. Burial will take place in the family plot at Fort Saskatchewan cenetery.

Dismiss Appeal Of Gordon Mellish

Appeal by Gordon Mellish against conviction by Chief Justice W. R. Howson and three years sentence, imposed on a charge of being in possession of narcotics, was dismissed by the Alberta court of appeal Thursday.

THE COURT also dismissed an appeal by Alex Semeniuk, Edmonton, against conviction by Mr. Justice Hugh John Macdonald and six months sentence on a charge of obtaining a threshing machine separator by means of a worthless cheque. Semeniuk, who was out on bail pending the disposition of his appeal, was taken into custody to serve his sentence.

Clinton G. Gardiner, Edmonton, won a new trial when the court allowed his appeal against conviction by Chief Justice W. R. Howson on a statutory offence charge.

To Discuss Bridges

A meeting of the utilities committee of city council will be held Friday afternoon at 4:30 o'clock at which the city's policy on bridge alterations and new bridges will be discussed.

BUGLE BAND PARADE

Members of the 19th Armored Car Regiment (Edmonton Fusiliers), RCAC, bugle band will parade at Victoria Armory at 8 p.m. Thursday.

Churches to Hold Annual Meetings

Annual meetings of four churches, associated with All People's Mission, will be held during the next week, it was announced by the Rev. Dr. J. T. Stephens, superintendent of the mission.

THE FOLLOWING dates were announced: Bissell Memorial, Friday at 8 p.m.; Beverly Church, Thursday at 8:30 p.m.; Forest Heights, Monday, Jan. 20 at 8 p.m., and Rundle Church, Wednesday, Jan. 22 at 8 p.m.

I SAW TODAY: John "Lefty" Ducey inspecting several new houses on the South Side for insurance coverage.

AND

Walker Blake parking in front of the Provincial building; **Dr. Hay-Roe** entering an elevator in the Tegler building; **Andy Eagle** walking north on 100 street; **Tommy Champion** leaving for Calgary on a holiday; **Jimmy Stevenson** checking a shipment of furniture; **Shorty Kirstine** discussing service club matters with a fellow "Lion," **Jim Kellas** talking to a friend at Jasper avenue and 100 street.

Reports Submitted At St. Andrew's

All phases of the church's work enjoyed success during 1946, it was disclosed in reports submitted to the annual meeting of St. Andrew's Presbyterian church held Monday night.

The financial report showed that there is a surplus on hand, after meeting liabilities, of between $700 and $800.

The meeting accepted with regret the resignation as minister, of the Rev. H. Douglas Stewart. The congregation previously had been advised of the resignation, and its acceptance was confirmed by the meeting.

The Rev. Gordon Troyer, who has been supplying since Mr. Stewart left the city, will continue in this capacity, and a permanent appointment is expected in the near future.

Re-elected to the board of management were Mrs. A. Gibb, James Scott and Alex Ingram. O. L. Dempsey resigned from the board. New members appointed were D. Parnham and M. Anderson.

Forecasts for the current year were encouraging and the various organizations within the church are planning active and varied programs.

Again Ask License For Station CKUA

Hon W. A. Fallow, provincial minister of public works and telephones, said Wednesday he had made application to the Dominion cabinet for a commercial broadcasting license for radio station CKUA in Edmonton.

THE STATION which is operated now on a non-commercial basis by the department of telephones has been refused a commercial license on previous occasions by the board of governors of the Canadian Broadcasting Corporation.

Recently it was announced that all appplications for commercial broadcasting licenses from provincial governments would have to be made to the federal cabinet.

Mr. Fallow has acted upon this information. He said he expected a reply from Ottawa in about a week's time.

Recreation Meet

A meeting of the Edmonton Recreation Commission will be held at the council chamber, Civic Block at 8 p.m. tonight. The meeting will hear reports of work done by the commission in the last year and will discuss future activities.

G. H. (GORDON) HOOD
Parts Manager.

A. (AD) BERG
Service Manager.

L. H. (LOU) DAVIDSON
General Service Superintendent.

Miss M. Paxton-A.Keroack Wed at St. Joachim's Church

St. Joachim's church was the scene of a wedding ceremony Saturday morning, when Miss Maureen (Mickey) Paxton, daughter of Mrs. Jessie Paxton of Edmonton, became the bride of Albert Arthur Keroack, son of Mr. and Mrs. A. J. Keroack, also of Edmonton. The Rev. Father J. A. McLellan officiated.

THE BRIDE wore a formal gown of white sheer fashioned with a lace panel down the front and long lace sleeves. Her full-length veil was caught to her head with a wreath of orange blossoms and she wore a small silver cross, belonging to her mother. An arm bouquet of deep roses completed her ensemble.

Miss Kay Hopper was the bride's only attendant. She wore a tea-length frock of pastel pink sheer and a matching chapel veil. Her bouquet was of pink carnations.

Mr. Aime Keroack, brother of the bridegroom was best man. Ushers were Tony and Joe Keroack also brothers of the bridegroom.

Louise Paxton, sister of the bride, was flower girl. She wore a frock of pale yellow taffeta, trimmed with rose, and carried a colonial nosegay.

Mrs. A. Brissette played the wedding music and during the mass, Miss Helen Lavoie sang Ave Maria and Panis Angelicus.

FOR HER DAUGHTER'S wedding, Mrs. Paxton wore a navy blue frock with a shoulder corsage of red roses. The bridegroom's mother was also in navy blue complimented with a corsage of Talisman roses.

After the ceremony, a reception was held at the home of the bridegroom's parents. White streamers and pink and white flowers decorated the rooms for the occasion. The bride's table was centred with a tiered wedding cake flanked with lighted white tapers.

Father McLellan proposed a toast to the bride.

For a honeymoon trip to Calgary, the bride changed to a pastel blue dressmaker suit and brown accessories. She wore a corsage of red roses.

The couple will reside in Edmonton.

Country Rinks Enter Bonspiel

Present indications point to the possibility of a record entry list for the 20th annual bonspiel of the Northern Alberta Ladies Curling Association which gets underway in Edmonton on Monday, at the Edmonton and Granite Curling rinks. Many entries from outside points have been received and it is expected that a record number of city rinks will be on hand when the first rocks are thrown.

To date the following strong country rinks have been entered: Barrhead skips Mrs. T. W. Roberts and Mr. W. Hawkey; Bentley skip, Mrs. A. Palmer; Edson skips, Mrs. T. McLeod and Mrs. J. Jarvie; Ponoka skip, Mrs. V. Girling; Sedgewick skip, Mrs. C. E. Blakeney; Red Deer skip, Mrs. A. M. Lees and Vegreville skips Mrs. A. W. Shaw and Mrs. Charles Branton.

W. M. Sells will be in charge of the draw.

Tests with butterflies prove that the color, and not the odor, of flowers attracts them.

ENGAGEMENT ANNOUNCED: Miss Betty Jean MacMillan, whose engagement to Herbert Edward Clement was announced today by her parents, Hon. D. B. MacMillan, Alberta minister of agriculture, and Mrs. MacMillan. Mr. Clement is the only son of Mr. and Mrs. P. S. Clement of Edmonton. The marriage will take place in Metropolitan United church chapel on Jan. 25 at 7 p.m.

Miss Yvonne Bernard Is Bride of Daniel Pope Jr.

Bouquets of chrysanthemums decorated the altar in St. Joachim's Church Thursday morning, forming a floral setting for a ceremony at which Miss Yvonne Lea Bernard, third daughter of F. Bernard of Vimy, became the bride of Daniel Pope Jr. son of Mr. and Mrs. Daniel Pope of Hudson Bay Junction, Sask. The Rev. Father Forrestier officiated.

GIVEN IN MARRIAGE by her father, the bride wore a floor-length gown fashioned with a bodice of white brocaded satin and bouffant white net skirt. The gown featured a rounded neckline and long sleeves. With it, she wore a formal veil caught to her head with a Mary Queen of Scots headdress. Her only jewelry was a pearl necklace, gift of the bridegroom. Completing her ensemble, she carried a bouquet of red roses and white chrysanthemums.

Miss Louise Bernard was her sister's only attendant. She wore a frock of turquoise blue taffeta, featuring a full skirt, rounded neckline and short, puffed sleeves. Her chapel veil and long mittens were of matching blue, and her bouquet was of pink carnations.

WALTER CUNNINGHAM was best man, and two brothers of the bride, Henry and Adrien Bernard were ushers.

Mrs. Annette Brissette gave two vocal selections during the mass.

After the ceremony, a reception to 40 guests was held in Merrick's Embassy Room. The bride's table was centred with a tiered wedding cake, flanked with tall white tapers.

Early in the afternoon, another reception was held at the home of the bride's sister, Mrs. Jean Beauchamp. Mrs. Beauchamp received her guests wearing an afternoon frock of grey crepe, black accessories and a shoulder corsage of pink roses. The Rev. Father Forrestier proposed a toast to the bride.

AFTER A BRIEF honeymoon in Calgary, the couple will take up residence in Edmonton at 9905 112 street.

For travelling, the bride changed to a royal blue dressmaker suit, black accesories and black seal topcoat.

Nurses Group Holds Meeting

Miss Madeline McCulla was elected president of the Alberta Association of Registered Nurses, District No 7 at the annual meeting of that organization in the Misericordia hospital, Tuesday evening.

Other officers named include secretary, Miss [illegible] P. Boyd and treasurer, Miss M. Bell.

Private duty nurses' fees will be raised from $5.00 to $6.00 for an eight hour day. This will take effect Feb. 1.

At the close of the business meeting, Mrs. Chester Gainer gave an informal address on the subject "Parliamentary Procedure."

Had 23 Kiddies, Happy at 49

PETERBOROUGH, Ont., Jan. 16 (CP)—At 49 she's happy and carefree, says her nerves are "either good or I haven't any," has had 23 children and today manages a household of 21 persons.

However, Mrs. James Crough of this city says her chores aren't as difficult as they were in the slim days between 1932-38.

"WE BAKED our own bread when we were living out of the city," Mrs. Crough recalled. "About every nine days we used 100 pounds of bread flour."

Of her 23 children, 17 are now living, four of whom are married and living away from home. But the household still consists of Mr. and Mrs. Crough and family, the husband and three children of one daughter, and Mrs. Crough's brother, Oswald Crowley.

Of course, her household doesn't eat as much as formerly — the children are older and bigger — but it does require six loaves of bread and six quarts of milk daily.

"WE HAVE NO trouble using up our butter coupons," said Mrs. Crough. "Our ration books allow us about eight pounds weekly."

Starting her day at 6 a.m., she rarely retires earlier than 10 p.m.—sometimes it's one a.m. And, like most mothers admits she breathes easier when eight of her brood are dressed, washed, fed and on their way to school.

Four of her sons answered Canada's call during the war and three served overseas. Medical grounds barred the fourth.

Comes end of any normal day, Mrs. Crough tired but cheerful repeats—children don't bother her nerves.

Auxiliary Names Officers

Mrs. W. Hammett was unanimously returned to office as president of the Women's Auxiliary of Holy Trinity Church at the annual meeting held in the vestry Tuesday afternoon.

OTHER OFFICERS named for 1947 include: first vice-president Mrs. Robert Molloy; second vice-president, Mrs. J. McGregor; recording secretary, Mrs. L. Roberts, treasurer, Mrs. C. Manahan; corresponding secretary, Mrs. M. F. H. Browse; educational secretary, Mrs. M. E. Hall; Dorcas secretary, Mrs. L. May; hospital visitor, Mrs. E. Flavin; UTO and DTO secretary Mrs. P. D. Fowler; ECD secretary, Mrs. W. Early; prayer partner, Mrs. Rose Cox; junior prayer partner, Mrs. K. Mansfield; girls prayer partner, Mrs. W. Tingle; Living Message secretary, Mrs. A. H. Rayment.

AMBULANCE UNIT

The 36th Light Field Ambulance (R) RCAMC will parade at the Prince of Wales Armory on Friday at 7:45 p.m. Dress: regulation. Training, as per syllabus.

CITY VISITOR

Fred Thomson, secretary of the Alberta Hotelmen's Association, is a business visitor from Calgary, a guest at the Macdonald hotel.

Mr. and Mrs. West were married in Edmonton by the late Dr. D. G McQueen of First Presbyterian Church.

Elsie Jean Burton Wed At Metropolitan United Church

Metropolitan United Church was the scene of the wedding Jan. 11 of Miss Elsie Jean Burton, daughter of Mr. and Mrs. J. F. Burton of Edmonton, and Charles Henry Davidson, son of Mr. and Mrs. C. H. Davidson of Spirit River. The ceremony was performed by the Rev. R. McElroy Thompson. Miss Mary Shalen played the wedding music and Miss Cora Shalen was soloist.

GIVEN IN MARRIAGE by her father, the bride wore a gown of white sheer having brocade trimming. Her veil was chapel length and she carried a bouquet of red roses. A silver locket, gift of the bridegroom was her only jewelry.

Mrs. Ruth Nibbs was her sister's only attendant. She wore a pink taffeta gown and carried a bouquet of pink carnations.

Best man was Chester Mullback.

FOR HER DAUGHTER'S wedding, Mrs. Burton chose a blue floral dress complemented with black accessories and a corsage of red roses.

After the ceremony a reception was held at the home of the bride's parents, where Mr. Mullback, best man, proposed the bridal toast.

They left later for a wedding trip to Calgary.

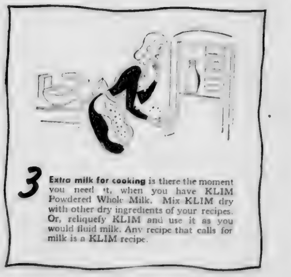
The Womans' Specialty Shop

For moments like these . . . KLIM is the milk you need!

1 **At the most inconvenient** times, you have safe, pure milk for baby with KLIM Powdered Whole Milk on hand! Delicate systems digest KLIM easily, because it forms finer fat droplets and a softer curd. Doctors prescribe KLIM for infants.

2 **Unexpected company** makes no milk problem, if you have KLIM Powdered Whole Milk in your home. KLIM is wonderful for creaming coffee or tea! Marvellous for drinking and cooking! Just like using fresh milk!



3 **Extra milk for cooking** is there the moment you need it, when you have KLIM Powdered Whole Milk. Mix KLIM dry with other dry ingredients of your recipes. Or, reliquefy KLIM and use it as you would fluid milk. Any recipe that calls for milk is a KLIM recipe.

Why KLIM is the perfect milk for emergencies

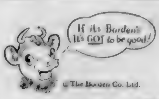
KLIM is rich, creamy, pasteurized milk from healthy, well-kept cows.

It provides all of the vitamins, minerals, proteins of fresh pasteurized whole milk. Only water has been taken out! Nothing's added! KLIM is fresh milk powdered under the strictest sanitary conditions.

In the unopened tin, KLIM keeps indefinitely. And, even after the tin is opened, *KLIM will keep for weeks—without refrigeration!*

Using KLIM is as simple as can be! Complete directions come with every tin.

Buy KLIM Powdered Whole Milk at any grocer's. Have a tin *always* on hand for emergencies! It KEEPS!



If it's Borden's It's GOT to be good!

Says Women Losing Power

BOSTON, Jan. 16 -(AP)- A man who should know said Tuesday that American women are losing their power over men — and it's largely their own fault.

Dr. Lynn T. White, Jr., president of Mills College for Women at Oakland, Calif., told the American Association of Colleges that he feared the opinion was increasing among men that "women are very expensive — they want a lot for what they give."

"THE RESULT is that a woman's bargaining power, which means in the long run her self-respect and social status, is today less than it used to be."

One of the things to blame for this was "the concept of romantic love. Untold numbers of women have been deluded by the romantic craze into entering inherently unstable marriages."

Dr. White, the father of two children, said:

"The movies, the radio and the entirety of modern fiction today present marriage as the consummation of a courtship . . . based on sex attraction and nothing else . . . rather than as a process by which a man and woman live together for a lifetime."

ANOTHER reason women's hold is growing weaker, he added, is that women live longer than men.

"Women are soft and tough," he said, ". . . and men die in higher proportion than women and now in America we have a surplus of women.

"What of the future when perhaps several million American women will be unable to have husbands and families, even if they want them?"

Dr. White expressed the belief that the road back to power is through colleges for women which develop "self-confidently womanly women."

Manufacturers

(Continued from Page 9)

on the relationship of the railways to the manufacturing industry, and the industrial development of the province. G. E. Carpenter, Winnipeg, manager, prairie division, CMA, also spoke briefly on association matters.

DURING THE MEETING, members stood a moment in silence, in respect to the memory of James E. Walsh, Toronto, former assistant to the president, who died this year.

The legislation committee submitted its report, stating that many matters in connection with legislation and taxation questions, affecting the association, had been studied. The membership report was also given.

T. Ashensurst, manager of the Alberta branch, and staff of the Edmonton office were tendered a vote of thanks for their efficient service during the year.

In his annual report E. G. Ellerton, retiring chairman, said, "The challenge of 1947 is, in many respects, outside of the recent war, greater than any which has faced us before."

"We, as manufacturers," he said, "intend to do our part in the reconversion period, and must be ready to fight, to protect and preserve free enterprise."

WORK STOPPAGES and strikes in steel, rubber and other industries have "wrought widespread interference with the course of trade recovery." The loss has been cumulative and has effected "the whole range of export industries, whose output has been reduced by their inability to secure raw materials produced by the plants in which strikes have occurred," he said.

"They have retarded our building, housing and reconstruction programs; increased the scarcity of commodities, increased prices in addition to decreasing the flow of supplies to the outside world."

He urged members to "co-operate fully in all CMA efforts made on behalf of industry, and the community at large," saying that it "would result in the better welfare of industry, workers and consumers alike."

"THIS COUNTRY must maintain and increase exports, or decrease the percentage of domestic consumption," he said.

He spoke of many CMA activities—distinguished visitors, the results of committee work, and the progress, in general, of the branch during his two-year tenure of office.

MARRIED 53 YEARS JAN. 19—Mr. and **Mrs. Kenneth Stuart,** 11333 80 street who will mark the 53rd anniversary of their wedding quietly at their home Sunday. They were married in Scotland in 1894 and have been living in Edmonton and Calgary since 1911.

Gerhart Speech

(Continued from Page 9)

past year and a half, that there is greater interest now in the vast quantity and great variety of natural resources in this province, than there has been in all the previous years put together," he said.

"IN ALBERTA, we have seen the transportation systems developing, and industry following at a snail's pace. We see the highways developing at a more rapid rate opening up the north and extending to the remote regions, the two blessings of industry — abundance and cheapness of goods.

"We see the aerial transportation systems of the world including Alberta cities on their trade routes with the inevitable industrial development accompanying that tremendous system. The speed of the industrial development here compares, too, with the speed of the development of aerial transportation, just as the speed of the industrial development compared with the speed of railway and waterway in earlier days.

"YOUR ASSOCIATION will confer upon the people of this province, great blesings an abundance of goods, lower prices, a higher standard of living and greater leisure, finer homes, clothes, higher education and more jobs."

"But there is another blessing the industrialists will have to bestow you will still have to bestow a way for those people to use the goods which you can so ably produce."

Workers, urged the speaker, will negotiate again for higher rates of pay in an effort to get a larger share of production. "They will strike for it. But they know now and you know, that higher rates of pay is not the answer," he said.

"THEY ARE COMING to realize this—that prices rise with raises in wages—and that both before and after the strike, their incomes only enable them to buy 15 per cent of your production.

"Therefore, I suggest to you, that it will not be long before the strike, not for dollars but for percentages. They will strike for a higher percentage of the total production, and after some reflection you yourselves will agree that they should have it. Otherwise, you will again see people unable to consume your total production and you will have to curtail it."

THESE FORCES are still operating, however obscure they may be at the present time, said the speaker. "Industrial development, or division of labor takes place so the worker can trade more goods so he can enjoy more leisure, and fundamentally it is he who does the job — not you."

"I believe," said Mr. Gerhart in conclusion, "that it is timely to suggest to our industrialists that they give some attention now to that problem which is inevitably coming.

"When our industries can help in the solution of that problem, they will have conferred upon their workers, and the people of this whole nation, blessings a thousand fold greater than any thus far conferred."

B. C. Bridegroom Is on the Dot

NORTHOLT, Middlesex, Eng., Jan. 16-(CP)-Richard Creelman, of Vancouver, former Canadian army paratrooper who always keeps his appointments, was homeward bound today with his 19-year-old bride, Verna.

They were married yesterday a few hours before they set out to make their home in British Columbia.

Creelman flew here from Canada after cabling "meet you at 12 o'clock dear on South Croydon station platform."

He was there on the dot, too, and Vera said "he always kept every appointment to the second."

Maid of Honor To Queen Dies

LONDON, Jan. 16 (AP) — Hon. Frances Mary Drummond, who for 30 years was maid of honor to Queen Victoria, died today. She was 99 years old.

Daughter of the ninth Earl of Strathallan, Miss Drummond entered the service of Queen Victoria when, 10 years after the death of the Prince Consort, the queen was still in deep mourning. She relinquished the post only when the queen died.

A fascinating talker on Victoriana, she retained as well a tremendous interest in the affairs of the world and of her own family.

Amateur Diplomats Size Up Likely Marriage of Princess

LONDON, Jan. 16 -(BUP)- Two British newspapers [illegible] their columns to permit amateur diplomats among their readers to size up the possible marriage of Princess Elizabeth to Prince Philip of Greece.

A flood of letters analyzing the prospective royal link of the Kingdom of the Hellenes with the House of Windsor poured into the news[illegible]. The Sunday Pictorial polled its readers to find [illegible] approved — and 40 per cent disapproved — of the rumored mar[illegible].

HANNEN SWAFFER, [illegible] columnist of The People, which boasts one of the world's largest [illegible] commoner.

The Pictorial [illegible] of those favoring the marriage especially the age groups from 14 to [illegible] and over.

The Pictorial said that phrases like "the right to live their own [illegible]

BUT A LETTER signed by [illegible] Williams said: "Any consolidated link with the Greek Royal family through [illegible] would be eyed with suspicion in several parts of the world and would probably undo all of Foreign Minister Ernest Bevin's fine work at the peace conference."

Miss Phyllis E. Jones said: "His photographs show Philip to be the type of man who would be attractive to most girls . . . although the prince probably has no large fortune he can hardly be supposed to be seeking one since he could lead a much easier and pleasanter life than that of the Prince Consort by marrying for instance an American heiress."

SWAFFER said that in contrast to the letters he has received from Britons, well-informed Australians and New Zealanders in London have indicated inhabitants of the two Dominions would hail the mar[illegible].

The letters showed that everyone from bluebloods to bootblacks wanted to give Princess Elizabeth advice on her romance. Clubs and soldiers' groups sent letters in the form of resolutions. One of the prize letters came from the Mayor of Winchester and his wife, [illegible] which favored the match and [illegible] like other foreign countries, deal with governments . . . not with [illegible].

Don't wear winter clothing indoors, keep the home and [illegible]

SALESMEN WANTED (21)

WE ARE
Manufacturers' Representatives, Distributors and Importers in the Toys, Novelty, Hardware, House-Ware, and Giftware line.
WE HAVE
An exceptionally fine range of samples of the above awaiting suitable representation.
WE WANT
An agency capable of giving our lines an intensive coverage of the entire Province of Alberta with established connections among the Jobber, Departmental, Chain, Retailers and Mail Order Houses. This agency will sell for our account on an exceptionally high commission basis.
FINANCIAL REFERENCES: The Provincial Bank of Canada, 200 Bernard Ave., West, Montreal 8, Quebec. If you reply, please state full particulars of your business, how many men you have selling, financial references, etc.
Please address replies to "Manufacturers' Representatives Reg'd," P.O. Box 35, Outremont 8, Quebec.

DEALERS Wanted — to sell Paula Products. Good commission. Excellent territory available. Box 99, Bulletin.

EXPERIENCED Traveller with car required by well established wholesale. Must have experience pertaining to building, hardware or garage business, (employees know this ad inserted) salary, expenses, bonus. Box 11 Bulletin.

AGENTS WANTED (22)

YOU are looking for something which will add to your income. There are 100,000 and more graves without monuments in western Canada alone. The average price of a monument is around $200. This means 20 million dollars worth of monuments can be sold and a lot of this is in your district. You know this. This is a good agency. Free outfit. Apply Box 80 Journal.

TEACHERS WANTED (23)

CAMROSE School Division No. 20. Teacher wanted for grades 7-8 and 9 to start Feb. 3, 1947. For further particulars write A. G. [illegible] Secy.-Treas., Camrose, Alta.

BEAUTIFUL JASPER PLACE
THE DISTRICT WITH A FUTURE
If you are looking for a home of your own with a small down payment and the balance on rental terms, we have a few 4-room bungalows which are ideal for a young family just starting out. Most of these are brand new homes which require around $1000 in cash and rental payments of $[illegible] a month for three to four years. Several of these little bungalows have had their duplicates passed by D.V.A.
These are really nice little homes in a lovely district.

New Peak Records By Imperial Life

TORONTO.—New peak records in service and growth were made by the Imperial Life Assurance Company of Canada, as reported by J. F. Weston, president, at the company's 50th annual meeting. Insurance and retirement annuities amounting to $60,786,000 were purchased through the company during the year, an increase of 46% over the record year 1945.

Total insurance in force now stands at $437,339,000. The significance of this figure is apparent. Mr. Weston indicated, when it is realized that 50 years ago, when the Imperial Life first opened its doors for business, there was in force in Canada in all companies only $344,012,000 of life insurance.

The measure of service is revealed in its jubilee year by the fact that, since incorporated, the company has disbursed in policy proceeds more than $164,813,000. At the same time it has built up assets to meet future obligations to policyholders of $137,567,000. In 1946 the premium and interest income amounted to $19,502,000, up $2,107,000 over that for 1945.

TORONTO STOCKS

TORONTO, (CP) — The volume for Thursday was 1,075,000 shares.

Senior golds posted 12 losses ranging from fractions to about 15 points including Central Patricia, La Luz, Little Long Lac, Macassa, Malartic, San Antonio. Base metals shaded on the gain side with point gains for Base Metals, Falconbridge, International Uranium, Sherritt Gordon and Waite Amulet. Junior golds were almost three to one for the losers, heaviest of which were Aunor, Campbell Cochenour, Giant, Heve, Macdonald.

MONTREAL STOCKS

MONTREAL, (CP)—Papers as a group were slightly lower Thursday and trading continued light. Utilities were featureless and industrials were for the most part unchanged.

Walker and Seagrams were softer in beverages, and in metals, Smelters, Nickel and Hudson Bay were lower and Noranda up ¼.

Grain Prices

EDMONTON GRAIN

Street prices for rye were quoted by the National Grain Company on Thursday: 2 C.W. 2.37⅝; 3 C.W. 2.32⅝; 4 C.W. 2.26⅛; ergoty 1.94⅛. Other grains remain steady at winter prices.

WINNIPEG GRAIN

WINNIPEG, (CP) — Irregularity featured trading in rye futures prices on the Winnipeg grain exchange Thursday. There was some buying on fairly liberal offerings. Trade was moderately active.

At the close prices were 1½ higher to 2⅞ lower with May 2.57¼; July 2.34½-⅝ and Oct. 1.83⅝B. The range, open, high and low: May 2.56⅜, 2.58½ and 2.54; July 2.37⅝, 2.37⅝, 2.33. Cash rye 2.58⅛.

CHICAGO GRAIN

CHICAGO, (AP) — Cash house entered the grain futures pits and provided a steadying influence Thursday after prices had broken as much as 4½ cents in the July wheat contract.

Wheat finished ⅝-1½ lower. Corn rallied sharply in the closing minutes and finished unchanged to ½ higher. Oats closed ½ to a cent down. Jan. wheat closed at 2.17, corn 1.32½.

SILVER PRICE CUT

NEW YORK, (AP)—The official price of foreign silver was lowered 1⅞ cents an ounce to 78⅞, Handy and Harman, bullion dealers, announced Thursday. This marks the third cut this week.

Rations in India's northwest provinces may have to be reduced, owing to substantial loans of grain made to other provinces, which cannot be replaced as imports from abroad have fallen below expectation.

Eczema Itch Eased In 7 Minutes

Your skin has nearly 50 million tiny seams and pores where germs hide and cause Itching, Cracking, Eczema-like Rash, Peeling, Burning Skin Blotches, Pimples, Ringworm, Foot Itch and other skin blemishes. Steers up to 1,050 lbs; choice, 14.00; good, 12.75-13.75; steers over 1,050 lbs; choice, 14.50; good 12.75-13.75; heifers, choice, 12.75-13.00; good, 11.50-12.50; medium, 10.00-11.00; fed calves, good, 13.00-13.50; medium, 11.00-12.50; cows, good, 9.75-10.25; bulls, good, 10.00-11.00, stocker and feeder steers, good, 10.00-11.25.

Good and choice veal, 14.00-16.00.

Grade B-1 hogs dressed 20.00.

Good lambs, 14.00.

ST. PAUL LIVESTOCK

SOUTH ST. PAUL, (AP)—Cattle 4,600; most good steers, yearlings 19.00-22.00; good heifers 22.50; medium 14.00-17.00; good cows 13.75-14.50; common, medium 11.00-13.50; good beef bulls 16.25-50.

Calves 3,200; vealers bulk good, choice 18.50-25.00; top choice 25.00.

Hogs 16,100; good, choice 160-300 lb. butchers 23.50; good, choice sows 20.50.

Lake Season Total Of Grains Given

WINNIPEG, (CP)—Shipments of grain from lakehead ports during the 1946 navigation seasons were 136,018,115 bushels of wheat and 53,803,415 bushels of oats to Canadian ports and 11,413,258 bushels of wheat and 2,202,968 bushels of oats to United States ports, a final report released by the board of grain commissioners disclosed.

Grand total of shipments during the season was 147,431,373 bushels of wheat and 56,006,383 bushels of oats.

Overseas wheat exports of 3,500,000 bushels more than tripled the previous week's small shipments of 1,100,000. Bringing the total for the current crop year to 64,700,000 bushels compared with 155,500,000 last year.

Total oats shipments for export during the current season were 12,100,000 bushels and 800,000 bushels for rye.

Pacific coast wheat stocks were reported at 5,600,000 bushels and in storage at Atlantic positions were 1,800,000.

Export clearances at the Pacific coast for the week totalled 1,900,000 bushels and Atlantic overseas clearances were 1,600,000.

Earnings Improve For Factory Work

OTTAWA, (CP)— Wages of hourly-rate workers in manufacturing showed improvement at last Nov. 1 as compared with Oct. 1 the dominion bureau of statistics reported.

Increases were shown in the number of wage-earners, aggregate hours worked, hourly pay and average weekly wages, according to figures obtained from 6,222 manufacturers.

The improvement, the bureau said resulted partly from the settlement of industrial disputes and partly from generally heightened industrial activity.

The hourly-rated wage-earners for the week ended Nov. 1 numbered 737,742, exceeded by 2.3 percent the total of 721,028 employed a month earlier. The hours worked advanced by 1.3 percent, from 30,916,228 to 31,313,794 in the week of Nov. 1, when the reported wages amounted to $22,774,798, higher by 3.1 percent than that disbursed by the same establishments in the week of Oct. 1. The payment of higher wage rates in a number of industries and establishments contributed materially to the increase recorded in the earnings.

ARGENTINA RAILWAYS

LONDON, (AP) — The Financial Times Thursday frontpaged a report from its Buenos Aires correspondent that "it is strangely rumored" there that an agreement may be reached in the Anglo-Argentine rail discussions.

The correspondent added he had been unable to ascertain whether the agreement would mean the outright purchase of British-owned railways by the Argentine state or the creation of a consortium.

News of an impending agreement created a renewed demand for debentures of Argentine railways in the stock exchange.

Newsprint Output Sets New Records

NEW YORK, (CP)— Newsprint production in Canada totalled 341,951 tons in December, 1946, contributing to a north American output of 430,420 tons for the highest level of any December on record, the newsprint service bureau reported.

North America output of newsprint paper in 1946 was 5,276,953 tons, of which 4,143,392 tons were produced in Canada, 770,890 tons in the United States and 362,671 tons in Newfoundland. The Canadian output was 27.1 percent greater than the 3,259,208 tons in 1945.

MONTREAL, (CP) Production and shipment of newsprint in Canada for 1946 hit record highs and production exceeded shipments by 7,142 tons, according to statistics released by the Newsprint Association of Canada. Shipments totalled 4,135,978 tons compared with 3,235,419 in the previous year, an increase of 27.8 percent or 900,559 tons.

Compared with 1938, the last peacetime year, production showed an advance of 1,518,312 tons or 57.9 percent, while shipments increased 64.3 percent or 1,619,982 tons from 1938's 2,515,996 tons.

NEW YORK STOCKS

NEW YORK, (AP) — Extreme recessions were continued Thursday but reduced or converted into plus signs near the close. Transfers expanded to about 1,100,000 shares.

In the rising section were N. Y. Central, Chrysler, General Motors, Sears Roebuck, General Electric. Laggards included Douglas Aircraft, International Nickel, Du Pont, and International paper.

Canadian issues were off with the main list. Dome Mines, Hiram Walker and Distillers Seagrams each were down ¼ at midday. C.P.R. lost ¼ and McIntyre ⅝.

The United States flaxseed crop is now estimated at 22,962,000 bushels, approximately 12 million bushels below the 1945 crop of 34,557,000 bushels.

Railway Earnings Continue Decline

OTTAWA, (CP)—Canada's railways earned $65,305,094 in October against $66,298,997 in the same month of 1945, the bureau of statistics reported.

Total income for the first 10 months of the year was $584,668,487 compared with $646,898,960 in the corresponding period of 1945.

October operating expenses increased to $54,201,481 from $54,105,514 in October, 1945.

Freight traffic in October was slightly below 1945, but freight revenues showed an increase of 6.9 percent. Passenger traffic declined 41.3 percent.

Number of railway employes declined from 173,387 in 1945 to 170,927. Total payroll, however, increased from $30,626,084 to $37,877,06[illegible]. Part of the increase was back pay and the remainder was the result of a raise in hourly rates granted retroactive to June 1.

JOLSON JOINS CROSBY

Recently famed as the subject of "The Jolson Story", Al Jolson is scheduled for a guest appearance on the new Bing Crosby show, tonight at 8:30 over CFRN. Jolson and Crosby will be singing several songs together.—Advt.

POPE PIUS XII ADDRESSES COLLEGE OF CARDINALS IN VATICAN CITY

TWENTY-TWO-YEAR-OLD GIRL HOLDS UP ST. LOUIS STORE WITH TOY PISTOL

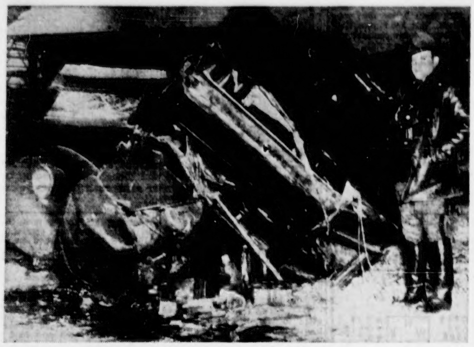
Copyright, 1947, by Acme Newspictures, Inc.

ENGLAND'S BEST—Horace H. F. Jayne, left, vice-director of New York City's Metropolitan Museum of Art, inspects a case of the $5,000,000 shipment of English paintings as they arrive at the Museum. They were loaned by King George VI of Great Britain. The paintings will be on exhibition beginning January 24.

NO ONE HURT—Firemen fight flames of a Northwest Airlines plane which crashed and burst into fire as it attempted to land at Chicago's Municipal Airport. All 37 passengers and a crew of four escaped without injury. A heavy snow fall hindered the big plane from making a smooth landing.

PAPAL MESSAGE—Pope Pius XII reads his message to the College of Cardinals and other religious and diplomatic representatives who journeyed to Vatican City to extend greetings in the hall of the Consistory. The Pontiff protested against Communism.

JAMES A. FARLEY ascends steps of New York's St. Thomas Church to attend the funeral services for the late Ogden Reid, publisher of the New York Herald Tribune. Farley, veteran leader in Democratic political circles, has virtually retired from active politics.



HIGHWAY WRECK FATAL TO THREE—State Highway Patrolman H. J. Cardwell stands beside the wreckage of a bus that overturned and crashed into a ditch when a front tire blew out on an Ohio highway near Wadsworth. Three persons died and 18 others were injured.

VETERAN DIES IN TRAIN WRECK—Locomotive fireman Earl F. Goelz, 23-year-old Coast Guard combat veteran who survived the battles of Iwo Jima and Okinawa, died when this locomotive was buried beneath tons of coal at Galatea, Ohio. The wreck involved two New York Central trains.

PRACTICAL USE FOR JEEP—Italians examine books on a mobile library in Rome, built by a Turin publishing firm from a jeep. The tiny vehicle cost 500,000 lire ($2,000). The firm purchased the jeep to revive the mobile bookshop which had been discontinued in Italy during the war.

WHEELER RETURNS TO LAW PRACTICE—Defeated for renomination in the Montana primary that preceded the November elections, veteran Senator Burton K. Wheeler, right, of Montana, opens law office in the capital with his son, Edward, left.

TOY GUN DID IT—Geraldine Coker, 22, holds dime store toy plastic pistol which police say she used to hold up a liquor store in St. Louis for the sum of $90. She was caught within a half block.

IT WON'T HAPPEN AGAIN—Although 27-month-old Robert Cunningham holds a mallet in his hand, it was his father, William Cunningham, who "baby-proofed" this laundry chute door. Bobby backed into the chute in his Cleveland home. It took a combination of parents and friends to pull him out.

SIMIAN STRAP-HANGER—Jocko's brief career as a rush hour strap-hanger is ended forever—by order of the Detroit Dept. of Street Railways. The monkey created a minor riot as he swung merrily from strap to strap on a crowded street car.

TRIO IN THE NIGHT—Jennifer Jones, flanked by Louis Jourdan, French film star, left, and producer David O. Selznick, enters Hollywood Egyptian Theatre to attend premiere of Selznick's "Duel in the Sun" in which Miss Jones stars.

By DOROTHY DIX

Mother Planning Spoil Marriages

Dear Miss Dix: An old friend of mine whose son was overseas for three years tells me that she will never let him marry. She admits the girl he was engaged to would make him a wonderful wife, but she phoned me to tell me that she had broken the engagement off and that now she is going to break up all of her married children's homes. She says that a mother should come first with her children, before their husbands and wives, and that she needs her children's money. She has eight children, some of them with children of their own, and inasmuch as they all help her, do you not think that she should be satisfied with that?

A PERPLEXED FRIEND ...

ANSWER: Breaking up a home is just as great a crime as committing murder. In the eyes of the Great Judge it may be a greater crime because it is a crueler one, for the slain man or woman may suffer only a few moments and then be at rest and peace, whereas the victim of the wrecked home may have to undergo the agony of a lifetime of having a broken heart.

HOW ANY woman can be mean enough and selfish enough to break up her married children's homes and to keep her children from marrying because she wants to enjoy a few more luxuries, or because she is so jealous that she cannot bear to have her children love anybody but herself, is beyond the comprehension of any decent-minded individual. Yet many women are guilty of this iniquity.

And why the children are weak enough to let Mother get in her dirty work, is as strange as why any mother can be so lacking in conscience as to be willing to buy her own pleasure at the price of her children's misery.

Anyhow, your friend doesn't seem to be carrying out her theory that the children's duty is to their mother above everyone else. For what is to become of the little grandchildren who are sacrificed to Grandma?

Dear Miss Dix: We wives, who are afflicted with husbands with roving eyes, do not suffer so much from jealousy as we do from humiliation. It is mortification that gets us down. We are so ashamed of the adolescent tricks.

I HAVE GIVEN up dining at public places with my husband because he can't make his eyes behave. I am quite sure that he is very fond of me, but that doesn't keep me from feeling like a crushed worm of the dust when, on catching sight of a pretty young thing, he gobbles his food and with elbows on table, chin cupped in hands, he stares in an adoring way at the cutie. In a restaurant, on the street, at the theatre, or in a car, it is the same program, and it makes me feel that I could creep into a nutshell.

As I said, I am not jealous, for my husband doesn't carry his amorous advances any farther, and my mortification is really chiefly for him because it certainly does make a middle-age man look ridiculous to be casting sheep's eyes at a girl young enough to be his daughter.

A HUMILIATED BUT NOT RESIGNED WIFE

ANSWER: The only cure for the ogler would be to see himself as others see him and realize what a laugh he gives the beholder, and as that can never happen the case is incurable. The best remedy that I can suggest is for you to cultivate a sense of humor and laugh at him, but one thing a woman never enjoys is a joke on her husband. She always wants to be proud of him, instead of humiliated by his acting like a crude boy who whistles and yoo-hoos at every pretty girl.

Dear Miss Dix: I am a married girl of 17, but I like to go out and have good times with other men. My husband is very good to me and I would hate to lose him because he gives me everything I want. Will you please give me advice as to whether I should stay with him, or leave him and go with other men?

E. B.

ANSWER: Depends on whether you want a short life and a merry one, or a long life and a happy and a safe one. A woman who flouts her marriage vows, who runs around with other men and drinks and carouses with them, may have a gay life for a few years while her beauty lasts, but her playtime is short. She will soon lose her good name, her good looks and her husband and a meal ticket. Figure it out for yourself and see if you think it is worth the price.

Bridge

By William E. McKenney

Players from almost every state in the Union, from Canada and the West Indies, participated in the winter national tournament held recently at the Hollywood Beach Hotel, Hollywood, Fla. All of the well-known names in bridge were on hand. Florida players gave a good account of themselves in the tournament.

Runner-up in the U. S. open individual championship was Lawrence Held of Coral Gables, Fla., who played today's hand.

In tournament bridge you do not have to bid a game or slam to win. As everyone plays the same hands, the important thing is to play them better than your competitors. This hand gave Held a top score and his contract was only one no trump.

He won the opening diamond with the ace when East put on the king. Then he played the seven of clubs and West went up with the ace. Another diamond was played back, dummy's ten-spot winning. Held then led the nine of hearts and took the finesse, which lost to West's ace.

It was about time that West started the spade suit, which he did now with the deuce. Dummy's ace won, the five of hearts was played and the ten-spot finessed. At this point Held led another club and won in dummy with the queen, played back a small club and finessed the ten-spot.

This might seem to be a risky play, but not to the expert. Held realized that if West had held the ace, jack and a small club, he would have played low on the first club trick instead of going in with the ace.

Two overtricks on the contract of one no trump was the best score in the room on this board.

Why Grow Old?

Gifts at any time of the year, says Josephine Lowman, are appropriate if they have real thought and meaning behind them. Actress **Jane Harker** gives such thought to this gift she is preparing for a friend.

By Josephine Lowman

I suppose his column really should have been written before Christmas and yet it may be more stimulating in thought now that the packages have been opened.

I LOVE THE fiesta and excitement of Christmas and yet I always discover a frustration in the midst of it because the selection of gifts for family and friends must, of necessity, be so limited and hurried. Some of them are so inappropriate that they are downright humorous. At best, we feel limited because we fail to find a gift which will give wings to the imagination and creativeness of our friend, or add some iota of meaning to his life.

Emerson expressed the whole thing mose succinctly when he said: "Compared with the good will I bear my friend, the benefit it is in my power to render him seems small. When I have attemped to join myself to others by services it proved an intellectual trick and no more. They eat your service like apples and leave you out. But love them and they feel you, and delight in you all the time!"

THE GIFTS WHICH have real meaning are those which are part of ourselves. When the poet sends a poem or the artist a painting, the gift takes on sheen. Unfortunately, most of us cannot do this but we might look our Christmas list over and give the people on it a little more love, a little more understanding, a little more sympathy and a little more gayety with which to light the dark corners of life.

With this kind of giving our year round Christmas list can grow and grow because it requires no money but just a little more thought, a slightly larger heart and a new outlook. Funny how the heart grows and the emotions become stronger with practice!

Your Baby and Mine

By Myrtle Meyer Eldred

There are no absolute rules about when food should be introduced into the diet of the young baby. There are guidelines to be followed. If the baby is a husky, hungry specimen, the probability is that he will be given food sooner than the weaker child who is having difficulty adjusting to a milk formula.

There are three possible types of feeding programs, the radical, the liberal and the conservative. Whichever pattern the mother follows she will give the bottle baby orange juice, or ascorbic acid, its substitute, by the third or fourth week of life. Also vitamin D will be given that early to all babies.

The very progressive pediatrician will advise strained vegetables or fruits as early as the eighth week. Fruits may work better than vegetables because babies like them better.

By the third month the baby will have cereal, and by the fifth month, meat and egg yolk. It may be that cereal will be the first food and then vegetables and fruits, but by the time the baby is six months old he will have had all of these foods in his diet.

The less radical program will begin with cereal the third month, vegetables the fourth, meat and fruits and egg yolk between the sixth and seventh.

Even this program may seem too advanced for the conservative who frowns on cereal before the sixth month, vegetables at seven months and the rest of the diet between them and the 12th month.

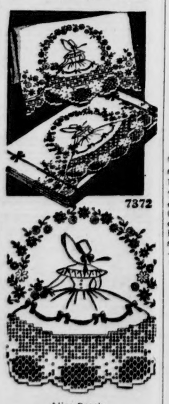
From my mail I am convinced that the second program is the popular one from end to end of the country. The first one needs and demands the personal advice of a pediatrician who will guide the mother when the baby spits up its orange juice or develops a rash from its cereal, which may happen when food is begun this early.

But the second program is a good one and by the third month babies are usually ready to eat and able to digest the new foods supplied them, provided each new food is begun in small quantities and increased gradually.

Our leaflet No. 22 "Formulas and Early Feeding," may be had by sending a stamped, self-addressed envelope with this request to Myrtle Meyer Eldred in care of **The Edmonton Bulletin.**

PLANNING MARRIAGE—Wedding bells for **Ella Raines**, 25, and **Major Robin Olds**, seen here will ring as soon as her motion picture commitments permit, the actress said in announcing their engagement in Hollywood. Miss Raines is divorced from Kenneth William Trout, an air transport pilot. Son of the late Maj.-Gen. Robert Olds, Major Olds is in the Army Air Corps.

For Dainty Linens



7372

Alice Brooks

Embroidery combined with filet crochet makes this hoop-skirted girl one of the daintiest designs for linen. Nice for guestroom sets.

Easy handwork, Pattern 7372 has transfer of a 6 x 20, two 4¾ x 14 inch motifs; crochet directions.

Our improved pattern — visual with easy-to-see charts and photos, and complete directions —makes needlework easy.

Elizabeth Woodward Says . . .

Here you are, a big girl now, fifteen going on sixteen, and you're waging the big fight with your mother over going out with the boys. You say "yes" and she says "no". And you can't understand why she's so unreasonable on the subject. She's so fair about most everything else. But she won't even weaken with a "maybe" on this subject. Her foot is down flat and hard, and you can't budge her.

Your girl friends all date, and it makes you boil to have to listen to their prattle, when you can't put out a word about your dates. You don't have dates.

WOODWARD

YOU QUOTE the year, month day and hour you were born to your mother. You compare your age with all your girl friends'. She just shrugs her shoulders. You ask her piteously, how much longer you must wait. And she answers that you have plenty of time for dates. You stoutly maintain that a girl your age should start now. Your mother just smiles. She's so aggravating.

It's a question of being ready to have dates. Some girls at fourteen are quite grown up. They know how to handle boys, know how to behave out on the town and are very responsible citizens. Other girls at seventeen or eighteen are still shy and awkward. They freeze up when they get with the boys. They say things they don't mean. They misinterpret things said to them. They don't handle their dates well at all. Boys scare them to death.

BUT HOW ABOUT you? Do the boys find you attractive? Do they spend a lot of time with you around school? Do they show any signs of considering you date material? Can you dance well? Can you talk easily with them? Are you fun to be with? If you're too young for all this, you're too young to have dates.

Have you ever asked her straight out why she doesn't want you to go with the boys? Especially when all the other girls in your crowd are allowed to have dates?

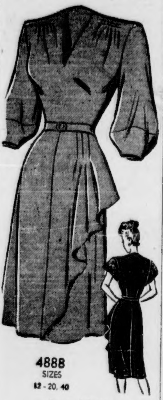
She may say it's because she doesn't know the boys you know. She doesn't know whether she wants you running around places with them. Maybe you could fix that if you'd give her a chance to get acquainted with them. Have them over to the house so she can meet them.

SHE MAY SAY it's because she doesn't like the places the girls in your crowd go on dates. If you could cook up some other excitement that she could approve of, maybe she'd let you do it. And she probably wouldn't have anything against your entertaining your boy friends in our own home.

Maybe you're chronically absent-minded and you have no sense of time whatsoever. She may say it's because you'd never know when to come home that she doesn't want you to start out. You could fix that too by winding your watch and keeping your strictest eye on it.

Your Mother may have perfectly good reasons for wanting you to wait for date complications until a little later. If you'll both keep wide-open minds when you talk it over . . . and keep your temper . . . you'll come nearer to understanding each other.

Good-Time Frock



4888
SIZES
12 - 20, 40

Anne Adams

Very chi-chi for teas and dates with that swish side-drape, that softness at the shoulders. Pattern 4888 gives you glamor! Use push-up sleeves or embroidered short caps.

Pattern 4888 comes in sizes 12, 14, 16, 18, 20; 40. Size 16 takes 3⅝ yards 39-inch fabric.

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

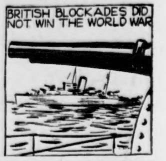
Send **TWENTY CENTS** (20c) in coins (stamps cannot be accepted) or this pattern. Print plainly **SIZE, NAME, ADDRESS, STYLE NUMBER.**

Send your order to **The Edmonton Bulletin**, Pattern Department, 60 Front Street, W. Toronto, 1-A Ont. Please allow a week or ten days for delivery.

Minute Make-Ups

A quick Minute-A-Day application of hand lotion will insure soft, smooth hands. Hold the hands UP while massaging on your lotion. Take one minute before "lights out" at night to massage your cuticle with vaseline. Take the same care of your feet. Massage the back of the heels to protect your sheer hosiery.

Debunker



BRITISH BLOCKADES DID NOT WIN THE WORLD WAR

The starvation of the German people by the effective British blockade during the 1914-18 World War has been much overrated, according to British experts and writers. The shortage of food was felt more by the civilians than the soldiers. The chief food shortage came after the war rather than during it. The blockade did not shatter German morale. This was done by soundly beating the German Army in the battlefield.

A forerunner of the internal combustion engine was a French model which ran by "inflammation of spirit of tar" as benzene was known in 1809.

Points for Parents

Mother: "Darling, you won't be afraid here without Mother, will you? See—the teacher is a nice lady and I'll be back soon. Be a good girl and don't cry any more. Kiss Mother goodbye, honey."

Mother: "I've told Jean all about the good times you have here . . . You remember Miss Jones, Jean? She was at our house for dinner the other day —and there are Mary and Ann waiting for you."

A small child's feeling of security in a new situation depends largely upon the way in which he has been prepared for it

Dominion Tells Steps Taken To Beat Material Shortages

NIAGARA FALLS, Ont., (CP)—The Canadian Construction association was told by a government spokesman Wednesday there was little doubt a target of 60,000 housing units for the year ending March 31, 1947, would be attained, but "very substantially-increased efforts will be necessary both in the production of building materials and supplies and in actual construction to better this total."

The association heard this from W. E. Uren, co-ordinator of building materials for the reconstruction department as he outlined government steps to meet the recommendations of the association's committee on materials.

A report was given by Robert Drummond of Toronto, head of the materials committee which was appointed a year ago by Reconstruction Minister Howe to study of the causes of shortages of building materials.

This, in brief, is a summary of the committee's recommendations and government action:

Committee: Surplus armed forces buildings should be dismantled and equipment salvaged, or they should be used for emergency shelter.

Government: A reclamation section went to work, War Assets Corporation expedited release and by Dec. 13, large quantities of reclaim- ' supplies were available.

Under emergency shelter, to the end of 1946, 3,670 family units were completed; 844 units were provided for veterans at universities.

Committee: Construction of theatres, dance halls and other amusement places ould be deferred and non-essential construction should be controlled.

Government: In late March, this responsibility fell upon the municipalities. Under priorities, control sees that materials are directed to government-approved housing projects, to veterans whose houses are 50-percent completed and to other essentials.

Committee: Cast iron soil pipe and fittings constituted the worst shorages. Prices should be increased enough to raise production from 24,000 to 30,000 tons a year.

Government: Study prompted a plan to foster increased production at operating plants. Price increases have been approved where needed; where possible, producers have been supplied with scrap and pig iron. In 1947, 45,000 tons will be needed. "We can see 35,000 tons and are doing everything possible to obtain the balance."

Committee: Every channel should be explored to make the best use of available steel, now under government control. Production in 1946 was probably considerably less than 1945.

Government: Immediate action taken by prohibiting export of steel pipe materials and exploring the use of substitutes. With strike settlements, production is gradually approaching capacity.

Committee: Annual production of cast iron enamelled and vitreous china plumbing fixtures should be upped 50 percent over estimated 1946 production.

Government: We will gradually reach the 50-percent increase by autumn.

Committee: Brick production in 1946 was probably 300,000,000 bricks. Betwen 450,000,000 and 500,00,000 will be needed annually for the next five years.

Government: Priority assistance given where possible covering specific requirements from producers.

Committee: In electrical materials, there are shortages in wire, conduit and fittings, wiring devices and fixtures. Canadian manufacturers, generally speaking, have sufficient potential capacity to meet housing and other requirements.

Government: In electrical wiring devices, measures have been taken to ensure a steady flow of materials and production should attain the necessary rate within the next two or three months.

Blame Altimeter For Airliner Crash

ENNIS, Eire, (AP)—A coroner investigating the Dec. 28 crash of the Trans-World Airlines plane Star of Cairo near Shannon airport, which resulted in 13 deaths, heard the captain and co-pilot of the ship blame the accident on a faulty altimeter at an inquest here Tuesday.

The captain, Herbert Tansey, testifying from a hospital bed where he is recovering from injuries which required the amputation of a leg, said his altimeter read 500 feet when the plane crashed.

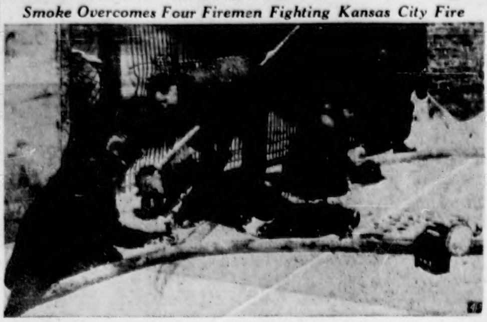
Smoke Overcomes Four Firemen Fighting Kansas City Fire



Four firemen fighting a noonday blaze in downtown Kansas City were overcome by dense smoke and collapsed in snow in an alley. An unidentified bystander is photographed bending over Fireman George Slyman as the men await arrival of medical aid. Left to right, the overcome firefighters are: Capt. Wally Parker, Slyman, Arthur Hite and Frank Kuhl. The fire did damage estimated at $10,000.

Urge Broadening Immigration Policy

WINNIPEG, (CP)—G. R. Rowe, Brandon school principal, was unanimously elected president of the Manitoba Liberal Progressive association at its convention here Tuesday.

A resolution urging a more liberal immigration policy was approved, with special reference to the admission of displaced persons on humanitarian grounds.

The convention expressed concern over the number of trained men and women leaving Canada and urged that the dominion government make surveys to ensure as far as possible that these persons are given an opportunity to exercise their talents at home.

NUERNBERG, Germany, (AP)—Franz von Papen, Geman diplomat acquitted of war crimes charges by the international tribunal, will go on trial before a German deNazification court in Nuernberg Jan. 24, it was announced Tuesday.

Venezuela plans to spend $10,000,000 a year on low-cost housing for four years, beginning in 1947.

N.Z. Paper Raps Canada's Actions

AUCKLAND, N.Z., (CP) — The New Zealand Herald, in an editorial says "recent constitutional and political developments in Canada cannot easily be reconciled with the hope that the oldest and wealthiest dominion may yet exert her full strength and influence in the closer integration of the Empire.

"A few days ago the Canadian Citizenship act became law. Under its provisions full benefits of Canadian citizenship will be restricted to native-born and British subjects domiciled in Canada at Jan. 1. Other British citizens aspiring to those rights must qualify through a probationary period of five years. It is an invidious distinction through which Canadians appear to contend they are with the Empire but not of it.

"Similarly, Canada's reserving to itself the right to constitute its own supreme court as the final court of appeal within the dominion. The legal wisdom, authority and prestige of the privy council can be jettisoned on the most narrow, national grounds.

"Now the Rt. Hon. Louis St. Laurent, minister of external affairs, argues that no formal terms or specific commitments should govern his country's acceptance of partnership in the British Commonwealth—at a time when his country seeks ever-increasing formality and definition in its insistence of Canada's independent nationhood.

"Perhaps the most disturbing admission was that of a leading Quebec newspaper which, in welcoming the new citizenship laws, stated, 'England no longer enjoys quite the same prestige.' Tendencies toward separatism on the part of any of the dominions can do nothing to restore that prestige. They must react to the detriment not only of the Empire as a constitutional entity, but also of every individual partner in the most effective league and union of nations the world has yet known."

Drought and lack of fertilizer cut Greece's 1945 fig crop by on-fourth.
